ARLINGTON TOWN RECORDS FOR THE MUNICIPAL YEAR 1913.

TOWN WARRANT.

COMMONWEALTH OF MASSACHUSETTS. MIDDLESEX, ss.

To either of the Constables of the town of Arlington, in said County.

GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Arlington, qualified as the Constitution requires, to vote in elections and town affairs, to assemble in the Town Hall, in said Town, Monday, the third day of March, 1913, at 6.00 o'clock A.M., then and there to act on the following articles, viz.:

ARTICLE 1. To choose a moderator to preside at said meeting.

ART. 2. To elect by ballot the following town officers: a Town Clerk, for one year; a Town Treasurer, for one year; a Town Collector, for one year; an Auditor, for one year; three Selectmen, for one year; three members of the Board of Public Works, for one year; one Assessor, for three years; three members of the School Committee, for three years; one member of the Board of Trustees of the Pratt Fund, for five years; one member of the Board of Commissioners of the Sinking Fund, for three years; two Trustees of the Robbins Library, for three years; one Cemetary Commissioner, for three years; five Constables, for one year; one Park Commissioner, for three years; one member of the Board of Health, for three years; one Tree Warden, for one year. Also to choose or appoint all the other usual Town officers, in such manner as the Town may determine. Also, upon the same ballot to vote "Yes" or "No" upon the question, "Shall licenses be granted for the sale of intoxicating liquors in this Town?" For these purposes the polls will be opened as soon as possible after the organization of the meeting and kept open until 5.00 o'clock P.M.

ART. 3. To hear and act on the reports of the Selectmen and other Town Officers and Committees heretofore appointed.

Art. 4. To make an appropriation for the Robbins Library for the ensuing year.

Art. 5. To make an appropriation for the Public Schools for the ensuing year, and determine in what manner the same shall be expended.

Art. 6. To determine in what manner the town ways, highways, and bridges shall be repaired the ensuing year.

Art. 7. To determine what sum of money the Town shall raise by general tax, to defray Town expenses, interest, debt and State Aid, and make an appropriation for the same.

Art. 8. To see if the Town will appoint the Selectmen agents of the Town, to institute and prosecute in favor of the Town, and appear and defend suits and legal proceedings against or involving the interests of the Town, with power to employ counsel therein and when necessary, in all other legal matters and business appertaining to Town affairs during the year commencing March 1, 1913.

Art. 9. To see what action the Town will take in relation to the appointment of a Committee of Twenty-one for the ensuing year.

Art. 10. To see if the Town will appropriate the sum of $275 for the proper observance of Memorial Day, the same to be expended under the direction of Francis Gould Post 36, G. A. R.

Art. 11. To see if the Town will appropriate $7000, in accordance with the vote passed December 6, 1904, for water used for fire hydrants, street watering and public buildings for the ensuing year.

Art. 12. To see what action the Town will take in regard to extension of water mains, make an appropriation for the same, and determine in what manner the money shall be raised.

Art. 13. To see if the Town will make an appropriation for the construction and repair of permanent sidewalks.

Art. 14. To see if the Town will make an appropriation for the maintenance of the Sewerage System for the ensuing year, and determine in what manner the money shall be raised.

Art. 15. To see if the town will make an appropriation for the extension of the Sewerage System for the ensuing year, and determine in what manner the money shall be raised.

ART. 16. To see if the Town will make an appropriation for the use of the Highway Division, and determine in what manner the money shall be raised.

ART. 17. To see if the Town will make an appropriation for street watering and for the use of treatment for the prevention of dust, and determine in what manner the money shall be raised.

ART. 18. To see if the Town will make an appropriation for street lighting.

ART. 19. To see if the Town will vote to authorize its Collector of Taxes to use all means of collecting taxes for the year 1913, which a Town Treasurer may use when appointed a Collector of Taxes.

ART. 20. To see if the Town will make an appropriation of $300 to continue the work of establishing the block system for the use of the Board of Assessors, the same to be expended under the direction of the Assessors.

ART. 21. To see if the Town will make an additional appropriation to be expended from November 30, 1912, and for the twelve months next ensuing, for suppressing the gypsy and brown-tail moths, in accordance with the provision of Chapter 381, Acts of 1905, and Amendments thereto, and determine in what manner the money shall be raised.

ART. 22. To see if the Town will authorize the Town Treasurer, under the direction of the Selectmen, to borrow money for any necessary purpose in anticipation of taxes for the year 1913, the same to be repaid directly from the proceeds of said taxes.

ART. 23. To see if the Town will acquire by purchase or otherwise a strip of land fifty feet wide across private estates, between Medford Street, at West Medford Bridge, and the corner of Mystic and Summer Streets, as shown on plan on file with the Town Engineer, said land to be used for boulevard purposes, make an appropriation therefor, or take any action thereon.

(Inserted at the request of the Park Commissioners.)

ART. 24. To see if the Town will take additional land at the Chestnut Street entrance to Meadow Brook Park, as

shown on plans on file with the Town Engineer, make an appropriation therefor, or take any action thereon.

(Inserted at the request of the Park Commissioners.)

ART. 25. To see if the Town will construct a twenty-foot driveway through Menotomy Rocks Park, following the present walk between Jason Street and Spring Street, make an appropriation for the same, or take any action thereon.

(Insert at the request of H. A. Phinney and others.)

ART. 26. To see if the Town will appoint a Committee to study the subject of playgrounds for the Locke, Cutler and Crosby School Districts, with instructions to report at the next Town meeting.

(Inserted at the request of the Arlington Civic League.)

ART. 27. To see if the Town will make appropriations for the purpose of making deposits to secure options on such parcels of land as a Committee appointed, under Article 26 of this Warrant, may select, or take any action thereon.

(Inserted at the request of the Arlington Civic League.)

ART. 28. To see if the Town will instruct the Town Clerk to have printed a list of all officers elected or appointed on and after March 3, 1913, and mailed to each voter in the Town on or before April 1, 1913, and to take such action as may be necessary to carry out such instructions, or take any action thereon.

(Inserted at the request of the Arlington Civic League.)

ART. 29. To see if the Town will make an appropriation for the purpose of connecting the Spy Pond Grand Stand sanitary with the sewer and water service of the Town, or take any action thereon.

(Inserted at the request of Arthur Birch and others.)

ART. 30. To see if the Town will make an appropriation for the extension of the Storm Water Drain System for the ensuing year, and determine in what manner the money shall be raised.

ART. 31. To see if the Town will appropriate the sum of one hundred dollars ($100) to pay the land damages on the property of Ella J. Langley, occasioned by the widening of Mystic Street, as ordered by the County Commissioners.

ART. 32. To see if the Town will appoint a Committee

representing the various organizations and interests of the Town to procure such data, pertaining to the historical, business, social and fraternal features of the Town as will be of interest to future generations, said data to be placed in a strong box in the new Town Hall, make an appropriation for the procuring of such a box, or take any action thereon.

ART. 33. To see if the Town will vote to accept the provisions of Chapter 327 of the Acts of 1904, being an "Act relative to the pensioning of members of the Police and Fire Departments," and make an appropriation therefor.

ART. 34. To see if the Town will make an appropriation for pensions for laborers, in accordance with the Act accepted by the Town in November, 1912.

ART. 35. To see if the Town will authorize the Town Treasurer to reimburse John A. Easton, Trustee for Helen Ross Lehmman, for taxes erroneously paid to the Town, make an appropriation therefor, or take any action thereon.

ART. 36. To see if the Town will make an appropriation to carry out such recommendations of the Committee of Topographical Survey as the Town may adopt.

ART. 37. To see if the Town will adopt the provisions of Section 103 of Chapter 48 of the Revised Laws, being an "Act relative to the establishment of building lines within the limits of the town."

ART. 38. To see if the Town will make an appropriation for new electric light poles to be installed on Massachusetts Avenue, between Pleasant and Academy Streets, and for the grading of grounds between the Library Building and the First Parish (Unitarian) church, or take any action thereon.

ART. 39. To see if the Town will make an appropriation for the construction of Gray Street, as accepted by the Town November 20, 1911, the sum so appropriated to include land damages necessary for such construction, and to determine in what manner the money shall be raised.

ART. 40. To see if the Town will make an appropriation for the extermination of insects other than gypsy and brown-tail moths, determine in what manner the money shall be raised to take any action thereon.

ART. 41. To see if the Town will make an appropriation

in addition to the $12,000 appropriated at the Town Meeting, held November 19, 1912, for the purchase of a site for a new High School Building, determine in what manner the money shall be raised, or take any action thereon.

Art. 42. To appropriate and raise, by borrowing or otherwise, such sum or sums of money as may be necessary for all or any of the purposes mentioned in the foregoing articles.

Hereof, fail not, and make due return of this warrant with your doings thereon, to the Selectmen, on or before said day and hour of meeting.

Given under our hands at said Arlington, this seventeenth day of February in the year of our Lord one thousand nine hundred and thirteen.

FRANK V. NOYES,
HERBERT W. RAWSON,
JACOB BITZER,
Selectmen of the Town of Arlington.

Constable's Return.

Arlington, March 1, 1913.

Middlesex County.

By virtue of this Warrant I have notified and warned the inhabitants of the Town of Arlington, qualified to vote in elections and town affairs, to meet at the time and place, and for the purposes herein named, by causing a printed attested copy of the same to be left at every dwelling house in the Town, and also by posting an attested copy of said Warrant on the door of the Town Hall in said Arlington, seven days at least before said day of meeting.

GARRITT BARRY, *Constable of Arlington.*

In pursuance of the foregoing Warrant the inhabitants of the Town of Arlington, qualified to vote in elections and Town affairs, met in the Town Hall, in said Arlington, on Monday, the third day of March, in the year one thousand nine hundred and thirteen, and were called to order at six o'clock in the morning by the Town Clerk, who read articles one

and two of the Warrant calling the meeting, and the return thereon of the Constable who served the same upon the inhabitants.

By unanimous consent the reading of the remaining articles in the Warrant was postponed until the adjourned meeting.

Article 1 taken up. (Choice of Moderator.)

John G. Brackett was unanimously elected Moderator and was sworn to the faithful performance of his duties by the Town Clerk.

Article 2 taken up. (Election of Town Officers.)

The following ballot clerks and tellers, having been appointed by the Selectmen, were sworn to the faithful performance of their duties and assigned as follows:

Ballot Clerks — A to L: Daniel M. Daley, Henry K. Brown. M to Z: Jean Dennett, Henry Scannell.

Inspectors — Left: Thomas J. Doherty, John J. Donahue. Right: Frank F. Russell, William P. Slattery.

At Ballot Box — A to L: William D. Grannan, Charles P. Ladd, Jr. M to Z: George C. Tewksbury, Frank Y. Wellington.

Tellers — Joseph J. Duffy, Roger Dunbar, Frank E. Callahan, Clarence G. Parsons, Chester Hoyt, Frank A. O'Brien, Michael F. Horrigan and Frank B. Records, Jr.

Special — George McK. Richardson, James W. Baston.

A sealed package of ballots was then delivered to the Moderator, who publicly broke the seal and delivered the ballots to the ballot clerks.

A package of women's ballots was also delivered to the ballot clerks.

A list of registered voters, both men and women, was supplied by the registrars of voters to the ballot clerks and checkers at the ballot box.

Cards of instructions and penalties on voters were posted in prominent places, as were also specimen ballots, as required by law.

Complying with the laws of the Commonwealth governing elections, the Town Hall was fitted up as a polling place, a space railed off, and booths and shelves provided for the use of the voters, to examine and mark their ballots.

The ballot box was examined by the Moderator and Town

Clerk and was found to be empty and the register set at zero. The keys were then delivered into the custody of Constable John Duffy, and remained in his custody until the close of the meeting.

The polls were declared open for the reception of votes for Town offices at five (5) minutes after six in the morning and remained open until five (5) o'clock in the afternoon, at which time, after due notice, they were declared closed.

The ballot box was, by unanimous consent, opened at various times during the day for the purpose of removing ballots to be counted, as follows:

At 8.00 o'clock ballot box number 1 registered 196. Ballot box number 2 registered 141. Total, 337.

At 9.00 o'clock ballot box number 1 registered 312. Ballot box number 2 registered 239. Total 551.

At 10.00 o'clock ballot box number 1 registered 344. Ballot box number 2 registered 271. Total, 615.

At 11.00 o'clock ballot box number 1 registered 400. Ballot box number 2 registered 307. Total, 707.

At 12.00 o'clock ballot box number 1 registered 420. Ballot box number 2 registered 342. Total, 762.

At 1.00 o'clock ballot box number 1 registered 478. Ballot box number 2 registered 400. Total, 878.

At 2.00 o'clock ballot box number 1 registered 547. Ballot box number 2 registered 453. Total, 1000.

At 3.00 o'clock ballot box number 1 registered 613. Ballot box number 2 registered 504. Total, 1117.

At the close of the polls ballot box number 1 registered seven hundred and one (701), and ballot box number 2 registered five hundred and seventy-eight (578). Total, twelve hundred seventy-nine (1279), six of which were women's votes, leaving the total number of men voting, twelve hundred and seventy-three (1273).

The names checked at the ballot box and those checked by the ballot clerks were counted and found to agree with the number registered by the ballot boxes, twelve hundred seventy-nine (1279).

The ballots not used were enclosed in a package, sealed and delivered to the Town Clerk.

The ballots cast were then canvassed by the Moderator, Town Clerk and Tellers, and declaration made thereof at thirty minutes after six o'clock, as follows:

Whole number of men's ballots cast 1273.

Whole number of women's ballots cast 6.

Total number of votes cast 1279.

Town Clerk for one year.

Thomas F. Priest had eight hundred forty-seven (847) votes and was declared elected. Sworn March 4.

Thomas O. D. Urquhart had seven hundred forty-five (745) votes and was declared elected. Sworn March 6. Blanks two thousand sixty-four (2064).

On the question "Shall licenses be granted for the sale of

intoxicating liquors in this Town?" two hundred ninety-two (292) voted "Yes" and seven hundred eighty-seven (787) voted "No," and declaration was made that the Town had voted that no licenses be granted for the sale of intoxicating liquors in the Town during the ensuing year. Blanks one hundred ninety-four (194).

The following officers were then nominated and elected to the office and for the term stated, as follows:

Fence Viewers for one year.

Max H. Meyer, James R. Mann.

Field Drivers.

Thomas O. D. Urquhart, Daniel M. Hooley, Garritt Barry, John Duffy, F. Joseph Cahalin, Andrew Irwin, Thomas F. Priest, George T. Woolley, Edwin C. Jacobs.

Measurers of Wood and Bark.

Charles F. Donahue, Edward C. Davis, Patrick F. Brosnahan, Edmund L. Curtis.

Fish Preserver.

Everett S. Chapman.

Voted: On motion of Jacob Bitzer that when this meeting adjourns it adjourn to meet in the Town Hall on Tuesday, the eighteenth day of March, 1913, at thirty minutes after seven o'clock.

Meeting adjourned at thirty minutes after six o'clock.

A true Record. Attest:

THOMAS J. ROBINSON, *Town Clerk.*

Arlington, March 4, 1913.

I hereby certify that I have this day appointed Edna C. Pierce Assistant Town Clerk, and that she has taken the oath required by Chapter 25, Section 62, of the Revised Laws, for the faithful performance of her duties.

THOMAS J. ROBINSON, *Town Clerk.*

Arlington, March 18, 1913.

Pursuant to adjournment the citizens of Arlington qualified to vote in elections and Town affairs met in the Town Hall, in

said Arlington, Tuesday the eighteenth day of March, and were called to order at thirty minutes after seven o'clock in the evening by the Moderator, John G. Brackett.

Voted: That the reading of the articles in the warrant not read at the meeting March 3 be dispensed with.

On motion of Frank V. Noyes, Chairman of the Board of Selectmen, the following articles were taken up and acted upon.

Article 6 taken up. (Repairs on Town ways, etc.)

Voted: That the Town ways, highways and bridges be repaired during the ensuing year under the direction of the Board of Public Works.

Article 8 taken up. (Selectmen agents of the Town.)

Voted: That the Selectmen be appointed agents of the Town, to institute and prosecute actions in favor of the Town, and appear and defend suits and legal proceedings against or involving the interests of the Town, with power to employ counsel therein, and, when necessary, in all other legal matters and business appertaining to town affairs, during the year commencing March 3, 1913.

Article 19 taken up. (Authority of Collector of Taxes.)

Voted: That the Collector of Taxes be authorized to use all means of collecting taxes for the year 1913, which a Town Treasurer may use when appointed a Collector of Taxes.

Article 22 taken up. (Treasurer to borrow money.)

Voted (by a two-thirds vote): That for the purpose of procuring a temporary loan to and for the Town of Arlington, in anticipation of taxes for the municipal year 1913, the Town Treasurer is hereby authorized and directed to borrow, on and after January 1, 1913, from time to time, with the approval of the Selectmen, a sum or sums, in the aggregate not exceeding one hundred fifty thousand (150,000) dollars, and to execute and deliver therefor the note or notes of the Town issued in accordance with and conforming to the requirements of Chapter 616 of the Acts of 1910, payable within one year from the time the loan is made. Any debt or debts incurred by a loan or loans to the Town under this vote shall be paid from the taxes of said municipal year.

Article 3 taken up. (Reports of Committees.)

Frank W. Hodgdon, Chairman of the Committee of Twenty-

one, presented a partial report of said Committee in printed form, and these reports were distributed to the citizens assembled. It was

Voted: That the partial report of the Committee be received. Article 3 was then laid on the table.

Article 41 taken up. (Additional appropriation for High School site.)

Mr. Hodgdon for the Committee of Twenty-one presented the views of the Committee on the various proposed sites and offered the following report of the Committee:

The Committee of Twenty-one has given careful consideration to the subject of securing a lot for a new High School building, has listened to the statements of the Selectmen, School Committee, Building Committee, and others, and is of the opinion that it is inexpedient to make an appropriation for the purchase of a lot in the so-called Academy Street-Jason Street location, owing to the small size of the proposed lot and its high cost.

Mr. Hodgdon then presented the following motion:

That the subject matter of this Article be referred back to the Selectmen, and that they be instructed to proceed with the selection and purchase of a new high school lot in the manner provided in the vote of November 19, 1912, at a cost not exceeding $15,000.

That the sum of $12,000 borrowed under the said vote of November 19, 1912, and now in the Town Treasury, be appropriated towards the payment for the lot purchased as above authorized, and the balance of the purchase price, not exceeding $3000, be borrowed; and for this purpose the Town issue six negotiable notes or bonds, each for the sum of $500, one payable in the year 1914 and one in each of the five (5) succeeding years, bearing interest at a rate not exceeding four per cent per annum, all to be issued in accordance with the provisions of Chapter 616, Acts of 1910.

Alton F. Tupper, Chairman of the School Committee, then offered the following substitute motion:

That the Selectmen be authorized and directed to select a site on Academy Street, suitable for a high school building, to accommodate not less than six hundred (600) pupils, embracing

the Cotting and Gage lots, and such additional land in the rear of said lots as they may deem necessary for the purpose; said additional land to be triangular in shape and running back to a depth of sixty-five (65) feet at the most easterly side and extending the entire length of the rear of said lots; and that the Selectmen report at the next adjourned town meeting the amount of land selected and the probable cost thereof, and the appropriation needed to purchase the same.

The various sites mentioned and the whole subject was then discussed by Messrs. Hodgdon, Tupper, Peck, Moore, Hilliard, Bailey, Taylor, Bisbee and Noyes.

The question being called for, the Moderator put the question on the substitute motion as offered by Mr. Tupper.

This motion was declared lost by the Moderator.

The question then came on the motions as recommended by the Committee of Twenty-one, and it was

Voted: That the subject matter of this Article be referred back to the Selectmen, and that they be instructed to proceed with the selection and purchase of a new high school lot in the manner provided in the vote of November 19, 1912, but at a cost not exceeding $15,000.

Voted (by a two-thirds vote): That the sum of $12,000, borrowed under the said vote of November 19, 1912, and now in the Town Treasury, be appropriated towards the payment for the lot purchased as above authorized and the balance of the purchase price, not exceeding $3000, be borrowed, and for this purpose the Town issue six (6) negotiable notes or bonds, each for the sum of $500, one payable in the year 1914, and one in each of the five (5) succeeding years, bearing interest at a rate not exceeding four (4) per cent per annum, all to be issued in accordance with the provisions of Chapter 616, Acts of 1910.

Voted (on motion of Frank W. Hodgdon): That the Moderator of this meeting be authorized to fill the vacancy in the Building Committee of the proposed new High School Building occasioned by the resignation of George W. Chickering. The Moderator appointed Francis L. Maguire to fill the vacancy on said committee.

Voted: That when this meeting adjourns it adjourn to meet

in Town Hall, Monday evening, March 31, 1913, at 7.30 o'clock. Meeting adjourned at 9.40 P.M.

Arlington, March 18, 1913.

We, the undersigned Constables of the Town of Arlington, appointed by the Selectmen to have charge of the incoming and outgoing turnstiles at the Town Meeting held this date, on oath depose and say that 347 voters attended said meeting. This result was determined by deducting from the total number entering the hall the total number leaving the hall during said meeting.

(Signed) JOHN DUFFY,
CHARLES F. DONAHUE,
Constables of Arlington.

A true record of the meeting. Attest:
THOMAS J. ROBINSON, *Town Clerk.*

ADJOURNED TOWN MEETING MARCH 31, 1913.

Arlington, March 31, 1913.

Pursuant to adjournment the citizens of Arlington, qualified to vote in elections and town affairs, met in the Town Hall on Monday the 31st day of March, 1913, and were called to order at thirty minutes after seven o'clock in the evening, by the Moderator, John G. Brackett.

Article 3, which had been laid on the table at the adjourned meeting held on March 18, 1913, was, on motion of Frank W. Hodgdon, taken from the table.

Mr. Hodgdon then presented the full report of the Committee of Twenty-one, to whom all articles in the warrant calling for an appropriation had been referred, in printed form, and it was

Voted: That the report of the Committee, as presented to the meeting in its printed form, be received by the meeting. Report filed.

Article 3 was then laid upon the table.

On motion of Frank W. Hodgdon, Chairman of the Committee of Twenty-one it was then

Voted: That the various articles in the warrant, calling for an appropriation, be now taken up, and that the recommendations of the Committee of Twenty-one, under the articles

in their report, be considered as now before the meeting, to be voted on without further motion, separately, and in the order in which they appear in said report.

Article 4 taken up. (Appropriation for Robbins Library.)

Voted: That there be appropriated the sum of four thousand (4000) dollars in addition to the dog tax and the receipts for fines and the sale of catalogues, for the maintenance of the Robbins Library, for the year 1913; the same to be expended under the direction of its Trustees.

Article 5 taken up. (Appropriation for schools.)

Voted: That the sum of $85,900 be appropriated for the Public Schools for the year 1913, $1200 to be expended for general repairs on school buildings, including unpaid bills, $700 to be expended for the maintenance of the Spy Pond Athletic Field and the balance to be expended for the maintenance of said schools and the payment of unpaid bills; the same to be expended under the direction of the School Committee.

Article 10 taken up. (Memorial Day.)

Voted: That the sum of two hundred seventy-five (275) dollars be appropriated for the proper observance of Memorial Day; the same to be paid to the Quartermaster of Francis Gould Post and to be expended under the direction of officers of Francis Gould Post 36, G. A. R.

Article 11 taken up. (Water for hydrants, etc.)

Voted: That the sum of seven thousand (7000) dollars be appropriated and paid to the Water Works Department for water used for fire hydrants, street watering and public buildings during the year 1913.

Article 12 taken up. (Extension of Water Mains.)

Voted (by a two-thirds vote): That a sum not exceeding fifteen thousand (15,000) dollars be appropriated for the extension of water mains; that $5000 be raised by general tax the present year; and for the purpose of raising the balance of said sum five notes of the Town be issued, each for the sum of $2000, payable one in the year 1914 and one in each succeeding year until all are paid. The said loan shall be issued in accordance with the provisions of Chapter 616 of the Acts of 1910, be designated on the face thereof "Water Loan of 1913," and bear interest

at a rate not exceeding four and one-quarter per cent per annum, payable semi-annually.

Article 13 taken up. (Sidewalk appropriation.)

Voted: That the sum of $1000 be appropriated for the purpose of extending permanent sidewalk on the north side of Massachusetts Avenue from the end of the present permanent sidewalk at Forest Street towards Arlington Heights Car Barns; and that the sum of $1300 be appropriated for the extension of other permanent sidewalks on Massachusetts Avenue, the above extensions to be carried out under the Sidewalk Act, Section 43 of Chapter 49 of the Revised Laws; and that the sum of $1700 be appropriated for renewal and extension of other permanent sidewalks not less than $1200 of the latter amount to be used for extensions carried out under the Sidewalk Act, Section 43 of Chapter 49 of the Revised Laws.

Article 14 taken up. (Appropriation for Sewerage System.)

Voted: That the sum of $1500 be appropriated for the maintenance of the Sewerage System for the ensuing year; said sum to be taken from Sewer Assessment Collections.

Article 15 taken up. (Extension of Sewer System.)

Voted: That the sum of $8319.53 be appropriated for the extension of the Sewerage System; $5319.53 of said sum to be taken from the Sewer Assessment Collections; and that the balance of $3000 be raised by general tax the present year.

Article 16 taken up. (Appropriation for Highway Department.)

Voted: That the sum of $42,500 be appropriated for the maintenance and construction of highways during the ensuing year, and for payment of unpaid bills, and that the street railway tax now in the Treasury, amounting to $18,654.77, be hereby appropriated towards the payment thereof, and that the balance of $23,845.23 be raised by general tax.

Article 17 taken up. (Street watering appropriation.)

Voted (by a two-thirds vote): That an appropriation of $5000 be made for street sprinkling or treatment for the prevention of dust on streets; that $2000 of said sum be raised by general tax and the balance of $3000 be raised by note of the Town for a term not exceeding one year, signed by the Treasurer, and countersigned by the Selectmen, and the

receipts from assessments levied in 1913 for street sprinkling or treatment for the prevention of dust be hereby appropriated toward the payment of said note.

Article 18 taken up. (Street Lighting appropriation.)

Voted: That the sum of $10,750 be appropriated for street lighting for the ensuing year.

Article 20 taken up. (Appropriation for block system.)

Voted: That the sum of $300 in addition to the unexpended balance of $91.82 be appropriated to continue the work of establishing the block system for the use of the Board of Assessors; the same to be expended under the direction of the Assessors.

Article 21 taken up. (Additional appropriation for Gypsy Moths.)

Voted: That in addition to the sum already appropriated, the sum of forty-five hundred (4500) dollars be appropriated to be expended during the year ending November 30, 1913, under the direction and control of the Selectmen, in suppressing the gypsy and brown-tail moths in the Town of Arlington, in accordance with the provisions of Chapter 381 of the Acts of 1905, and Amendments thereto.

Article 23 taken up. (Acquisition of land through Meadow Brook Park.)

Voted: That no appropriation be made under Article 23, and that the subject matter of this Article be referred to the Park Commissioners, with the request that they confer with the Metropolitan Park Commissioners and obtain such options as they mutually agree upon on land needed for boulevard purposes, and report to a future Town Meeting.

Article 24 taken up. (Additional land on Chestnut Street to Meadow Brook Park.)

Voted: That no action be taken under this article.

Article 25 taken up. (Driveway through Menotomy Rocks Park.)

Voted: That no action be taken under this article.

Article 27 taken up. (Options on lands for playgrounds.)

Voted: That no action be taken under this article.

Article 29 taken up. (Spy Pond Grand Stand.)

Voted: That the sum of $200 be appropriated for the purpose

of connecting the Spy Pond Grand Stand Sanitary with the sewer and water service of the Town.

Article 30 taken up. (Appropriations for Storm Drains.)

Voted: That the sum of twenty-five hundred (2500) dollars be appropriated for the construction of storm water drains.

Article 31 taken up. (Langley land damages.)

Voted: That the sum of one hundred (100) dollars be appropriated to pay the land damages on the property of Ella J. Langley, occasioned by the widening of Mystic Street, the same to be paid under the direction of the Selectmen.

Article 32 taken up. (Data to be placed in strong-box in new Town Hall.)

Voted: That a Committee of Three be appointed representing the various organizations and interest of the Town, to procure such data pertaining to the historical, business, social and fraternal features of the Town as will be of interest to future generations, said data to be placed in a strong-box in the new Town Hall, and that the sum of one hundred (100) dollars be appropriated for the purchase and installation of such strong-box.

The Moderator appointed the following citizens to serve on this Committee: John R. Foster, James P. Parmenter and Cyrus E. Dallin.

Article 33 taken up. (Acceptance of Chapter 327 of the Acts of 1904, relative to pensioning permanent members of the Police and Fire Departments.)

The Committee recommended and it was so

Voted: That no appropriation be made under this article, the amount necessary, in the event of the acceptance by the Town of this Act, to be taken from the Department Account of which the person pensioned is a member.

The question then came on the acceptance of the Act and on a rising vote the Moderator declared and ordered it so recorded that the Town had accepted, by a two-thirds vote, the provisions of Chapter 327 of the Acts of 1904, being an "Act relative to the pensioning of members of the Police and Fire Departments" of the Town.

Article 34 taken up. (Appropriation for pensions for laborers.)

The Committee of Twenty-one recommended and it was so

Voted: That no appropriation be made under this article, and that pensions of laborers should be taken from the appropriations of the departments for which the pensioned labored.

Article 35 taken up. (Reimbursement to Helen R. Lehmman.)

Voted: That the sum of twelve (12) dollars be appropriated to reimburse John A. Easton, Trustee for Helen Ross Lehmman, for taxes erroneously paid to the Town; the same to be paid under the direction of the Town Treasurer.

Article 36 taken up. (Appropriation for Topographical Survey Committee.)

Voted: That the sum of twenty-five hundred (2500) dollars be appropriated for the purpose of carrying out the recommendations of the Committee on Topographical Survey, the same to be expended under the direction of said Committee.

Article 38 taken up. (Electric Light poles on Massachusetts Avenue.)

Voted: That the sum of one thousand (1000) dollars be appropriated for new electric light poles to be installed on Massachusetts Avenue between Pleasant and Academy Streets, and for the grading of grounds between the Library Building and the First Parish (Unitarian) Church.

Article 39 taken up. (Appropriation for Gray Street Extension.)

Voted (by a two-thirds vote): That the sum of ten thousand (10,000) dollars be appropriated for the construction of Gray Street from Mt. Vernon Street to Oakland Avenue, as laid out and accepted by the Town, November 20, 1911, and the payment of the damages occasioned by said laying out and construction; $5000 of said sum to be raised by general tax the present year, and the balance, $5000, be raised by note of the Town for a term not exceeding one year, signed by the Treasurer and approved by the Selectmen.

Article 40 taken up. (Insect extermination.)

Voted: That the sum of one thousand (1000) dollars be appropriated for the extermination of insects other than gypsy and brown-tail moths, and for the general care of trees; the same to be expended under the direction of the Tree Warden.

Article 7 taken up. (Town expenses, interest, etc.)

Voted: That the sum of twelve thousand (12,000) dollars be appropriated for the Sinking Fund, $1000 to be taken from the income of the Water Works and $11,000 to be raised by general tax the current year; said amounts to be paid to the Sinking Fund Commissioners December 1.

That $8000 from the income of the Water Department, $12,303.48 taken from the unexpended balances and amounts in the Treasury otherwise unappropriated, together with $10,646.52 to be raised by general tax the present year, be appropriated for the payment of notes or bonds maturing in 1913.

That the sum of $10,980 from the income of the Water Department and $16,911 to be raised by general tax be appropriated for the payment of interest during the year 1913.

That the sum of $6500 be appropriated for the care of outside poor, in addition to such sums as the Town may receive from individuals reimbursing it for such care.

That the sum of $890.84 be appropriated to pay the following overdrafts during the year 1912:

Abatements	$280.20	
Board of Health	433.60	
Sewer Division	168.24	
New Hose	8.80	
		$890.84

That there be appropriated from the income of the Water Department during the year 1913 $33,500 for the maintenance and extensions, including the Metropolitan Water Assessments, $10,980 for interest on the water debt, $1000 for the Sinking Fund, and $8000 for payment of Water notes.

Voted: That the following appropriations be made for the purposes indicated.

Abatements	$2,000
Board of Health	2,900
Board of Survey	500
Cemeteries	1,800

Article 9 taken up. (Appointment of Committee of Twenty-one.)

Voted: That the Moderator of this meeting with the Chairman and Secretary of the present Committee of Twenty-one are hereby appointed a committee to nominate and report to this meeting a committee of twenty-one citizens, representing all sections of the Town, to serve until the end of the Annual Meeting of 1914; fourteen of the members to be selected from the present Committee of Twenty-one (provided they will serve), the other seven to be newly appointed. That no person holding an elective town office shall be eligible to serve on said Committee.

To this Committee of Twenty-one are hereby referred all articles in any warrant for a town meeting issued during its term of office. Said committee shall, after due consideration of the subject matter of said articles, report thereon, in print or otherwise, to the Town Meeting, with such recommendations as it shall deem best.

Said Committee shall choose its own officers and have power to fill vacancies.

The Moderator, Chairman and Secretary of the Committee of Twenty-one nominated the following citizens to serve on the Committee of Twenty-one for the year 1913 and through the March meeting of 1914, and they were elected.

Abbott Allen	Market Gardener	339 Mass. Avenue
Louis B. Carr	Manufacturer	56 Gray Street
Clarence H. Campbell	Real Estate	108 Broadway

Loren W. Marsh	Manager	36 Norfolk Road

William I. Marsters	Printer	46 Magnolia Street
William A. Muller	Insurance	231 Mass. Avenue
Truman L. Quimby	Journalist	132 Appleton Street
Herbert W. Reed	Salesman	11 Wellington St.
Walter A. Robinson	Teacher	36 Jason Street
Walter F. Robinson	Civil Engineer	15 Cliff Street
*Willard G. Rolfe	Merchant	54 Irving Street
Howard S. Russell	Farmer	1108 Mass. Avenue
George H. Shirley	Salesman	16 Walnut Street
William A. Stevens	Manufacturer	184 Westminster Ave.
Charles M. MacMillan	Salesman	95 Jason Street

Article 3 was then taken from the table.

Peter Schwamb, as Chairman of the Committee on Fire Apparatus, appointed January 22, 1912, reported for the Committee and offered the following motion, which was adopted:

Voted: That the Committee on Fire Apparatus be authorized to expend any balance of the $500 appropriated for fitting up the William Penn Hose House, to receive the new apparatus, for necessary repairs to the said hose house.

Jacob Bitzer for the Committee representing the Selectmen, School Committee and the special committee on the purchase of a site for a new High School building, presented the following report:

The Committee on High School site beg leave to make the following report:

Since the last Town Meeting the attention of your committee has been directed to the Winn farm, as a possible site for a High School. This farm and other sites previously reported have again been considered by the Committee.

At the meeting held last Thursday the Selectmen, in accordance with a vote passed at the November meeting, presented to the Building Committee and the School Committee the Waldo Cutter farm for their approval.

The Building Committee reported that their first choice was a site on Highland Avenue, but they would compromise by taking the Cutter farm as their second choice.

The School Committee reported that none of the sites which

*Resigned.

had been discussed were considered by them fit for High School purposes, and therefore refused to approve any of them.

By the action of these two committees the Selectmen cannot purchase a site under the provisions of the vote passed at the last Town Meeting.

Respectfully submitted,

JACOB BITZER, *Chairman.*
PHILIP EBERHARDT, *Secretary.*

The report of the Committee was accepted and the Committee discharged.

The Town Clerk was requested to read the report of the Committee on Topographical Survey of that section of the Town bounded by Mystic Street, Massachusetts Avenue, the Lexington line and the Winchester line.

This report was supplemented by a report of the same Committee on the question of grade crossings in the Town. This report is of great value to the Town and is filed in the Town Clerk's office. In the opening paragraph of the report, the Committee testify to their appreciation of the services of the first Chairman of the Committee, Mr. George A. Kimball, who died on December 3, 1912. Mr. Kimball served the Town in many capacities, and at all times was found ready and willing to give of his time and great ability in all matters pertaining to the Town and its interests.

Continuing to act under Article 3, Henry S. Adams, of the Committee on Topographical Survey, offered the following motion, which was adopted:

Voted: That the report of the Committee on Topographical Survey be accepted as progressive and that the recommendations of the Committee contained in said report be adopted, also

Resolved, That it is the sense of this meeting that the Committee on Topographical Survey be requested to prepare and publish the report of said Committee and to distribute said report to the citizens of the Town with the warrants calling a future Town Meeting and that said Committee further request to have an article calling any future meeting inserted

in said Warrant to enable said Committee or the Town to take action thereon.

Voted: (Acceptance of reports of Town Officers.) That the reports of the various Town Officers, as presented in their annual reports, together with the addition of tables and statistics of the Assessors, be accepted.

Article 42 taken up. (Town Grant.)

Voted: That the several amounts appropriated at this meeting, for the purposes indicated by the various votes, and not otherwise provided for, amounting to $283,360.59, together with the sum of $3000 appropriated at the November meeting of 1912, making a total of $286,360.59, be raised by general tax the present year and that all notes issued under the authority of any vote passed at this meeting shall be issued in accordance with the provisions of Chapter 616, Acts of 1910.

Article 26 taken up. (Committee to select playground sites.)

Voted: That a Committee of nine (9) members, to consist of three persons from each of the three following districts, be appointed by the Moderator to study the need, the opportunity and probable cost of playgrounds for the Locke, Cutter and Crosby School Districts, and report to the November Town Meeting.

The Moderator appointed the following citizens to serve on said Committee:

Locke District — H. M. Boylston, Herbert A. Snow, Joseph C. Holmes.

Cutter District — Edward W. Schwamb, Timothy J. Donahue, Roland Hobbs.

Crosby District — William I. Marsters, Max H. Meyer, Eugene F. Freeman.

Article 28 taken up. (Town Clerk to prepare Manual.)

Voted: That the Town Clerk be authorized and instructed to annually prepare and publish within sixty (60) days after the adjourned March Town Meeting, a Town Manual, containing the names of all officials, boards and committees of the Town, together with such other information pertaining to Town affairs as he may deem proper. The expense of

such manual not to exceed fifty (50) dollars, to be paid for from the general incidental account.

Article 37 taken up. (Acceptance of Building Lines Act.)

Voted (by a two-thirds vote): That the provisions of Section 103 of Chapter 48 of the Revised Laws, being an "Act relative to the establishment of building lines within the Town" be accepted.

Arlington, March 31, 1913.

We, the undersigned Constables of the Town of Arlington, appointed by the Selectmen to have charge of the incoming and outgoing turnstiles at the Town Meeting held March 31, 1913, on oath depose and say that three hundred and fourteen (314) voters attended said meeting. This result we determine by deducting from the total number registered as entering the hall the number registered as leaving the hall during said meeting.

(Signed) JOHN DUFFY,
CHARLES F. DONAHUE,
Constables of Arlington.

Sworn to before me this thirty-first day of March, 1913.
THOMAS J. ROBINSON, *Town Clerk.*

All articles in the Warrant having been disposed of it was
Voted: That this meeting be now dissolved.
Meeting dissolved at 10.00 P.M.
A true record. Attest:
THOMAS J. ROBINSON, *Town Clerk.*

TOWN WARRANT.

COMMONWEALTH OF MASSACHUSETTS. MIDDLESEX, SS.

To either of the Constables of the Town of Arlington, in said County.

GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Arlington, qualified as the Constitution requires, to vote in elections and town affairs, to assemble in the Town Hall, in the said Town, Monday, the twenty-eighth day of

April, 1913, at 7.30 o'clock in the evening, then and there to act on the following articles, viz.:

ARTICLE 1. To choose a Moderator to preside at said meeting.

ART. 2. To hear and act on the reports of committees heretofore appointed.

ART. 3. To see what action the Town will take in relation to securing land for municipal purposes, make an appropriation for the same, or take any action thereon.

ART. 4. To see what action the Town will take in relation to the erection of a new High School building, make an appropriation for the purpose, or take any action thereon.

ART. 5. To see if the Town will adopt the recommendation of Committee on Topographical Survey, relative to new streets shown on the plan presented by the said Committee with its report to the Town, make recommendations to the Board of Survey relative to the laying out of said streets and placing permanent markers upon the ground, make an appropriation therefor, or take any action thereon.

ART. 6. To see if the Town will adopt the recommendation of the Committee on Topographical Survey, relative to the securing of land on Turkey Hill, so called, for public purposes, make an appropriation therefor, or take any action thereon.

ART. 7. To see if the Town will adopt the recommendation of the Committee on Topographical Survey, relative to the procuring of land for the extension of Millet Street, so called, from the present terminus of said street to the land of the Symmes Hospital, make recommendations to the Joint Board of Selectmen and Board of Public Works, relative to the layout of the said street, make an appropriation therefor, or take any action thereon.

ART. 8. To see if the Town will authorize the Board of Selectmen to make application to the Superior Court for a commission for the separation of grade crossings in Arlington, as recommended by the Committee on Topographical Survey, make an appropriation therefor, or take any action thereon.

ART. 9. To see if the Town will ratify the acts of its officers, under authority of the votes passed under Article 4 of the

Warrant for the Town Meeting, held November 19, 1912, and under Article 41 of the Warrant for the last Annual Town Meeting, which votes are substantially as follows:

Under Article 4 of the Warrant for the meeting of November 19, 1912:

Voted: That the Selectmen be authorized and empowered, in the name and behalf of the Town, to purchase for school purposes by good and sufficient deeds conveying the same a lot of land at a cost not exceeding $12,000. The lot so purchased to be first approved, in writing, by the School Committee and the committee appointed April 9, 1912, for further consideration of High School alterations and the advisability of erecting a new High School building.

That the Town borrow the sum not exceeding $12,000 for the purchase of such lot, and for this purpose issue twelve negotiable notes or bonds, each for the sum of $1000; two payable on December 1, 1913, and two on December 1, in each of the five succeeding years. Said notes or bonds to be designed on the face thereof "School Lot Loan of 1912," and to bear interest payable semi-annually at a rate not to exceed four per centum per annum, to be dated December 1, 1912, signed by the Treasurer and countersigned by the Selectmen.

Under Article 41 of the Warrant for the last Annual Town Meeting:

Voted: That the subject-matter of this Article be referred back to the Selectmen, and that they be instructed to proceed with the selection and purchase of a new High School lot in the manner provided in the vote of November 19, 1912, but at a cost not exceeding $15,000.

That the sum of $12,000 borrowed under the said vote of November 19, 1912, and now in the Town Treasury, be appropriated towards the payment for the lot purchased as above authorized, and the balance of the purchase price, not exceeding $3000, be borrowed; and for this purpose the Town issue six negotiable notes or bonds, each for the sum of $500; one payable in the year 1914, and one in each of the five succeeding years, bearing interest at a rate not exceeding four per centum per annum, all to be issued in accordance with the provisions of Chapter 616, Acts of 1910.

And will amend or change said votes in any respect or take any other action with respect to said votes or the subject matter thereof.

Hereof, fail not, and make due return of this warrant with your doings thereon, to the Selectmen, on or before said day and hour of meeting.

Given under our hands at said Arlington, this fourteenth day of April in the year of our Lord one thousand nine hundred and thirteen.

FRANK V. NOYES,
JACOB BITZER,
HERBERT W. RAWSON,
Selectmen of the Town of Arlington.

Arlington, April 28, 1913.

MIDDLESEX COUNTY.

By virtue of this Warrant I have notified and warned the inhabitants of the Town of Arlington, qualified to vote in elections and Town affairs, to meet at the time and place, and for the purposes herein named, by causing a printed attested copy of the same to be left at every dwelling house in the Town, and also by posting an attested copy of said Warrant on the door of the Town Hall in said Arlington seven (7) days at least before said day of meeting. A notice of the time, place and object of said meeting was published in the *Arlington Advocate.*

(Signed) GARRITT BARRY, *Constable of Arlington.*

In pursuance of the foregoing Warrant the Inhabitants of the Town of Arlington, qualified to vote in elections and Town affairs, met in the Town Hall, on Monday the twenty-eighth day of April in the year of our Lord one thousand nine hundred and thirteen, and were called to order at 7.30 o'clock in the evening by the Town Clerk, who read the Warrant calling the meeting and the return thereon of the Constable who served the same upon the inhabitants.

Article 1 taken up. (Choice of Moderator.)

John G. Brackett was the unanimous choice of the assembled citizens, and he was declared elected Moderator and sworn

to the faithful discharge of his duties by the Town Clerk. On motion of Truman L. Quimby, Article 2 of the Warrant was taken up.

Article 2 taken up. (Reports of Committees.)

On motion of Mr. Quimby, Chairman of the Committee of Twenty-one, the printed report of said Committee, as presented to the meeting, was received.

Frank W. Hodgdon of the Committee, to whom had been referred the subject matter of the alteration and extension of the High School building made the following report:

To the Inhabitants of the Town of Arlington:

Your Committee appointed April 9, 1912, to whom was referred the subject matter of the alteration and extension of the High School building, and the advisability of erecting a new High School building, submits the following report:

On November 19, 1912, the Committee submitted a partial report recommending that the Selectmen purchase a lot as a site for a new High School building at a cost not exceeding twelve thousand (12,000) dollars, and the Town so voted, with the provision that, before purchasing, the Selectmen should obtain the approval of the site by this Committee and also by the School Committee. The Selectmen selected a number of sites, but none of these met with the approval of both Committees. At the annual meeting this year the Committee of Twenty-one considered the matter and expressed the opinion that it was inexpedient to purchase a site on the so-called Academy-Jason Street location, owing to its high cost and small size, but recommended that the appropriation for purchasing a site be increased to fifteen thousand (15,000) dollars, and this was voted. Even with this amount, the Selectmen did not find a site which both Committees would approve.

From the above statement it will be seen that the Town is making no progress towards securing additional High School accommodations. Your Committee is still of the opinion as expressed in its report of November 18, 1912, that "A site for a new High School building should be located reasonably near the centre of the Town and preferably on fairly high ground and should be about four (4) acres or more in area."

It also believes that a lot fulfilling these requirements can be secured for the amount of the appropriation already made.

Of the locations considered by the Committee up to the present time it believes that either the Highland Avenue lot, so called, or the Waldo Cutter farm offers the most advantageous proposition for the Town to consider and purchase. As regards the personal opinion of several members of the Committee, three members consider that the Highland Avenue site at a cost of about $12,500 for approximately a four-acre lot, is the most desirable site in view of the fact that it is nearer the main line of transportation through the Town, and therefore now accessible in the present state of the Town's development.

The other members of the Committee, taking into consideration the probable trend of the Town's ultimate development, favor the Cutter farm, an area of about fifteen (15) acres at a cost of about $15,000, as their first choice, although agreeing that the Highland Avenue site is a favorable one.

No architect has been considered or plans drawn as yet, as it was deemed best, by the Committee, not to consider these matters until a lot had been secured.

Your Committee, therefore, recommends that a ballot of the citizens of the Town be taken upon these locations as alternative propositions, believing that in the case of the choice of either location the Town will be committed to a desirable site.

FRANK W. HODGDON, *Chairman.*
CLARENCE A. MOORE, *Secretary.*

Mr. Bitzer of the Board of Selectmen presented the following report of the Joint Committee, consisting of the Selectmen, Special Committee and School Committee:

The Committee on High School beg leave to make the following report:

Since the last Town Meeting the attention of your Committee has been directed to the Winn farm as a possible site for a High School. This farm and the other sites previously reported upon have again been considered by the Committee.

At the meeting held last Thursday, the Selectmen, in

accordance with a vote passed at the November Meeting, presented to the Building Committee and the School Committee the Waldo Cutter farm for their approval.

The Building Committee reported that their first choice was a site on Highland Avenue, but they would compromise by taking the Cutter farm, as their second choice.

The School Committee reported that none of the sites which had been discussed were considered by them fit for High School purposes, and, therefore refused to approve any of them.

By the action of these two Committees the Selectmen cannot purchase a site under the provisions of the vote passed at the last Town Meeting.

Respectfully submitted,

JACOB BITZER, *Chairman.*
PHILIP EBERHARDT, *Secretary.*

The reports were accepted and the Committees discharged.

Article 9 taken up. (Ratification of Acts of officers.)

Voted (by a two-thirds vote): That the vote passed under Article 4 of the Warrant for the Town Meeting, held November 19, 1912, be amended by striking out the words, "that the Selectmen be authorized and empowered in the name and behalf of the Town, to purchase for school purposes, by good and sufficient deeds conveying the same, a lot of land at a cost not exceeding twelve thousand (12,000) dollars. The lot so purchased to be first approved in writing by the School Committee, and the Committee appointed April 9, 1912, for further consideration of High School alterations and the advisability of erecting a new High School Building."

That the vote passed under Article 41 of the Warrant for the last Annual Town Meeting be amended by striking out the words, "that the subject matter of this article be referred to the Selectmen and that they be instructed to proceed with the selection and purchase of a new High School lot in the manner provided in the vote of November 19, 1912, but at a cost not exceeding fifteen thousand (15,000) dollars."

That the money borrowed in pursuance of the vote passed under Article 4 of the Warrant for the Town Meeting of November 19, 1912, be returned to the persons from whom it

was borrowed; provided their consent thereto can be obtained, and that, subject to the consent of such persons, the negotiable notes or bonds issued for the purpose of borrowing said sum be cancelled.

That the vote passed under Article 41 of the Warrant for the last annual Town Meeting be further amended by striking out the words, "and the balance of the purchase price, not exceeding three thousand (3000) dollars be borrowed, and for this purpose the Town issue six (6) negotiable notes or bonds, each for the sum of five hundred (500) dollars, one payable in the year 1914 and one in each of the five succeeding years, bearing interest at a rate not exceeding four per cent per annum, all to be issued in accordance with the provisions of Chapter 616, Acts of 1910."

Aricle 3 taken up. (Procuring of land for High School purposes.)

Under this article numerous motions were made, one for the purchase of the Cutter farm and one for the purchase of the Mead farm on Highland Avenue. The subject was discussed by a number of citizens, and finally on motion of Howard W. Spurr the following vote was passed:

Voted: That a Committee of five (5) be appointed by the Moderator to select a suitable lot of land for school and municipal purposes, and that said Committee be and hereby are ordered to report in print to the Town their findings and recommendations, and to mail a copy of said report to each voter in the Town at least two weeks before the date of the Town Meeting called to act upon said report, and that in case the said Committee of five are not able, for any reason, to make a unanimous report to the Town, that the said Committee are hereby ordered to make a majority and a minority report of their findings and recommendations to the Town.

Voted: That the unexpended balance of the appropriation for the Committee appointed April 9, 1912, for the consideration of alterations and extensions of present High School building and the advisability of erecting a new High School building, be appropriated to the use of the new special Committee, appointed under Article 3, for similar purposes.

The Moderator appointed the following citizens to serve under the vote of Article 3:

John W. Bailey, Chairman; Willis P. Howard, Joseph C. Homes, Henry S. Adams, Franklin Wyman.

Article 4 taken up. (New High School Appropriation.)

The Committee of Twenty-one recommended and the Town so voted that no action be taken under this article.

Article 5 taken up. (Recommendations of Topographical Survey Committee.)

Voted: That the Town adopt the recommendations of the Committee on Topographical Survey relative to new streets as shown on the plan of the said Committee with report to the Town, and that the sum of not exceeding five hundred (500) dollars be taken from the appropriations heretofore made by the Town for the purposes of carrying out the recommendations made by the Committee on Topographical Survey and be expended under the direction of the Board of Survey for the purpose of laying out said streets and placing permanent markers upon the ground.

Article 6 taken up. (Securing of land on Turkey Hill.)

Voted (by a two-thirds vote): That the Board of Public Works and the Park Commissioners be authorized and empowered in the name and behalf of the Town to make such takings of land on Turkey Hill, so called, not exceeding twelve (12) acres for water and park purposes, as they deem expedient, and a sum not exceeding two thousand five hundred (2500) dollars is hereby appropriated for the purpose of paying land damages and expenses incidental to such taking, said sum of not exceeding two thousand five hundred (2500) dollars to be borrowed, and for this purpose issue five (5) negotiable notes each for the sum of five hundred (500) dollars, one payable in the year 1914 and one in each of the four succeeding years. Said notes to be properly designated and to bear interest payable semi-annually at a rate not to exceed four per cent per annum, and to be issued in accordance with Chapter 616 of the Acts of 1910.

Article 7 taken up. (Extension of Millett Street.)

Voted: That the Town adopt the recommendations of the Committee on Topographical Survey, relative to the Exten-

sion of Millett Street, so called, from the present terminus of said street to the land of the Symmes Arlington Hospital, and recommend to the Joint Board of Selectmen and Board of Public Works that the same be laid out, and the sum not exceeding seven hundred and fifty (750) dollars be taken from the appropriation heretofore made by the Town for the purpose of carrying out the recommendations of the Committee on Topographical Survey and be expended by the Joint Board of Selectmen and Board of Public Works for the purpose of procuring land for said extension.

Article 8 taken up. (Petition for separation of grade crossings.)

Voted: That no action be taken under this Article.

The number of citizens attending the meeting as determined by the Constables in charge of the turnstiles was three hundred seventy-four (374).

All articles in the Warrant calling the meeting having been acted on, it was

Voted: That this meeting be now dissolved.

Meeting dissolved at 9.40 P.M.

A true record. Attest:

THOMAS J. ROBINSON, *Town Clerk.*

TOWN WARRANT.

COMMONWEALTH OF MASSACHUSETTS. MIDDLESEX, SS.

To either of the Constables of the Town of Arlington, in said County.

GREETINGS:

In the name of the Commonwealth you are hereby required to notify and warn the inhabitants of said town who are qualified to vote in Primaries, to meet in Town Hall, Arlington, Tuesday, the twenty-third day of September, 1913, at 12 M., for the following purposes:

To bring in their votes to the Primary Officers for the Nomination of Candidates of political Parties for the following offices:

Governor, for this Commonwealth; Lieutenant-Governor,

for this Commonwealth; Secretary, for this Commonwealth; Treasurer and Receiver General, for this Commonwealth; Auditor, for this Commonwealth; Attorney-General, for this Commonwealth; Councillor, Sixth Councillor District; Senator, Sixth Senatorial District; Representative in General Court, Twenty-ninth Representative District; County Commissioner, Middlesex County; Two Associate Commissioners, Middlesex County; District Attorney, Northern Middlesex District; Register of Probate and Insolvency, Middlesex County.

And for the election of the following officers:

Member of State Committee for the Sixth Senatorial District.

Members of Town Committees for this Town.

Delegates to State conventions of political Parties.

All the above candidates and officers are to be voted for upon one ballot.

The polls will be open from 12 M. to 8 P.M.

And you are directed to serve this Warrant by posting attested copies thereof, seven days at least before the time of said meeting, as directed by vote of the Town.

Hereof, fail not, and make return of this Warrant with your doings thereon, at the time and place of said meeting.

Given under our hands this eighth day of September, A.D., 1913.

FRANK V. NOYES,
JACOB BITZER,
HERBERT W. RAWSON,
Selectmen of the Town of Arlington.

Arlington, September 23, 1913.

MIDDLESEX COUNTY.

By virtue of this warrant I have notified and warned the voters of the Town of Arlington, qualified as the law directs, to vote in primaries, to meet at the time and place and for the purpose herein named, by causing a printed attested copy to be left at every dwelling house in the Town and also by posting an attested copy on the doors of the Town Hall, seven days at least before said day of meeting. A notice

of the time, place and object of said meeting was published in the *Arlington Advocate* on September 19, 1913.

(Signed) GARRITT BARRY, *Constable of Arlington.*

Pursuant to the foregoing Warrant the voters of the Town of Arlington, qualified to vote in Primaries, met in the Town Hall in said Arlington, on Tuesday the twenty-third day of September, in the year of our Lord one thousand nine hundred and thirteen, and were called to order at twelve o'clock noon, by Frank V. Noyes, Chairman of the Board of Selectmen, who read the Warrant calling the meeting and the return thereon of the Constable who served the same upon the inhabitants, and under the law, Mr. Noyes, as Chairman of the Selectmen, officiated as Chairman of the meeting.

Under the law governing primaries the law governing elections prevailed, and the new Town Hall was fitted up for the first time as a polling place, a space railed off and new steel booths provided for the use of voters to examine and mark their ballots. Each booth was supplied with suitable facilities for the purpose and with cards of instructions to and penalties on voters.

The following citizens having been appointed by the Selectmen to serve as election officers, were sworn to the faithful performance of their duties and assigned as follows:

Ballot Clerks — Fred G. Wilder, Daniel M. Daley, George H. Peirce, Daniel W. O'Brien.

Inspectors — Frank F. Russell, Charles P. Ladd, Jr., Oscar Schnetzer and Josiah W. Hovey.

Ballot Box — Frank Y. Wellington, Joseph J. Duffy, George C. Tewksbury and Ernest H. Freeman.

Tellers — George McK. Richardson, George A. Clark, Michael F. Horrigan, William A. Stevens, Frank B. Records, Jr., Edward W. Schwamb, Clarence G. Parsons.

Sealed packages of ballots, supplied by the Secretary of State, were then delivered to the election officers by the Town Clerk. These ballots were opened publicly and given to the ballot clerks for distribution to the voters.

Specimen ballots, cards of instructions and penalties on

voters were posted in conspicuous places for the guidance of voters, as in State and Town elections.

The ballot box was examined by the presiding officer and the Town Clerk, and was found to be empty and the register set at zero.

A list of registered voters was supplied to the election officers by the Registrars of Voters.

At five minutes after twelve o'clock the polls were declared open and remained open until eight o'clock in the evening, at which time, after due notice, they were declared closed.

Under the law governing primaries the ballot boxes could not be opened, for the purpose of counting, until the close of the polls. The law also requires that all ballots cast for one party should be counted before the ballots of another party.

At the close of the polls the boxes registered three hundred fifty (350), and these upon being removed from the box were found to be as follows:

Republican, Two hundred and nine (209); Progressive, seventy-eight (78); Democratic, sixty-three (63).

The ballot clerks and tellers counted the names checked by them and found the number to agree with the number registered by the ballot boxes, three hundred fifty (350).

The ballots were sorted, counted and announcement made at 10.45 o'clock as follows:

REPUBLICAN PARTY (TOTAL 209).

GOVERNOR.

Everett C. Benton, sixty-seven (67).
Augustus P. Gardner, one hundred thirty-nine (139).
Blanks, three (3).

LIEUTENANT-GOVERNOR.

Blanks, three hundred twenty-one (321).

The election returns were then filled in, signed by the Election Officers and the Town Clerk, and were delivered to the Town Clerk to be forwarded by him to the Secretary of the Commonwealth.

All business calling the meeting having been disposed of, the presiding officer, at eleven (11) P.M., declared the meeting disolved.

A true record. Attest:

THOMAS J. ROBINSON, *Town Clerk.*

TOWN WARRANT.

COMMONWEALTH OF MASSACHUSETTS. MIDDLESEX, SS.

To either of the Constables of the Town of Arlington.

GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Arlington, qualified as the Constitution requires, to vote in elections and town affairs, to assemble in the Town Hall, in said Town, Tuesday, the fourth day of November, next, it being the Tuesday next after the first Monday in said month, at 6.00 A.M., then and there to act on the following article, viz.:

ARTICLE 1. To bring in their votes to the Selectmen for a Governor; a Lieutenant-Governor; a Secretary; a Treasurer and Receiver-General; an Auditor of Accounts; an Attorney-General for the Commonwealth; a Councillor for the Sixth Councillor District; a Senator for the Sixth Middlesex District; a Representative in the General Court for the Twenty-ninth Representative District in the County of Middlesex; a County Commissioner for three years; Associate Commissioners; District Attorney for Northern Middlesex District; Register of Probate and Insolvency, Middlesex County; Register of Deeds, Middlesex Southern District.

To vote "Yes" or "No" on the acceptance by the Town of Chapter 28 of the Resolves of 1913, being an amendment to the Constitution, making women eligible to appointment as Notaries Public.

To vote "Yes" or "No" on the acceptance by the Town of Chapter 116 of the Resolves of 1913, being an amendment to the Constitution authorizing the Referendum.

To vote "Yes" or "No" on the acceptance by the Town

of Chapter 807 of the Acts of 1913, being an Act entitled "An Act to provide for compensating certain public employees for injuries sustained in the course of their employment."

All the above to be voted for on one ballot. The polls will be opened immediately after the organization of the meeting and will be kept open until four o'clock and thirty minutes in the afternoon, and as much longer as the meeting directs, provided that the time shall not be after eight o'clock in the evening.

Hereof, fail not, and make due return of this Warrant with your doings thereon, to the Selectmen, on or before said day and hour of meeting.

Given under our hands at said Arlington, this twentieth day of October, in the year of our Lord one thousand nine hundred and thirteen.

FRANK V. NOYES,
HERBERT W. RAWSON,
JACOB BITZER,
Selectmen of the Town of Arlington.

Arlington, November 3, 1913.

MIDDLESEX COUNTY.

By virtue of this Warrant I have notified and warned the inhabitants of the Town of Arlington, qualified to vote in elections and Town affairs, to meet at the time and place, and for the purposes herein named by causing a printed attested copy to be left at every dwelling house in the Town, and also by posting an attested copy on the doors of the Town Hall seven days at least before said day of meeting.

(Signed) WILLIAM T. CANNIFF, *Constable of Arlington.*

In pursuance of the foregoing Warrant the inhabitants of the Town of Arlington, qualified as the law directs to vote in elections and Town affairs, met in the Town Hall, in said Arlington, on Tuesday the fourth day of November, in the year of our Lord one thousand nine hundred and thirteen, and were called to order at six o'clock in the forenoon by

Frank V. Noyes, Chairman of the Board of Selectmen, who read the Warrant calling the meeting and the return thereon of the Constable who served the same upon the inhabitants. Mr. Noyes, under the law, continued to act as Chairman of the meeting.

In accordance with the law governing elections, the Town Hall was fitted up as a polling place, both sides of the hall being used for the new steel booths (twenty on each side) and a space railed off separating the voters from the spectators.

The booths being of the latest construction were fitted with all conveniences for the voters to examine and mark their ballots. Cards of instructions to and penalties on voters were conspicuously displayed both in the booths and at the approaches thereto.

The following citizens had been appointed by the Selectmen to serve as Election Officers, and after being sworn to the faithful performance of their duties by the Town Clerk were assigned as follows:

Ballot Clerks — George H. Peirce, Daniel M. Daley, Charles P. Ladd, Jr., and John J. Mahoney.

Inspectors — Frank F. Russell, A. D. W. Prescott, Josiah Hovey and Chester E. Hoyt.

Checkers at Ballot Box — Frank Y. Wellington, George C. Tewksbury, Joseph J. Duffy and Ernest H. Freeman.

Tellers — Roger Conant, Frank B. Records, Jr., Harold N. Willis, Frederick G. Wilder, Clarence G. Parsons, Michael F. Horrigan, Daniel W. O'Brien, Frank A. O'Brien, Oscar A. Schnetzer, George A. Clark, Herbert L. Converse, Roger Dunbar, and George McK. Richardson.

A sealed package of ballots, supplied by the Secretary of the Commonwealth, was then delivered by the Town Clerk to the presiding officer, who publicly broke the seal and delivered the ballots to the ballot clerks.

The ballot boxes were examined by the presiding officer and the Town Clerk, and were found to be empty and the register set at zero.

A list of registered voters was supplied to the ballot clerks by the Registrars of Voters.

At four (4) minutes after six (6) o'clock in the morning the

polls were declared open for the reception of votes and were kept open until thirty (30) minutes after four (4) o'clock in the afternoon, at which time, after due notice, they were declared closed.

By unanimous consent the ballot box was opened at various times during the day for the purpose of removing ballots to be counted.

At seven o'clock the boxes registered as follows:

						Total
		A to L	182	M to Z	122	304
8	o'clock	A to L	391	M to Z	301	692
9	o'clock	A to L	557	M to Z	443	1000
10	o'clock	A to L	648	M to Z	526	1174
11	o'clock	A to L	684	M to Z	556	1240
12	o'clock	A to L	741	M to Z	605	1346
1	o'clock	A to L	825	M to Z	675	1500
3.30	o'clock	A to L	1003	M to Z	797	1800
4.30	o'clock	A to L	1062	M to Z	854	1916

The keys of the ballot box were delivered into the custody of Constable John Duffy and remained in his custody until the close of the polls.

The unused ballots were enclosed in a package, sealed, and delivered to the Town Clerk after being counted and endorsed by the ballot clerks.

The election officers canvassed the votes given in and the whole number was found to be nineteen hundred sixteen (1916), which were sorted, counted, and declaration made thereof in open meeting by Frank V. Noyes, the presiding officer, at forty-five (45) minutes after six o'clock in the evening, as follows:

GOVERNOR.

Charles S. Bird, Progressive Party, seven hundred forty-three (743).

Alfred H. Evans, Prohibition, three (3).

Eugene N. Foss, Independent, ninety-five (95).

Augustus P. Gardner, Republican, four hundred seventy-five (475).

Dennis McGoff, Socialist Labor, none (0).
Blanks, eighty-six (86).

AUDITOR.

Herbert S. Brown, Prohibition, twenty-two (22).
David Craig, Socialist Labor, three (3).
Octave A. La Riviere, Progressive, five hundred thirty-three (533).
Samuel P. Levenberg, Socialist, fourteen (14).

Frank H. Pope, Democratic, five hundred fifty-three (553).
John E. White, Republican, six hundred eighty-five (685).
Blanks, one hundred six (106).

ATTORNEY-GENERAL.

Thomas J. Boynton, Democratic, five hundred fifty-eight (558).
Freeman T. Crommett, Prohibition, seven (7).
John McCarty, Socialist, sixteen (16).
H. Huestis Newton, Progressive, five hundred sixty-seven (567).
Ingvar Paulsen, Socialist Labor, none (0).
James M. Swift, Republican, six hundred seventy-six (676).
Blanks, ninety-two (92).

COUNCILLOR.

John J. Hogan, Democratic, five hundred fifty-seven (557).
Harrie C. Hunter, Progressive, five hundred ninety (590).
G. Frederick Simpson, Republican, six hundred seventy-seven (677).
Blanks, ninety-two (92).

SENATOR.

Charles A. Dean, Democratic, five hundred thirty-four (534).
Edward E. Elder, Progressive, six hundred sixty-nine (669).
Wilton B. Fay, Republican, six hundred twenty-five (625).
Blanks, eighty-eight (88).

REPRESENTATIVE IN GENERAL COURT.

George E. Briggs, Progressive, seven hundred sixty-nine (769).
Daniel J. O'Connell, Democratic, five hundred eleven (511).
Frank D. Peirce, Republican, five hundred sixty-nine (569).
Blanks, sixty-seven (67).

COUNTY COMMISSIONER.

Erson B. Barlow, Republican, six hundred fifty-six (656).
John B. McCloskey, Democratic, five hundred forty-three (543).
Charles H. McIntire, Progressive, six hundred ten (610).
Blanks, one hundred seven (107).

ASSOCIATE COMMISSIONERS.

Charles W. Atkins, Progressive, five hundred fifty-one (551).
Frederick P. Barnes, Republican, five hundred ninety-eight (598).

John J. Butler, Democratic, four hundred seventy-five (475).
George W. Enwright, Democratic, four hundred two (402).
Edwin P. Fitzgerald, Republican, four hundred twenty-four (424).
Albert F. Parker, Progressive, five hundred thirty-seven (537).
Blanks, eight hundred forty-five (845).

DISTRICT ATTORNEY.

Philip M. Clark, Progressive, six hundred twenty-seven (627).
William J. Corcoran, Democratic, five hundred twenty-one (521).
John J. Higgins, Republican, six hundred forty (640).
Blanks, one hundred twenty-eight (128).

REGISTER OF PROBATE AND INSOLVENCY.

James T. Barrett, Democratic, five hundred fifty-five (555).
William E. Rogers, Republican and Progressive, eleven hundred eighty-three (1183).
Blanks, one hundred seventy-eight (178).

REGISTER OF DEEDS.

J. Frank Facey, Democratic, five hundred twenty-six (526).
Thomas Leighton, Jr., Republican, eight hundred (800).
Albin M. Richards, Progressive, four hundred eighty-one (481).
Blanks, one hundred nine (109).

On the question of the acceptance by the Town of the proposed amendment to the Constitution making women eligible to appointment as notaries public the following result was declared:

Voting "Yes," seven hundred seventy-two (772); voting "No," seven hundred thirty-four (734). Blanks, four hundred ten (410).

On the question of the acceptance by the Town of the proposed amendment to the Constitution, authorizing the referendum, the following result was declared:

Voting "Yes," nine hundred ninety-five (995); voting "No," three hundred twenty-three (323). Blanks, five hundred ninety-eight (598).

On the question "Shall Chapter 807 of the Acts of nineteen hundred and thirteen, being an act to provide for compensating laborers, workmen and mechanics, for injuries sustained

in public employment and to exempt from legal liability counties and municipal corporations which pay such compensation, be accepted by the inhabitants of this county?" the following result was declared:

Voting "Yes," eleven hundred thirty-one (1131); voting "No," three hundred twenty-one (321). Blanks, four hundred sixty-four (464).

The election returns were filled in, to be signed by the Selectmen and countersigned by the Town Clerk, and were delivered to the Town Clerk to be forwarded by him to the several places of destination.

All business calling the meeting having been transacted, the presiding officer, at ten minutes after seven o'clock, declared the meeting dissolved.

A true record. Attest:

THOMAS J. ROBINSON, *Town Clerk.*

Arlington, November 14, 1913.

Pursuant to law the Town Clerks of Arlington and Lexington met in the office of the Town Clerk of Arlington on Friday the fourteenth day of November in the year of our Lord one thousand nine hundred and thirteen, at twelve o'clock noon, for the purpose of canvassing the votes cast on the fourth day of November for a representative to the General Court of the Commonwealth to represent the Twenty-ninth Middlesex District.

The canvass showed the following result of the votes cast in Arlington and Lexington:

In Arlington George E. Briggs had seven hundred sixty-nine (769).

In Lexington George E. Briggs had four hundred eighty-four (484).

In Arlington and Lexington George E. Briggs had twelve hundred fifty-three (1253).

In Arlington Frank D. Peirce had five hundred sixty-nine (569).

In Lexington Frank D. Peirce had three hundred seventeen (317).

In Arlington and Lexington Frank D. Peirce had eight hundred eighty-six (886).

In Arlington Daniel J. O'Connell had five hundred eleven (511).

In Lexington Daniel J. O'Connell had one hundred fifty-eight (158).

In Arlington and Lexington Daniel J. O'Connell had six hundred sixty-nine (669).

The returns showed that George E. Briggs had a majority of the votes cast in both town. Two certificates were filled out, signed by the Clerks of both towns, one sent to the Secretary of the Commonwealth and one to be delivered to George E. Briggs of Lexington.

THOMAS J. ROBINSON, *Town Clerk of Arlington.*
CHARLES W. SWAN, *Town Clerk of Lexington.*

TOWN WARRANT.

COMMONWEALTH OF MASSACHUSETTS. MIDDLESEX, ss.

To either of the Constables of the Town of Arlington.

GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Arlington, qualified as the Constitution requires, to vote in elections and town affairs, to assemble in the Town Hall in said Town, Tuesday, the eighteenth day of November 1913, at 7.30 P.M., then and there to act on the following articles, viz.:

ARTICLE 1. To choose a Moderator to preside at said meeting.

ART. 2. To hear and act on the reports of committees heretofore appointed.

ART. 3. To see if the Town will authorize the Town Treasurer, under the direction of the Selectmen, to borrow money for any necessary purpose, in anticipation of taxes for the year 1914, the same to be repaid directly from the proceeds of said taxes.

ART. 4. To see if the Town will make an additional appro-

priation for Military Aid, and determine in what manner the money shall be raised.

ART. 5. To see if the Town will make an additional appropriation for Town House Account, and determine in what manner the money shall be raised.

ART. 6. To see if the Town will make an additional appropriation for Town insurance, and determine in what manner the money shall be raised.

ART. 7. To see if the Town will vote to authorize and instruct the Selectmen to rent on a satisfactorily secured lease the Assembly Hall of the old Town Hall Building, and the anterooms, connected therewith, to Frank E. Hammond and Walter H. Billings, for the term of one year, beginning with the first day of March 1914, at a rent of fifteen hundred (1500) dollars per year, the same to be used by the said Hammond and Billings for public entertainments, moving picture exhibitions, etc., provided, said letting shall not interfere with the use of said Hall for municipal purposes in case the same shall be required by vote of the Town for such purposes during the time of said letting.

(This article is inserted at the request of Frederick W. Derby, et al.)

ART. 8. To see if the Town will vote to discontinue that part of Gray Street Extension from Robbins Road to Oakland Avenue, as accepted by the Town November 20, 1911, the northerly line of which is described as follows:

Beginning at a stone bound at the northwest corner of Robbins Road, thence north 41° 40′ west 460.1 feet to a stone bound, thence westerly on a curve to the left whose radius is 659.03 feet, a distance of 462 feet to a stone bound, thence northerly on a curve to the right, whose radius is 38 feet, a distance of 63 feet more or less, to the easterly line of Oakland Avenue.

The southerly line of said street is described as follows:

Beginning at a point in the center of Robbins Road, thence north 41° 40′ west 462 feet, more or less, to a stone bound, thence on a curve to the left whose radius is 609.03 feet, a distance of 426.95 feet, thence on a curve to the left whose.

radius is 67 feet, more or less, a distance of 80 feet, more or less, to the easterly line of Oakland Avenue.

The above described lines are shown on plan entitled "Plan and Profile of Gray Street Extension, Arlington, Mass., showing lines and grades, dated December 1899, H. S. Adams, C. E.," and on file in the office of the Town Clerk.

ART. 9. To see if the Town will accept that part of Gray Street Extension as laid out by the Joint Board of Selectmen and Board of Public Works, acting as the Board of Survey, October 20, 1913. Said relocation is described as follows:

Beginning at a stone bound at the northwest corner of Robbins Road and Gray Street, thence north 41° 30′ west, a distance of 529.25 feet, thence on a curve to the right, whose radius is 1855.73 feet, a distance of 226.72 feet, thence north 34° 30′ west, a distance of 278.06 feet, thence on a curve to the right whose radius is 54 feet, a distance of 47.35 feet to a point on the easterly side of Oakland Avenue, thence south 15° 44′ west along the said easterly line of Oakland Avenue, a distance of 154.34 feet, thence on a curve to the right, whose radius is 30 feet, a distance of 67.95 feet, thence south 34° 30′ east, a distance of 197.8 feet, thence on a curve to the left, whose radius is 1905.73 feet, a distance of 232.83 feet, thence south 41° 30′ east, a distance of 522.1 feet to a point on the northerly side of Robbins Road Extended, thence north 56° 41′ east along said Extension of the northerly line of Robbins Road, a distance of 50.78 feet to the point of beginning, and shown on a plan entitled "Plan and Profile of Gray Street Extension Relocation, from Robbins Road to Oakland Avenue, G. E. Ahern, Town Engineer, October 11, 1913," on file in the office of the Town Clerk.

ART. 10. To see if the Town will vote to accept the Taking of land on Turkey Hill for park purposes, as taken by the Board of Park Commissioners September 22, 1913. Said taking is described as follows:

Beginning at a point on the southerly side of Carleton Road, at the northwest corner of lot Number 253, as shown on a plan dated October 1912, made by C. A. Thayer, Engineer, recorded at Middlesex South District Registry of Deeds, Plan Book 212, Plan 38, which point of beginning is 251.25 feet from the

intersection of the southerly side line of said Carleton Road and the easterly side line of Forest Street, measuring along the southerly side line of said Carleton Road, the bearing of which is south 68° 1′ east, said point on Forest Street being about 1047.08 feet southerly from a stone bound on the easterly side of Forest Street, marking the line of Forest Street, as laid out by the County Commissioners of Middlesex County, near the line between the towns of Winchester and Arlington.

From said point of beginning the line runs south 2° 19′ west 419.14 feet on land now or formerly of the Suburban Land Company to a point; thence south 36° 29′ east 258.01 feet by land now or formerly of said Company to a point; thence south 40° 59′ east 244.03 feet by land now or formerly of said Company to a point; thence south 44° 32′ east 243.57 feet on land now or formerly of said Company to a point; thence 64° 59′ east 282.55 feet by land now or formerly of said Company to a point at the stone wall; thence along said stone wall north 35° 33′ west by land now or formerly of John H. and William H. Irwin 159.03 feet to a point; thence along said wall north 0° 14′ east on land now or formerly of said Irwin 708.72 feet to a point; thence north 43° 29′ west crossing and along the southerly line of Dodge Street, as shown on said plan, and bounding on land now or formerly of said Suburban Land Company 262.05 feet to a point at the corner of Maybie Street, shown on said plan; thence south 44° 1′ west 424.18 feet along the easterly side of said Maybie Street, and bounding on land now or formerly of said Company to a point; thence north 57° 18′ west crossing the end of said Maybie Street and bounding on land now or formerly of said Company 40.79 feet to a point; thence on a curve to the right, with a radius of 445 feet along the southerly side of said Carleton Road and bounding on land now or formerly of said Company 62.5 feet to a point; thence on a curve to the left, with a radius of 166.07 feet along the southerly side of Carleton Road, and bounding on land now or formerly of said Company 90.66 feet to a point; thence north 68° 1′ west along the southerly side of Carleton Road, and bounding on land now or formerly of said Company 25 feet to point of beginning.

Containing about 480,542 square feet.

The above described parcel is shown on a plan entitled "Plan of land on Turkey Hill Terrace, Arlington, Mass., taken for Park purposes, George E. Ahern, Town Engineer, August 4, 1913, scale 1″=50′," to be recorded herewith.

Excepting, however, a parcel of land containing 40,000 square feet taken by the Board of Public Works of the Town of Arlington for water purposes, as shown on the plan above referred to. All of the above described points are to be marked by stone bounds, iron rods, drill holes in the ledge or other monuments.

ART. 11. To see if the Town will make an additional appropriation to be expended from November 30, 1913, and for the twelve months next ensuing, for suppressing the Gypsy and Brown-tail Moths, in accordance with the provisions of Chapter 381, Acts of 1905, and amendments thereto, and determine in what manner the money shall be raised.

ART. 12. To see if the Town will make an additional appropriation for the Town Yard Account and determine in what manner the money shall be raised.

ART. 13. To see if the Town will make an additional appropriation for Soldiers' Relief and determine in what manner the money shall be raised.

ART. 14. To see if the Town will make an additional appropriation for the Robbins Library and determine in what manner the money shall be raised.

(This article is inserted at the request of the Trustees of the Robbins Library.)

ART. 15. To see if the Town will vote the unexpended balance of $92.09 of the appropriation made under Article 29 in the Town Warrant of February 17, 1913, to the appropriation for the care and maintenance of the Spy Pond Playground.

(This article is inserted at the request of Arthur Birch, et al.)

ART. 16. To see if the Town will permit the use of the waters of the Town for bathing, and make proper provision for the same.

(This article is inserted at the request of the Arlington Civic League.)

ART. 17. To see what action the Town will take on a more equitable land tax.

(This article is inserted at the request of Francis J. Williams, et al.)

Art. 18. To see what action the Town will take in reference to asking for sealed bids from dealers in adjacent towns and cities to be opened on a specific date in the presence of bidders, or their representatives, on the lowest price with terms at which they could furnish this Town with supplies and materials.

(This article is inserted at the request of Francis J. Williams, et al.)

Hereof, fail not, and make due return of this Warrant with your doings thereon, to the Selectmen, on or before said day and hour of meeting.

Given under our hands at said Arlington, this third day of November, in the year of our Lord one thousand nine hundred and thirteen.

FRANK V. NOYES,
HERBERT W. RAWSON,
JACOB BITZER,
Selectmen of the Town of Arlington.

In pursuance of the foregoing Warrant the inhabitants of the Town of Arlington, qualified as the law requires to vote in elections and Town affairs, met in the Town Hall in said Arlington, on Tuesday the eighteenth day of November in the year of our Lord one thousand nine hundred and thirteen, and were called to order at seven thirty o'clock in the evening by the Town Clerk. The Town Clerk read the Warrant calling the meeting up to and including article one. By unanimous consent the reading of the articles of the Warrant after the first article was dispensed with, the citizens being provided with printed copies. He then read the return of the Constable who served the Warrant upon the inhabitants.

Article 1 taken up. (Choice of Moderator.)

John G. Brackett was the unanimous choice of the citizens assembled for Moderator, and he was duly sworn to the faithful performance of his duties by the Town Clerk.

Article 2 taken up. (Reports of Committees.)

Edward W. Schwamb, of the Committee on Playgrounds, in the absence of the Chairman of the Committee Mr. Boylston, presented the report of the Committee.

The report was one of length and dwelt on the need of playgrounds in the three sections of the Town. The Committee had held numerous meetings and had had the advice of eminent authorities on the subject, and they reported that they were in favor of the Town immediately acquiring land for playgrounds. The report was received and ordered filed. File number 775.

Truman L. Quimby, Chairman of the Committee of Twenty-one, then presented the report of that Committee in printed form, and it was

Voted: That the report of the Committee be received.

Voted: That the various articles in the Warrant and reported on by the Committee be now taken up, and that the recommendations of the Committee under those articles in their report be considered as now before the meeting separately and in the order in which they appear in said report.

Article 2 was then laid upon the table.

Article 3 taken up. (Authority of Treasurer to borrow money.)

Voted: That for the purpose of procuring a temporary loan to and for the Town of Arlington, in anticipation of taxes and revenues of the municipal year 1914, the Town Treasurer be and is hereby authorized and directed to borrow, on and after January 1, 1914, from time to time, with the approval of the Selectmen, a sum or sums, in the aggregate not exceeding one hundred and fifty thousand (150,000) dollars; and to execute and deliver therefor the note or notes of the Town issued in accordance with and conforming to the requirements of Chapter 616 of the Acts of 1910, and amendments thereto, payable within one year from the time the loan is made. Any debt or debts incurred by a loan or loans to the Town under this vote shall be paid from the taxes and revenues of said municipal year.

Article 4 taken up. (Additional appropriation for Military Aid.)

Voted: That the sum of $100 be appropriated for Military

Aid, said sum to be taken from Receipts from Sales of Lots in Cemetery.

Article 5 taken up. (Additional appropriation for Town House Account.)

Voted: That the sum of $2500 be appropriated for Town House Account, said sum to be taken from the tax levy of 1914.

Article 6 taken up. (Additional appropriation for Insurance.)

Voted: That the sum of $800 be appropriated for Town Insurance, said sum to be taken from Interest Receipts.

Article 11 taken up. (Additional appropriation for Gypsy Moths.)

Voted: That the sum of $300 be appropriated for the Suppression of Gypsy and Brown-tail Moths, in accordance with the provisions of Chapter 381, Acts of 1905, and amendments thereto, up to January 1, 1914, said sum to be taken from Receipts for Suppression of Gypsy and Brown-tail Moths.

Article 12 taken up. (Additional appropriation for Town Yard Account.)

Voted: That the sum of $100 be appropriated for Town Yard Account, said sum to be taken from Receipts from Sales of Offal.

Article 13 taken up. (Additional appropriation for Soldiers Relief.)

Voted: That the sum of $100 be appropriated for Soldiers' Relief, said sum to be taken from Receipts of Sales of Lots in Cemetery.

Article 14 taken up. (Additional appropriation for Robbins Library.)

Voted: That the sum of $500 be appropriated for the Robbins Library, said sum to be taken from Receipts from Betterment Assessments.

Article 15 taken up. (Unexpended balance for Playground.)

Voted: That the unexpended balance of $92.09 of the appropriation made under Article 29 in the Town Warrant of February 17, 1913, be transferred to the fund for the care and maintenance of the Spy Pond Playground.

Article 7 taken up. (Relative to rental of old Town Hall.)

The Committee recommended and it was so voted that no action be taken under this article.

Articles 8 and 9 taken up. (Gray Street Extension.)

Voted: That that part of Gray Street Extension from Robbins Road to Oakland Avenue, as accepted by the Town November 20, 1911, and as described on the plan entitled "Plan and Profile of Gray Street Extension, Arlington, Mass., showing lines and grades, dated December, 1899. H. S. Adams, C. E.," and on file in the office of the Town Clerk, be discontinued and abandoned, and that the Joint Board of Selectmen and Board of Public Works be authorized and empowered, in the name and behalf of the Town, to declare the easements and rights of the Town in the said land to be abandoned.

Voted: That that part of Gray Street Extension as laid out by the Joint Board of Selectmen and Board of Public Works, acting as the Board of Survey, October 20, 1913, as shown on a plan entitled "Plan and Profile of Gray Street Extension Relocation, from Robbins Road to Oakland Avenue. G. E. Ahern, Town Engineer, October 11, 1913," and on file in the office of the Town Clerk, be accepted.

Article 10 taken up. (Acceptance of Turkey Hill taking.)

Voted: That the taking of land on Turkey Hill for park purposes, as taken by the Board of Park Commissioners September 22, 1913, and described on a plan entitled "Plan of Land on Turkey Hill Terrace, Arlington, Mass., Taken for Park Purposes. George E. Ahern, Town Engineer, August 4, 1913. Scale $1'' = 50'$, to be recorded herewith," be accepted.

Article 16 taken up. (Waters of Town for bathing purposes.)

Voted: That a committee of five (5), composed of the following citizens be appointed to investigate the subject matter of this article and bring in their report to the next town meeting, regular or special, with their recommendations. Committee, Peter Schwamb, Alexander S. Jardine, Napoleon J. Hardy, John R. Foster, and W. I. Middleton.

Article 17 taken up. (Equitable tax rate.)

The Committee recommended and it was so voted that no action be taken under this article.

Article 18 taken up. (Sealed bids for town supplies.)

The Committee recommended, and it was so voted that no action be taken under this article.

The number of voters attending the meeting, as determined by the Constables in charge of the Turnstiles, was four hundred and seventeen (417). All business calling the meeting having been transacted it was

Voted: That this meeting be now dissolved.

Meeting dissolved at fifty minutes after eight o'clock.

A true record. Attest:

THOMAS J. ROBINSON, *Town Clerk.*

TOWN WARRANT.

COMMONWEALTH OF MASSACHUSETTS. MIDDLESEX ss

To either of the Constables of the Town of Arlington.

GREETING: In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Arlington, qualified as the Constitution requires, to vote in elections and Town affairs, to assemble in the Town Hall, in said Town, Tuesday, the Twenty-fifth day of November, 1913, at 7.30 P.M., then and there to act on the following articles, viz.:

ARTICLE 1. To choose a Moderator to preside at said meeting.

ART. 2. To hear and act on the report of the Committee appointed April 28, 1913, to select a suitable lot of land for school and municipal purposes.

ART. 3. To see if the Town will authorize the Board of Selectmen, in the name and behalf of the Town, to purchase a lot of land for school and municipal purposes, or either or both such purposes, and make an appropriation therefor, or take any other action thereon.

Hereof, fail not, and make due return of this Warrant with your doings thereon, to the Selectmen, on or before said day and hour of meeting.

Given under our hands at said Arlington, this tenth day of November, in the year of our Lord one thousand nine hundred and thirteen.

FRANK V. NOYES,
HERBERT W. RAWSON,
JACOB BITZER,
Selectmen of the Town of Arlington.

CONSTABLE'S RETURN.

Arlington, November 23, 1913.

MIDDLESEX COUNTY.

By virtue of this Warrant I have notified and warned the inhabitants of the Town of Arlington, qualified to vote in elections and town affairs to meet at the time and place and for the purposes herein named, by causing a printed attested copy to be left at every dwelling house in the Town and also by posting an attested copy on the doors of the Town Hall seven days at least before said day of meeting. A notice of the time, place and object of said meeting was published in the *Arlington Advocate.*

(Signed) WILLIAM T. CANNIFF, *Constable of Arlington.*

In pursuance of the foregoing Warrant the inhabitants of the Town of Arlington, qualified to vote in elections and Town affairs, met in the Town Hall, in said Arlington, on Tuesday, the twenty-fifth day of November, in the year of our Lord one thousand nine hundred and thirteen, and were called to order at thirty minutes after seven o'clock in the evening by the Town Clerk, who read the Warrant calling the meeting and the return thereon of the Constable who served the same upon the Inhabitants.

Article 1 taken up. (Choice of Moderator.)

John G. Brackett was unanimously elected Moderator and was sworn to the faithful discharge of his duties by the Town Clerk.

On motion of Truman L. Quimby, Chairman of the Committee of Twenty-one, article 2 was taken up.

Article 2 taken up. (Report of Committee on High School Site.)

John W. Bailey, Chairman of the Committee on selection of a High School site presented the report of the Committee and requested that the same be read by the Town Clerk.

During the reading of the report by the Town Clerk, Mr. Adams of the Committee illustrated the various sites by means of stereopticon views thrown on a curtain on the stage.

The report was a most comprehensive one, reciting that the Committee had investigated in all nineteen different sites,

and gave reasons why certain sites were eliminated from consideration and why other sites were favorably considered. The Committee were unanimous in recommending the Winn farm on Mystic Street as the best site available for a High School building.

It was then

Voted: That the report of the Committee on High School be received.

Mr. Quimby, Chairman of the Committee of Twenty-one, then asked that the report of the Committee of Twenty-one be received and it was so voted.

Mr. Quimby then offered the following motion: "That the recommendations of the Committee appointed April 28, 1913, to select a suitable lot of land for school and municipal purposes, be adopted."

This motion was discussed at length by Messrs. Foster, Peck, Schwamb, Spurr, Birch, Maguire, Perkins, Drouet, O'Leary, Breed and others.

On the question being raised as to whether a vote in favor of the motion (the adoption of the recommendations of the Committee) would bar the consideration of other sites, the Moderator ruled that if the meeting voted to adopt the recommendations of the Committee no other sites could be considered; but that if the vote was negative any site might be considered under Article 3.

On the question being called for, the Moderator declared that the motion as offered by Mr. Quimby was not carried, 165 voting "Yes," 204 voting "No."

Article 3 taken up. (Purchase of a High School site.)

Mr. Drouet presented the Varney and Taylor site for an extension of the present building along Maple Street.

Mr. Birch presented the Schouler Court site, taking the so-called Town dump, owned by the Heirs of Henry J. Locke, and the land and buildings on the easterly side of Schouler Court.

Mr. Maguire presented the Mead lot on Highland Avenue.

The scheme to enlarge the present building by building an addition towards the new Town Hall was also presented.

All of these motions on being put to vote were declared not carried.

Mr. Quimby of the Committee of Twenty-one then offered the motion embodied in the report of said Committee "that the Selectmen be empowered to purchase for school and municipal purposes the Winn farm on Mystic Street at a price not to exceed $33,000."

This motion on being placed before the meeting was declared lost.

On motion of William G. Peck, amended by William C. Drouet to include the Varney and Taylor lots, it was

Voted: That a committee of three be appointed by the Moderator, in or within five days from this date, to bring in their findings and recommendations, in print, relative to the cost of acquiring the Academy site, including the cost of grading and excavation of the same, and excluding from their findings all dwellings on Jason Street, as heretofore proposed by the School Committee; the cost of acquiring, grading and excavating the Varney lots, so called, 21 and 23 Maple Street, with an aggregate area of 26,059 square feet, assessed for $12,712, and affording an additional frontage on Maple Street to the present High School lot of eighty feet. Also, to report their recommendations and findings as to the cost of acquiring and grading the Mead lot, so called, of any part of same with such additional adjoining land, if any, as they may deem proper, being the same site mentioned in committee's report and being item number seven of said report. Said Committee to report to the Town on or before December 15, 1913.

The Moderator within the time allowed under the foregoing vote appointed the following citizens to serve on said Committee:

Rev. Frederick A. Bisbee, Henry W. Hayes, Max H. Meyer.

The number of voters attending the meeting as determined by the Constables in charge of the turnstiles was four hundred and fifty-three (453).

The business calling the meeting having been transacted it was

Voted: That this meeting be now dissolved. Meeting dissolved at five (5) minutes after eleven (11) o'clock.

A true record. Attest:

THOMAS J. ROBINSON, *Town Clerk.*

TOWN WARRANT.

COMMONWEALTH OF MASSACHUSETTS. MIDDLESEX COUNTY.

To either of the Constables of the Town of Arlington.

GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Arlington, qualified as the Constitution requires, to vote in elections and Town affairs, to assemble in the Town Hall, in said Town, Monday, the fifteenth day of December, 1913, at 7.30 P.M., then and there to act on the following articles, viz.:

ARTICLE 1. To choose a Moderator to preside at said meeting.

ART. 2. To hear and act on reports of Committees heretofore appointed.

ART. 3. To see what action the Town will take with reference to the increase and improvement of present High School accommodations, make an appropriation therefor, determine in what manner the money shall be raised, or take any other action thereon.

Hereof, fail not, and make due return of this Warrant with your doings thereon, to the Selectmen, on or before said day and hour of meeting.

Given under our hands at said Arlington, this first day of December, in the year of our Lord one thousand nine hundred and thirteen.

FRANK V. NOYES,
HERBERT W. RAWSON,
JACOB BITZER,
Selectmen of the Town of Arlington.

CONSTABLE'S RETURN.

Arlington, December 13, 1913.

MIDDLESEX COUNTY.

By virtue of this Warrant I have notified and warned the inhabitants of the Town of Arlington, qualified to vote in elections and Town affairs, to meet at the time and place and

for the purpose named by causing a printed attested copy to be left at every dwelling house in the Town and also by posting an attested copy on the doors of the Town Hall, seven days at least before said day of meeting. A notice of the time, place and purpose of said meeting was published in the *Arlington Advocate.*

(Signed) WILLIAM T. CANNIFF, *Constable of Arlington.*

In pursuance of the foregoing Warrant the citizens of the Town of Arlington, qualified as the Constitution requires to vote in elections and Town affairs, met in the Town Hall in said Town on Monday the fifteenth day of December in the year of our Lord one thousand nine hundred and thirteen, and were called to order at thirty minutes after seven o'clock in the evening by the Town Clerk, who read the Warrant calling the meeting and the return thereon of the Constable who served the same upon the inhabitants.

Article 1 taken up. (Choice of Moderator.)

John G. Brackett was unanimously elected as Moderator and was sworn to the faithful performance of his duties by the Town Clerk.

Article 2 taken up. (Reports of Committees.)

Rev. Frederick A. Bisbee then read the report of the special committee appointed November 25, 1913, to investigate and report on the Varney-Taylor lot, the Academy Street lot and the Mead-Highland Avenue lot. The report was in print and had been distributed to the citizens of the Town.

The report was received.

On motion of Truman L. Quimby the report of the special committee was then laid upon the table.

The report of the Committee of Twenty-one was then received.

The report of the site committee recommended the purchase of about 47,303 square feet on Academy Street, at a cost of $18,000.

The Committee of Twenty-one recommended that the area of land be enlarged to 54,903 square feet, at a cost of $22,000.

Article 2 was then laid on the table.

Article 3 taken up. (Proposed High School site.)

Mr. Bisbee of the special committee then offered the motion that the town purchase for a High School site the areas mentioned in the report of said committee's report at a cost not exceeding $18,000.

Mr. Quimby, for the Committee of Twenty-one, offered an amendment that the area recommended by said committee of Twenty-one be purchased at a cost not exceeding $22,000.

Mr. Bisbee of the Site Committee accepted the amendment.

Mr. Lamson offered an amendment that the sum of $110,000 be appropriated for an addition to the present High School building, substantially in accordance with plans previously shown by Professor Peter Schwamb.

Mr. Birch offered a substitute motion that the sum of $30,000.00 be appropriated for the purchase of the Schouler Court site, substantially as shown by him by means of lantern slides thrown on a curtain.

Mr. William G. Peck then addressed the meeting and called the attention of the citizens to the generous donations which the Town had received from the Robbins family, and indicated that it was the desire of the Misses Robbins that nothing should be done by the Town at this time which would in any way interfere with the project of making the square, bounded by Massachusetts Avenue, Pleasant, Maple and Academy Streets, a civic square for park and municipal purposes.

At the request of Mr. Osgood, the Town Clerk read the resolutions passed by the Woman's Club at the meeting of the Club, December 4, 1913. In the resolutions the Club expressed its desire that no action should be taken by the Town which would in any way be antagonistic to the wishes of the Misses Robbins, and that the Club were particularly opposed to the scheme to enlarge the present High School building, either by addition toward the new Town Hall, or by extending the building on Maple Street by the purchase of the Varney and Taylor properties.

The matter of various sites was then discussed by Messrs. Crosby, Birch, Maguire, Schwamb and others.

The amendment offered by Mr. Lamson was then voted on and declared not carried by the Moderator, only six voting in favor.

Dr. John W. Bailey then presented a new site and offered a substitute motion, that the Town take, by purchase or otherwise, a lot of land, not exceeding two acres, from the northeasterly corner of the Locke farm on Massachusetts Avenue, and the land (about 34,413 square feet) and buildings of Timothy Hurley, adjoining, for a sum not exceeding $18,000.

On the question being called for, this substitute was lost. Yes, 120. No, 225.

The amendments and substitute motions were taken up in the order in which they were offered and each was defeated, including the addition to the present building, the Mead lot, and the Schouler Court proposition.

The question then came on the original motion of the Committee of Twenty-one for the purchase of the Academy Street site.

This motion was declared lost, a two-thirds vote of those present being necessary. 190 voting "Yes," 185 voting "No."

The number of citizens attending the meeting as determined by the Constables in charge of the turnstiles was five hundred eighty-eight (588).

Nothing having been accomplished and all articles in the Warrant having been acted upon, it was

Voted: That this meeting be now dissolved.

Meeting dissolved at 11.30 P.M.

A true record. Attest:

THOMAS J. ROBINSON, *Town Clerk.*

TOWN WARRANT.

COMMONWEALTH OF MASSACHUSETTS. MIDDLESEX COUNTY.

To either of the Constables of the Town of Arlington, in the said County.

GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Arlington, qualified as the Constitution requires, to vote in elections and Town affairs, to assemble in the Town Hall, in said Town, Monday, the twenty-second day of De-

cember, 1913, at seven-thirty o'clock in the evening, then and there to act on the following articles:

ARTICLE 1. To choose a Moderator to preside at said meeting.

ART. 2. To hear and act on the reports of Committees heretofore appointed.

ART. 3. "To learn the opinion of the citizens of the Town, in relation to an act of the Board of Selectmen, in issuing a permit to the Arlington Gas Light Company, to erect a plant for the manufacture of water gas, on a location on Grove Street, in said Town of Arlington, said location being adjacent to the Symmes Arlington Hospital; to learn the opinion of the citizens of the Town, as to whether the erection of a plant for the manufacture of gas on said location is for the best interests of the Town, or will be hurtful to the inhabitants, injurious to their estates, or in any way dangerous to the public health, and to take such action relative to the foregoing, if any should be deemed desirable, as to the citizens assembled may seem meet."

(This article is inserted at the request of James P. Donnelly, et al.)

ART. 4. To see if the Town will vote to accept the bequest of Edwin S. Farmer of the sum of $5000 for the relief of poor widows of the Town, in accordance with the provisions of said bequest, or take any action thereon.

ART. 5. To see if the Town will vote to accept the bequest of Edwin S. Farmer of the sum of $5000 for the relief of needy persons of the Town, in accordance with the provisions of said bequest, or take any action thereon.

ART. 6. To see if the Town will vote to authorize the Selectmen to establish and maintain, from the revenue of the Town Hall, a fund for the general maintenance and upkeep of the building, or take any action thereon.

ART. 7. To see if the Town will vote to authorize the Selectmen to establish and maintain, from the revenue of the scenery and piano in the Town Hall, a fund for the maintenance and upkeep of said scenery and piano, or take any action thereon.

ART. 8. To see if the Town will vote to elect its Selectmen and Board of Public Works, beginning with the annual election of March, 1914, one for the term of one year, one for the term of two years, and one for the term of three years, and thereafter one for the term of three years, or take any action thereon.

(Inserted at the request of Roger W. Homer, et al.)

ART. 9. To see if the Town will ask the Board of Assessors to publish the assessed value of real estate in Arlington, including the size, the total value, and the value per foot, or per acre, of each parcel of land tabulated alphabetically by streets and in rotation according to the order of location on each street.

Also, to see if such publication should be bound with the Assessed Polls, with the Town Report, or separately, make an appropriation for the same, determine in what manner the money shall be raised, or take any action thereon.

(Inserted at the request of Roger W. Homer, et al.)

ART. 10. To see if the Town will vote to ask the Assessors to have the tax rate itemized in the Town Report, so as to show what part of same is spent for State, County and Metropolitan Taxes, what part for interest, schools, Board of Public Works, salaries and maintenance, and such other items as may be of interest to the citizens, make an appropriation therefor, determine in what manner the money shall be raised, or take any action thereon.

(Inserted at the request of Roger W. Homer, et al.)

ART. 11. To see if the Town will authorize the Board of Selectmen to assign to the School Committee certain offices in the old Town Hall Building, not now used for Town purposes, or take any action thereon.

ART. 12. To see if the Town will authorize the Board of Selectmen to dispose of such furniture, now in the offices of the old Town Hall Building, as the Town does not require, or take any action thereon.

Hereof, fail not, and make due return of this Warrant with your doings thereon, to the Selectmen, on or before said day and hour of meeting.

Given under our hands at said Arlington, this eleventh day of December, in the year of our Lord one thousand nine hundred and thirteen.

FRANK V. NOYES,
HERBERT W. RAWSON,
JACOB BITZER,
Selectmen of the Town of Arlington.

CONSTABLE'S RETURN.

Arlington, December 22, 1913.

MIDDLESEX COUNTY.

By virtue of this Warrant I have notified and warned the inhabitants of the Town of Arlington, qualified to vote in elections and Town affairs, to meet at the time and place and for the purposes herein named, by causing a printed attested copy of the same to be left at every dwelling house in Town, and also by posting an attested copy of said Warrant on the doors of the Town Hall, in said Arlington, seven days at least before said day of meeting. A notice of the time, place and object of said meeting was published in the *Arlington Advocate.*

(Signed) WILLIAM T. CANNIFF, *Constable of Arlington.*

In pursuance of the foregoing Warrant the inhabitants of the Town of Arlington, qualified as the Constitution requires, to vote in elections and Town affairs, met in the Town Hall, on Monday evening, December 22, 1913, and were called to order at thirty minutes after seven o'clock by the Town Clerk, who read the Warrant calling the meeting and the return thereon of the Constable who served the same upon the inhabitants.

Article 1 taken up. (Choice of Moderator.)

John G. Brackett was the unanimous choice of the meeting for Moderator, and he was sworn to the faithful performance of his duties by the Town Clerk.

Article 2 taken up. (Reports of Committees.)

Under this article William G. Peck offered the following motion which was unanimously

Voted: That this meeting desires to express its sense of

gratitude to those citizens who have served upon various committees appointed to consider ways and means for providing better High School accommodations. The meeting realizes the difficulties encountered by these committees in their work and appreciates the time and efforts they have given to the service of the Town, and that a copy of this vote be spread upon the records.

It was then

Voted: That all committees heretofore appointed for the purpose of considering ways, means, and sites for providing better High School accommodations be honorably discharged.

On motion of Truman L. Quimby it was then

Voted: That Article 3 and subsequent articles in the Warrant be now taken up and that the recommendations made by the Committee of Twenty-one, under these articles, so far as they appear in the printed report, be now considered as before the meeting, to be voted on without further motion, separately, and in the order in which they appear in said report.

Article 3 taken up. (Action of Selectmen in granting permit to Arlington Gas Light Company.)

Mr. Quimby, Chairman of the Committee of Twenty-one, offered the following resolution:

Resolved: That whereas the Board of Selectmen have issued a permit to the Arlington Gas Light Company to erect a plant for the manufacture of water gas, on a location off Grove Street, in said Town of Arlington, said location being adjacent to the Symmes Arlington Hospital, now be it resolved that said action of the Board of Selectmen in granting a permit be, and is, hereby approved.

It appears that the Selectmen acted under the advice of the Town Counsel in this matter, and for them to have refused to issue a permit would have laid the Town liable to an action at law which might result in an expensive litigation. It is the opinion of the Committee, after hearing legal opinions for and against the action of the Selectmen, that the issue, at best, is doubtful, and that the Selectmen took the proper course to safeguard the interests of the Town.

James P. Donnelly, of the petitioners, under this article offered a substitute resolution to the effect that the granting of such

a permit was detrimental to the interests of the Town, and embodying a motion that the same powers now held by the Selectmen in the prosecution of suits for or against the Town be conferred on the Board of Health. This part of the motion was ruled out of order by the Moderator and the question came on the resolution offered in substitution of the resolution offered by the Committee of Twenty-one.

Frank V. Noyes, Chairman of the Board of Selectmen, at the request of Timothy O'Leary, explained to the meeting the reasons why the Board had granted the permit, and called upon the Town Counsel, Philip A. Hendrick, to present to the meeting the legal side of the question and the opinion given by him to the Board as to the rights and authority of the officials of the Town in the premises.

Mr. Hendrick then gave an exhaustive review of the law governing the authority of municipal officers in dealing with public service corporations, and gave numerous citations in support of the advice he had given the Selectmen — that the refusal of the Board to grant the permit would lead to expensive and useless litigation.

The question was then discussed by Messrs. Maguire, Moore and Phinney, and on the question being called for, the resolution as offered by the Committee of Twenty-one was adopted.

Article 4 taken up. (Edwin S. Farmer bequest of $5000 for Poor Widows.)

Voted: That the Town accept the bequest of the late Edwin S. Farmer of the sum of $5000, as provided in his will, and hereby establish a fund to be known as "Edwin S. Farmer Poor Widows Fund," said fund to be administered by the Trustees of the Pratt Fund until the election of Trustees at the next annual meeting, the income thereof to be paid over by the said Trustees to the Overseers of the Poor, and to be expended under their direction for the assistance of worthy widows living within the present limits of the Town of Arlington.

Article 5 taken up. (Edwin S. Farmer bequest of $5000 for needy persons.)

Voted: That the Town accept the bequest of the late Edwin S. Farmer of the sum of $5000, as provided in his will, and hereby establish a fund to be know as "Edwin S. Farmer Relief

Fund," said fund to be administered by the Trustees of the Pratt Fund until the election of Trustees at the next annual meeting, the income therefrom to be paid over by the said Trustees to the Overseers of the Poor, and to be expended under their direction for the relief and assistance of needy and worthy persons living within the present limits of the Town of Arlington.

On motion of Frank V. Noyes of the Board of Selectmen the following resolutions were unanimously adopted:

Resolved: That the Town spread upon its records its appreciation of the generous gift of the late Edwin S. Farmer of ten thousand (10,000) dollars for the care of poor widows and needy persons of the Town. Mr. Farmer had, during his life, served the Town for many years as a member of the Board of Selectmen. While serving in an official capacity and since his retirement the widows and needy people of our Town received his generous attention. His kindness and benevolence should be an incentive to us all, to aid those less fortunate than ourselves in this world's goods, and be an inspiration to all in dispensing that noblest of all virtues, charity.

Be it further *resolved:* That the Town Clerk be directed to forward to Mrs. Edwin S. Farmer a copy of this expression of appreciation by the Town.

Article 6 taken up. (To authorize Selectmen to establish Town Hall Fund.)

The Committee of Twenty-one recommended that all revenue received from rental of the Town Hall be turned into the Treasury, to be used for the general maintenance and upkeep of the building, under the direction of the Selectmen. As this was not the desire or intention of the Board, the matter was referred back to the Committee of Twenty-one to report on at the March meeting of 1914.

Article 7 taken up. (Fund for maintenance and upkeep of scenery and piano.)

The Committee of Twenty-one reported on this article in a similar manner as on Article 6 and it was

Voted: That the subject matter of this article be referred back to the Committee of Twenty-one to report on at the March meeting of 1914.

Article 8 taken up. (Method of electing Selectmen and Board of Public Works.)

The Committee of Twenty-one recommended that beginning with the year 1914, the Selectmen and Board of Public Works be elected for one the term of one year, one for the term of two years, and one for the term of three years, and thereafter, one for the term of three years.

James P. Donnelly made a substitute motion that the question as to the election of the Selectmen and Board of Public Works be submitted to the voters at the annual Town meeting of March, 1914, by placing on the ballot the question, "Shall the Town vote to accept the provisions of the Revised Laws enabling the Town to elect its Board of Selectmen and Board of Public Works, one for the term of one year, one for the term of two years, and one for the term of three years."

On the question being placed before the meeting the substitute motion was declared carried and the Town Clerk was instructed to place the question as voted on the official ballot for the Town meeting of March 2, 1914.

Article 9 taken up. (Publication of assessed values by the Assessors.)

The Committee of Twenty-one recommended that no action be taken at this time.

On motion of Arthur Perkins the following substitute motion was passed:

Voted: That this meeting request the Committee of Twenty-one to further investigate and report at the next annual Town meeting the cost and advisability of the publication of the items as enumerated in the article, and to have inserted in said Warrant for the annual meeting an article covering this subject.

Article 10 taken up. (Percentage of tax paid State, County, etc.)

No action was taken under this article, as the assessors had informed the Committee that it was their intention to include this in their next annual report.

Article 11 taken up. (Selectmen to allow use of office in old building to School Committee.)

As the necessity of the action asked for in the article did

not now exist, the Committee recommended and it was so

Voted: That no action be taken under this article.

Article 12 taken up. (Authority of Selectmen to sell furniture in old Town Hall.)

Voted: That the Board of Selectmen be authorized, in the name and behalf of the Town, to dispose of furniture now in the offices of the old Town Hall building and which is not required by the Town.

The number of voters attending the meeting as determined by the Constables in charge of the turnstiles was 457.

All business calling the meeting having been acted upon, it was

Voted: That this meeting be now dissolved.

Meeting dissolved at 10.45 o'clock.

A true record. Attest:

THOMAS J. ROBINSON,
Town Clerk.

REPORT OF THE SCHOOL COMMITTEE FOR 1913.

To the Inhabitants of the Town of Arlington.

The purpose of the report of a School Committee is to bring to the attention of the citizens of the community the more important factors and conditions involved in the administration of its school system, and perhaps offer certain suggestions and recommendations in relation thereto.

Such being the office of the report, it may seem to some that so far as our municipality is concerned, the wide, varied and persistent discussion during the past year, attendant upon the location of a High School site, has so clearly brought home to our citizens the status of our schools in general that the necessity for any report at all is scarcely apparent. Whether such necessity exists or not is, however, hardly the question, for it may be stated that a law of the Commonwealth requires the School Committee of each city and town annually to report to the inhabitants thereof the condition of its public schools; and as to the discussion referred to, if it shall be fruitful of no other immediate result than to cause to exist in the minds of citizens a deeper, more general and more enlightened interest in our schools, the time consumed will not have been spent in vain.

The object of the present report is particularly to bring to your consideration a few of the material problems now before your Committee, such as the housing problem, relief from overcrowding, the necessity for increases in expenditures, etc.; while those interested in the exposition of present day theories of education and the aims, purposes and accomplishments of our own schools academically are referred to the report of the Superintendent, which appears elsewhere, and in which these subjects are ably and interestingly set forth.

School Growth and Present Accommodations.

The growth of the schools during the past year has been larger than during any year in the history of the Town, there

being nearly two hundred more pupils attending school in December, 1913, than in the corresponding month of the previous year. This growth is divided as follows:

	1913	*1914*	*Increase*
High,	465	502	37
Cutter,	307	333	26
Crosby,	481	570	89
Locke,	547	594	47
Russell	463	449	–14
Parmenter,	147	155	8
	2410	2603	193

Concerning the accommodations in the High School little need be said here. It is, perhaps, sufficient to state that of the present freshman class, numbering one hundred and sixty-seven, nearly fifty per cent are obliged, from lack of room, to be housed in the Locke and Crosby school buildings.

A glance at the above figures disclose that the largest increase is in the Crosby School, where, beside the thirty-two high school freshmen included in the section in that district, there are eighty-nine in the grades. This has necessitated an additional teacher for the first year high school class and one for the grades, as well as an additional assistant, who will become a teacher of a regular class in September, she now having in her room thirty-one pupils of the third and fourth grades. At present there is but one unoccupied room in this building, while one other is used by a small class. If the growth during the coming year is as great as during the last year it is not at all unlikely that every room in this building will be in use within a year unless the freshman class is provided for elsewhere.

In the Locke School the increase has called for one additional teacher. In order to make room for this class, it has, much to the regret of the School Committee, been necessary to request the Branch of the Public Library, which has for three years occupied one of the rooms designed as a classroom, to move to an unfinished room planned for a sanitary on the first floor of the section of the building connecting the two

wings. This has rendered impossible the maintenance of a reading room in connection with the library, the new room being too small for this purpose and used for the delivery of books only. At the present time the school contains sixteen regular classes, and, in addition, because of the fact that the seventh grade has over sixty pupils, a section of that grade, consisting of twenty pupils, is occupying the room designed for a school library.

In the Cutter School, owing to the fact that the first grade enrolled fifty-four and the third grade fifty-six pupils, it was necessary to make a small class of twenty-two children, which is using the library room of that building as a classroom. These library rooms are not well fitted for classrooms because of the size and the lack of ventilation.

As to the Russell and Parmenter Schools, it will be seen that they have sustained no material change in membership, and none is anticipated in the immediate future, although both buildings have every room occupied.

Present Accommodations Inadequate for 1914.

From a careful perusal of the above, it must be apparent to every one that the limit of school expansion in our present buildings has at last been reached, and an outlet must be provided somehow. The condition at the High School compels action. The expedient of distributing freshmen among the other schools has been pushed to the extreme. The graduation of the present senior class will scarcely make room for the freshmen now attending the Locke and Crosby Schools. The impossibility of housing in the present building that part of the incoming freshman class provided from the Russell School, as has heretofore been done, is inevitable; and even if a place can be found for one of the two sections coming from that district, the situation will, nevertheless, leave the other section in a state of exile.

It is further apparent that the growth in the grades calls for additional grade school accommodations in the Locke and Cutter districts. An increase in our High School accommodations by September, 1914, enabling us to remove the ninth grades and freshman class, the former into the present High

School building, and the latter into a new High School building, thereby relieving the Locke School to the extent of four rooms, which could, in a measure, be shared by the overflow from the Cutter School, has been hoped for. Recent developments, however, have forced the belief that no matter how speedy the action of the Town, it will be impossible under any circumstances for a new High School building to be erected in season to be available next fall. The question therefore presents itself: How can we best provide the necessary accommodations so as to relieve all sections for a temporary period without indulging in expensive and wasteful subterfuges, or resorting to that miserable make-shift, double sessions, condemned by all educators and to be characterized in no other way than as economy at the expense of education?

Cutter School Enlargement.

Your Committee believes there is but one solution of the problem that ought to be considered. The original plans of the Cutter School provide for an addition to the present building, duplicating the eight rooms now in use. The connecting wing already exists, and it is probable that such an addition could be built for from $35,000 to $40,000. This duplication will be required in a few years in any event, and may as well be undertaken now. With such an addition the freshman class, now scattered, could be concentrated in this building for one or two years, which would enable us to dispense with the services of one less High School teacher than will be required next year under existing conditions, besides giving the pupils the benefit of more expert teaching, since the teachers, while having more recitations, would have fewer subjects to teach. The relief in terms of rooms thus furnished would consist of two rooms in the Locke School, three rooms, besides those used for freshmen, in the Cutter School, and one room in the Crosby. Unless this provision is made, it will be necessary, in order to provide for at least one section of the incoming freshman class from the Russell School, to construct, as an extreme measure, a class-room on the third floor of the present High School building by cutting into

the roof and otherwise, at a cost probably not under two thousand dollars.

School Expenditures.

Owning to the fact that both the tax rate and, to a certain extent, the valuations, have been advanced during the past year, the School Committee has hesitated to put into the budget a request for funds to provide Domestic Science instruction, a school nurse, an "opportunity class" for backward children, and other things which would add to the efficiency of our school system and bring us up in these respects with most of our neighbors in the metropolitan district. The growth of our schools, the advances in salaries necessary to keep our efficient teachers and provide new teachers of equal excellence, the increasing cost of books and supplies of all kinds due to the general increase in cost of production, makes it necessary to ask for an appropriation this year considerably in excess of last year's requirements. The following tabulation shows the amount spent in 1913 and the estimated expenditure for 1914:

	Spent in 1913	*Estimated 1914*
Salaries,	$70,123 21	$75,000
Fuel and other expenses, including tuition,	14,419 06	15,000
Total school account,	$84,542 27	$90,000

The increase in salaries is accounted for by the addition of five teachers in September, whose salaries were paid for only four months of last year, and for whom we must provide payment for ten months this year, and by providing in our estimate for three additional teachers from September next to January, 1915, and by the further provision for the guaranteed increases of those teachers employed during the first two or three years at salaries less than the maximum. New pupils must also be provided with the necessary books and supplies, and worn out books and material must be replaced. The above constitute the principal elements of expense attendant upon our school administration, but in addition to those enumerated the constant growth and expansion of our school system calls for

sundry other increased expenses, which it is hardly necessary to take the space to mention.

Relation of Tax Rate to Cost of Schools.

To those who may think that the high tax rate is due to abnormal appropriation for school maintenance, the following facts and figures prepared largely from the annual report of the State Board of Education by Mr. Henry S. Adams, of the Board of Public Works, should be particularly illuminating and a decisive answer to that query:

Arlington stands, in comparison with 34 towns and cities around Boston, as follows:

Nineteenth in population in 1910, being 11,187.

Twenty-first in valuation April 1, 1911, being $13,110,483.

Seventeenth in value per inhabitants, being $1070, the average for the Metropolitan District being $1460 and for the State being $1160.

Eighteenth in registered school pupils, the number in 1912 being 2463.

Sixteenth in school attendance, the average attendance being in 1912, 20.96.

Fifteenth in number of High School pupils, the number being in 1912, 426.

Tenth in ratio of High School pupils to total school pupils, the ratio being in 1912, 17.2.

Twentieth in appropriation per pupil, the amount being $35.42, the average for the 33 cities in the State being $40.50 for the 71 towns, with a population of over 5000 being $33.90; the average for the entire state being $36.19.

Twenty-third in cost per pupil for High School, the amount being $50.40, the average for the 33 cities in the State being $59.70 and for the 71 towns with a population of over 5000 being $51.20.

Tenth in amount appropriated for schools per $1000 of valuation, the amount being $6; the average of the 33 cities in the State being $4.18, of the 71 towns with a population of over 5000 being $4.85, and of the entire State being $4.71.

Third in tax rate in 1913, which is $22.60, and is only

excelled by Stoneham, $24.80, and Quincy, $23.70, although Revere is close, being $22.40.

The above facts disclose that no extravagance has been practiced in dealing with school expenditures, and that the cost of the schools has simply kept pace with their abundant growth.

A Word in General.

A reasonable consideration of the character of our schools and the work accomplished during the past year ought not to be conducive of pessimism. Notwithstanding some embarrassments, teachers and pupils have, as a whole, labored with a spirit of harmony and zealousness which augurs well for the future prosperity of the system. The standard both of conduct and accomplishment has been fully maintained, while the careful extension of the curriculum has afforded further opportunities for work and training which the pupils have been quick to recognize and to take advantage of. It is worthy of note, also, that owing to the advent of the new Town Hall the ninth grades from the several schools were for the first time for many years able to assemble under one roof and hold their graduating exercises in a body. The event was both pleasing and interesting, and the ability to thus hold these exercises in the future cannot fail to have a beneficial effect upon the minds of the younger pupils.

Finally, it may be said that Arlington has reason to be proud of its schools and the ideals for which they stand. Its systems may not be perfect, and your Committee is conscious of some defects; but when we consider the spirit of earnestness and intelligent helpfulness which pervades our whole school administration from the superintendent to the teacher of lowest wage, we are convinced that so long as that spirit continues the citizens will have no occasion to be ashamed of the quality of the schools or the Committee of its stewardship.

Respectfully submitted,

ALTON F. TUPPER, *Chairman.*

REPORT OF SUPERINTENDENT OF SCHOOLS.

To the School Committee of Arlington:

The school reports of the last eight years cover a large number of pages, and it is hoped that, in some measure, they have justified the labor involved in their preparation. As one turns his thoughts towards the preparation of another report, he asks himself, "What are the aims to be considered?" The term "report" indicates that the writer is called upon to give an accounting to the School Committee, and through them to the community, which shall contain such facts and outline such policies as may be of immediate and possibly of future importance. The only history of the schools of Arlington during the last quarter of a century is to be found in the reports of the School Committee and, of late years, of its executive officer. This function of the reports is by no means unimportant. Through the exchange of school reports is gained a knowledge of educational experiments and experiences. It is quite unnecessary and exceedingly wasteful for any town or city to disregard the experiences of some other town or city and insist on learning from its own experience what the outcome may be of some policy which has been tried and discredited in other communities. Benjamin Franklin said, "Experience is a dear school, but men will learn in no other, and fools scarcely in that." A school report should so inform the community of matters regarding which it may be called upon to render a decision, that it may act wisely. By its frankness it should attempt to foster that vital interest in the welfare of the schools upon which their present well-being and their progressive development largely depend. Perhaps the most that can be reasonably hoped for is to do something to keep prominently in the foreground of popular consciousness a constant recognition of the indispensable conditions necessary for the existence of good schools.

What the Schools of Arlington are Trying to Do.

For almost the first time in the history of the world the people of America are working out the great experiment of educating themselves. It is imperatively important that the people who support the schools should properly understand

them. Criticism and inquiry into the methods and curriculum of our schools are indicative of a healthy condition. It is well for all to understand the limitations of the schools. The over faith in the efficacy of schools of the last generation has had many severe jolts. Such criticisms as I spoke of in my last year's report, unfair and incorrect as they were, have proven valuable in that they directed the attention of thinking people towards a careful consideration of the facts and created a demand that such faults as do exist (and in all humility educators acknowledge there are faults) be corrected.

It being the business of the school to make good citizens, cultured men and women, it must be borne in mind that other agencies than the school are required to produce the finished product. The home, the church, the street, the playground, and the library must each contribute its part. Education is not merely a matter for the school; it requires intelligent co-operation of all the forces to accomplish the desired result. Parents in particular must co-operate with the school, not only in sympathy, but through an acquaintance with the controlling and progressive tendencies of education.

To summarize in a single sentence the aim of our schools, I shall paraphrase a statement made by Superintendent Spaulding of Newton: The schools of Arlington are trying to educate all the boys and girls of the town from five to about eighteen years of age; the schools are trying to educate every one of the children and youth with individual discrimination, that is, in a way to develop the natural capacity of each one so that each one will be able and disposed to render the largest possible service to society throughout his life beyond the school.

While the compulsory school age for the State includes the years between seven and fourteen, most people in this town wish to send children to school at five years of age, and practically every child of six is in school. While these children of five and six are welcome and expected to attend the grade schools, they cannot be compelled to attend under seven years. It is one of the aims of the schools to so interest children between seven and fourteen years, that children and parents will think it worth while to attend school, regardless of the

law. While a child fourteen years of age or over is not compelled by law to attend school if he has completed the fourth grade of school work in language and has some regular employment, we are so firmly convinced of the importance from an educational standpoint, of the value of the period from fourteen to eighteen or nineteen, that we try earnestly to hold boys and girls in school during that period. By careful study of the individual needs, abilities, and prospects, we are trying to do the most possible for each pupil within the limits of our equipment. Previous to the last eight or ten years the policy of school systems might be briefly summarized as follows: Here is a curriculum in our judgment best suited to the education of boys and girls, here is our organization, and here are certain conditions imposed uniformly upon all children who become pupils in our schools. These conditions we believe to be wise and we mean to maintain them; pupils are welcome to remain as long as they conform to them. We will do the best we can to educate efficiently the pupils who come to us so long as they fit our organization, and here our responsibility ends. If children leave school, we are sorry, for some day they will realize their mistake. Now in all progressive school systems, the attitude is entirely changed. We say: Here are the children of our community that we have to educate. These children differ not only in age and sex, but in natural capacities, possibilities, and inclinations; it is our duty to study the needs, possibilities, and inclinations of these children individually. In the light of the knowledge so gained, we must adapt our curriculum, our organization, and our conditions so as to contribute most efficiently to these needs and possibilities; we must constantly adapt our means and methods of education to meet the changing needs of successive groups of children. If children leave school, we no longer say that we are sorry that they could not be wise enough to take advantage of the rich educational opportunities freely offered, but we ask ourselves, "What is the matter with our school?"

It will be readily understood that not all children over fourteen years of age should continue through the high school. There are individual cases who, for personal or other reasons, ought not to continue in the high school. Such pupils we not only do not try to hold, but we discourage or practically

forbid their further attendance. These cases are comparatively rare and are the result of the same individual study and discrimination which causes us to encourage others to continue and even seek means of financial help for them that they may continue, if the necessity for leaving is of a financial nature. It is interesting in this connection to note that the free employment bureau conducted by the principal of the High School placed 123 boys and girls during the last school year in positions for afternoon or evening work. Over twenty per cent of the pupils in our High School contribute to their own support through out-of-school work, earning from one to eight dollars a week, and many of these are among our best students.

The success of this changed attitude is evidenced by the remarkable growth of our High School and the fact that the percentage of increase in enrollment of pupils over fourteen years of age is more than three times that of pupils of compulsory school age. If it is fair to estimate the efficiency of a school system by the quantity and quality of its output, in respect to quantity at least we may be considered efficient. The quality of the output is more difficult to determine, but in so far as it may be measured by the success of our graduates in college and the success of our commercial students in securing and holding good positions, we are certainly not going backward.

We find some people, perfectly honest and conscientious who regret the departure from old lines characterized by a required course demanded of all, and maintain that if a child finds Latin or geometry hard and he dislikes it cordially, that is just what he ought to have; and if, on the contrary, he enjoys manual training or chemistry, he doesn't need these, because he will get them in some way. Such a position is fundamentally wrong. This time of adolescence is a period in children's lives when it is especially true that their tastes and interests differ and become pronounced, and they should be allowed to work at something which they like and which is at the same time worth while. Some people make the very common mistake of not discriminating between disagreeable work and hard work. No person works with enthusiasm at a task in which he takes no interest. We aim at helping children to work hard at interesting subjects rather than to force them

to work at tasks in which they have no interest and for which they have no liking. The result of the old method was to produce in many cases the shirk and the chronic loafer. The boy who voluntarily returns to school afternoons for work on turning lathes or cabinet work, in chemical laboratory, or on the typewriter, is not the less earnest student because he is not being forced through some traditional subject which does not interest him. The effect on the regular courses, freed of the disinterested pupils, is remarkable.

Change for the sake of change cannot be countenanced, but without change there can be no progress. One who will take the time to study first hand the work of the school will be impressed by the change of method due to a change of aim. As I have said, during the last five years efforts have been made to make the studies fit the needs of the boys and girls who belong to it, rather than to make the pupils fit into a course of indifferently taught studies. Two departments, modern language and science, have made especially gratifying advances, while mathematics, Latin, English, and history instruction are awakening. A few years ago modern language was generally taught almost wholly from a textbook of grammar, so that pupils after two years had read a little classical French or German, but found so little enjoyment in it that they never read it thereafter, and soon forgot what little they had known. With the conversational method now in use, in two months they have a more facile use of the language than they had after two years of grammar drill. The class room work is supplemented by work done in modern language clubs. This has resulted in an increase of over eighty per cent in the number of pupils electing German this year.

A few years ago science was taught deductively, or, if inductively, with materials unrelated to the child's life. Today we study the chemistry of the home, analyzing water, testing milk, making baking powder, dyeing, making soap, studying foods, etc.; in physics we study the gas engine, gas and electric meters, the motor, wireless telegraphy, etc., while the work is supplemented by visits to large manufacturing plants. The result of this is a growth of thirty-seven per cent of

pupils electing scientific subjects. Civics no longer treats of government exclusively on the structural side; it must make clear to the pupil his duties as a member of the school, of a neighborhood, of the town, as well as his relation to his State and his Country. History is no longer an array of facts to be memorized and soon forgotten; it has become a study of the growth of nations and the result produced upon our own government and civilization, with current history carried on, and correlated with that of ancient times. English classes no longer merely commit to memory rules of rhetoric and read over examples in which they are embodied; the pupils must read entire selections, illustrating effective modes of expression, and write a great deal on familiar subjects in a direct, clear, and pleasing manner. Algebra must solve practical problems and must relate itself to everyday affairs. It must teach the practical use of the graph and the plotting of curves. Latin, which has been taught in a formal, deadening manner for a century, is losing its grip; every year fewer elect it. It must be vitalized, made interesting, and shorn of much of its grammar if it is to survive. And perhaps what is most important, we are trying to teach our pupils, as yet with only moderate success, to read and to want to read such parts of our literature as are worth while. In the grades, we are emphasizing the fundamental operations in arithmetic and giving special attention to writing and language work as a foundation for life in the workaday world or for future study. We are trying to reduce the number of retarded pupils by conscientious work with individual pupils, and we are making efforts to allow bright children to progress as fast as is consistent with their best interests.

Grading and Promotions.

In Massachusetts the prevailing plan up to the last few years has been a nine-year course below the High School. Sentiment is rapidly changing in this respect, however, and today practically fifty per cent of the cities and towns of the Commonwealth have adopted an eight-year plan for the elementary schools. Outside of New England a nine-year course is little known. In the country at large, including New England, about eighty-

five per cent of all cities and towns having four thousand inhabitants or more have an eight-year course, while several important places have a seven-year course. By making our grading flexible and by giving groups of children of unusual ability an opportunity to advance more rapidly through the course of study, many pupils have been enabled to complete the elementary grades in eight years or less. The object accomplished by this is primarily educational in its nature, though the element of saving to the town is not to be disregarded. A committee appointed by the National Education Association to report on Economy of Time in Education has recently sent out a report through the United States Bureau of Education, a few quotations from which may be interesting:

"We approach now the question of saving time in the elementary period or of accomplishing more within the time. There must be important reasons why in Germany, France, and England the secondary graduate is believed to be two years ahead of our High School graduates. Here are some reasons, assigned by a recent writer, for the superior progress in German schools: Beginning many subjects earlier than is the custom in America, such as foreign languages, elementary science, history; absence of marks and examinations; *care of pupils as individuals;* greater length of school year. But this subject is treated in the special reports of Superintendent Van Sickle, Superintendent Smiley, and Professor Suzzallo.

"The committee agree that there is much waste in elementary education, and that the elementary period should be from six to twelve. Nearly all of our correspondents are emphatic regarding waste and the importance of shortening the entire period of general education. Saving of time can be made in the following ways:

"The principle of selection is first: Choose the most important subjects and the most important topics; make a distinction between first-rate facts and principles and tenth-rate; prune thoroughly, stick to the elements of a subject; do not try to teach everything that is good; confine the period of elementary education to mastering the tools of education. This does not prevent inspirational work, which is a demand on the skill of the teacher rather than on time. A great secret of

education is to accomplish a maximum of training with a minimum of material. This is especially true of formal subjects; it is true also of inspirational subjects in that after a general survey of the field emphasis should be placed upon a few selected points. Under the conditions above enumerated the formal elementary period can end in six years."

Superintendent Van Sickle of Springfield, a member of the committee who investigated the elementary school section, says in his report:

"Worcester, Indianapolis, Baltimore, Lincoln, Harrisburg, and Rochester, by maintaining special classes for exceptionally capable children, have shown that it is possible for able pupils to save one year between the sixth grade and the twelfth, with other advantages to themselves besides the saving of time. . . . One correspondent cautions, 'We cannot make or produce maturity by hastening a process,' and another adds, 'It is a biological fact that children must have time to mature,' and this is quite true, but maturity advances at different rates with different children, and any scheme of education that fails to discriminate between those who develop slowly and those who develop rapidly is not only irrational, but essentially undemocratic. The problem that must be solved before society can utilize to the full its human resources is how to make adequate provision for the rate of progress suited to varying grades and types of intellect without departing from the democratic ideal of equality of opportunity for all. Equality of opportunity and identity of opportunity are far from being equivalent terms, yet the necessity we have been under, particularly in our large cities, of educating children in 'shoals' has unquestionably resulted in pushing uniform requirements too far, thereby retarding the abler pupils and discouraging the weaker ones. Our educational machinery is so adjusted that as a rule even those pupils who are quite capable of meeting the standard of progress here advocated have little chance to do so. They can advance only as the soldier does on the march — at the pace of the army as a whole.

"We are assuming in this committee that it is possible and desirable to end the college and begin the university at twenty

instead of twenty-two, thus saving two years during the whole period of education, and we readily admit the responsibility of the elementary school for a share of this saving, but in accepting twenty as the age at which the college course should be completed we have in mind the abler students, not all students. The age of twenty may be taken as properly marking the age boundary between general education and specialization for the abler students, but to hold to this criterion for all students would be equivalent to saying that only the highly gifted should attempt to climb the educational ladder as high as the college level — that only the gifted can be benefited by the higher education. . . . Some children are as mature mentally at twelve as others are at fifteen, and they keep the lead they have gained and even increase it if they have a fair chance to do so. They ought to have this chance, but the provision made for their unhampered progress should not deter the slower minds from entertaining college and university ambitions. Our organization should be flexible enough to accommodate itself to all whose circumstances permit them to aspire to a college education, whether their mental make-up allows them to complete a college course at the age here suggested (20 to 22) or not. The flexibility needed for the attainment of this end should work equally to the advantage of the rapid and the slow."

This matter is brought to your attention at this time in order to justify, if any justification is needed, the flexibility of our grading system. The quotations show that this is no hobby, but a well-recognized policy which the most progressive educators would carry far beyond anything we have been able to accomplish. It need hardly be said that this is one of the progressive lines of school administration. While I know that this policy is cordially commended by most thoughtful people, it is but natural that some should feel that children are being hurried or forced. We can assure such people that there is no desire to force children in any way. The parents of accelerated pupils are consulted, and if any child is found to be doing more than seems wise for him in the light of thoroughness and his natural and logical development, he is put into a group of whom less is required, if the parent so desires.

The course of study for the elementary schools is divided into nine sections, each supposed to contain the material for a year's work for the child of average ability. But children differ as much in ability as in height, weight, or looks. Our plan as generally carried on resembles the so-called Cambridge plan. As may be seen by the tabulation showing the promotions, non-promotions, and accelerations which follows, by far the largest number of those who have gained a year have done so between the sixth and ninth grades. The manner of accomplishing this usually is as follows: A section made up of the most gifted children of the sixth grade do not only the work laid out for this grade but part of the work of grade seven; the next year they finish the work of grade seven and do a large part of the work of grade eight; the final year they finish the work of grade eight, usually by Thanksgiving or soon after, and the ninth year work is finished by June. In this way an eight-year grammar school course is provided for pupils of more than average ability.

The accelerations in the lower grades are generally brought about in rooms in which there are sections of two grades. The advanced section of a lower grade is grouped in a room with a slower section of the next higher grade. By receiving additional attention before school and after school, as well as in school hours, these bright children of the lower section are able by the end of the year to catch up with the slower pupils of the higher section. The next year they enter the next grade with a teacher informed as to what has been accomplished during the preceding year and what needs still to be done. Soon, by extra efforts with these children, they are able to draw up to a level with the best of the grade. It will be seen that by both of these plans there is no "skipping." It is more rapid progress for those who are so constituted that the frequent reviews and constant drills so necessary for the slower pupils are not required by them. The proof of the working of this policy is the excellent grade of work maintained by pupils in the High School who have done the work of the grades in less than nine years.

Being human, we sometimes make a mistake in selecting

pupils who can successfully do work of this nature, but we are constantly striving to minimize these mistakes.

The following table gives the results of the work accomplished last year as indicated by promotions:

	Whole Number	*Promoted*	*Not Promoted*	*Per cent*	*Gained a Year*	*Per cent*
Grade I	227	197	30	13.2	8	3.5
Grade II	226	212	14	6.2	17	7.5
Grade III	195	178	17	8.7	19	9.7
Grade IV	281	267	14	5.	18	6.4
Grade V	232	216	16	6.9	22	9.5
Grade VI	209	201	8	3.8	10	4.8
Grade VII	209	200	9	4.3	54	26.3
Grade VIII	149	143	6	4.	0	0.
Grade IX	163	156	7	4.3	0	0.
Totals	1891	1770	121	6.4	148	7.8

While the per cent of non-promotions is six-tenths of one per cent more than during the preceding year, the number of accelerated pupils is greater by two per cent. The cause of the increase in those held back was that we had two very large classes in the Crosby School for the greater part of last year. When it is noted that less than eight pupils out of every one hundred gained a year, it can hardly be charged that an undue number are advancing rapidly.

The following table shows the per cent of repeaters for a series of years:

June 1905.....18.5%	June 1909.....11.8%
June 1906.....14.4%	June 1910.....10.5%
June 1907.....13.4%	June 1911..... 8.8%
June 1908.....12.5%	June 1912..... 5.8%
	June 1913..... 6.4%

The age and grading distribution table differs from that of the last two years in that it includes the High School classes also.

As a proof of the fact that the chronological age and the mental age do not correspond, the following tabulation needs little comment. It will be seen that ten-year-old pupils are

found in every grade from the first through the eighth, and fifteen-year-old pupils work in every grade from the fifth to the thirteenth.

AGE AND GRADE DISTRIBUTION, SECOND MONDAY IN DECEMBER, 1913.

GRADES	AGES																	
	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	Total	Above Norma	Percent
I	166	116	33	5	1	1	1	...	...	...	...	...	...	...	...	323	41	12.7
II	1	80	119	39	5	5	...	...	...	...	...	...	...	...	...	249	49	19.8

Post Graduates	...	...	...	...	...	...	...	...	...	...	...	1	3	3	...	7	0	....
Totals — High	...	...	...	...	...	...	...	2	41	71	123	129	79	49	11	505	79	15.6
Grand Totals	167	200	260	244	224	192	230	222	226	181	193	146	79	50	10	2625	605	23.

The figures between the two dark lines show the numbers of pupils of normal age for the grade, 1807 or 69%; those to the right show the numbers above normal age for the grade, 605 or 23%; those to the left show the numbers below normal age, 213 or 8%. While some of the retardation shown by the number of over age children is caused by late entrance, it is true that two-thirds is caused by slow progress through the grades either in our own Town or elsewhere. A large number of the new pupils above the first grade who enter our schools are over the normal age for the grades they enter. Much of the retardation, however, has occurred in our schools, and if blame attaches thereto, we must assume it.

High School.

The importance of this department of the school system and the fact that it includes nearly one-fifth of the school children and absorbs more than one-fourth of the entire

amount expended for schools lead one to note a few facts with respect to its welfare, despite the fact that an excellent and comprehensive report of the school is appended in the report of the principal.

There is a tendency at the present time in most communities to keep children at school. There is little doubt that a law will be enacted before many years which will raise the age of compulsory school attendance to sixteen years. There were 163 graduates from our grammar schools last June, while the freshman class enrolled 170 pupils in September. This is accounted for by the fact that although all who graduated did not enter the High School, pupils entering from the parochial school and from new families more than made up the number. More pupils are continuing through school than ever. Last June 68 pupils graduated from the High School from a class which numbered 112 in the freshman year, 60.7 per cent, which is unusually large. If all the pupils of the present senior class are graduated in June they will number 78 graduates out of 119 who entered as freshmen in 1910, 65.6 per cent, an unusually large proportion, hardly excelled anywhere. Of the 68 who graduated in June, 31 entered some higher institution of learning.

All except those entering Harvard, Radcliffe, and the Institute of Technology, which institutions receive no pupils on certificate, entered on a certificate from the school. If pupils do their work faithfully in the Arlington High School, they can secure therein adequate preparation for any of our higher institutions of learning.

But the preparation for college is only one of the duties which a High School has to perform. Twenty-one pupils graduated from our commercial department; and all but one of these have regular positions in which the remuneration varies from eight to twelve dollars a week. Several had positions awaiting them upon graduation and some were working before graduation. Others, however, had to wait several weeks before securing positions, in spite of the fact that the graduates of our school are recognized by the agencies connected with the various typewriter concerns as superior operators. The explanation of this is simple: nearly all high schools are now

teaching stenography and typewriting, and a large number of commercial schools in and about Boston are turning out stenographers with surprising rapidity and of fair efficiency. The supply of trained but inexperienced stenographers has increased much more rapidly than the demand. Business men are no longer willing to spend their time breaking in inexperienced help. We must face the fact that it will become more and more difficult for us to place our graduates unless they are of a very superior type, or unless they have had some actual experience with real office work. I recommend that the fourth year commercial pupils be permitted to spend four or five weeks in an office, without pay, provided places can be found for them, doing whatever they are asked to do, and for this school credit be allowed, and some recognition of it given by special certificate. This would give our graduates a decided advantage over graduates from other schools.

Of High School accommodations I need hardly speak. The sanitary accommodations for the large number of girls in our High School are totally insufficient. We are embarrassed in other ways of which you are aware. We are doing and shall continue to do our best under the conditions until the Town sees fit to furnish additional accommodations. I hope for the good of the children that we shall not be obliged to have two shifts of pupils and teachers to carry on the work.

The complex nature of a school which has grown to be as large as ours should not be lost sight of. The Science Department, for instance, must cater to the needs of a boy who is headed for a cultural course at Harvard, for the boy who intends to take a scientific course at Technology, the boy who intends to enter a trade, and the commercial student who is to enter an office — to say nothing of the girl who is to make a specialty of domestic science with a view to being a nurse or housekeeper, and the young lady who is to specialize in art; and all this in a laboratory built twenty years ago to prepare small classes of students for the college entrance examinations of that time.

The spirit of work and discipline of the school are most commendable. We confess in all humbleness of spirit that we do not succeed as we could wish with all pupils, but teachers

are not only willing but anxious to help and encourage all who are failing. Occasionally we find a parent who attributes all failures of his child to the teacher. Unless a pupil comes to school with some interest in intellectual matters and with a disposition to study, the most earnest teacher with large classes must occasionally fail to obtain a passing mark for him. This is not to suggest that the failure is necessarily due to the parent. It may be the result of environment or of his great-grandparents, but unless the evidence is clear it should not be debited to the teacher. We feel our failures keenly and the report of the principal shows how carefully these are recognized and recorded, and every opportunity and encouragement offered pupils to make up their failures.

Vacation Schools.

Three Vacation Schools were in session for five weeks during the last summer. The Russell School had the largest number, an average attendance of 172; the Crosby School averaged 135, and the Locke had 90. The funds necessary for the support of these schools were furnished in the Russell by the Civics Committee of the Woman's Club, in the Crosby by the Crosby School District Association, and in the Locke by the Locke School Association. Forty-nine pupils gained a promotion lost in June, while an equal number were strengthened in subjects in which they needed help and secured a clear promotion instead of a conditional one. Beside the regular school subjects, basketry, sewing, dressmaking, knitting, crocheting, and embroidering were taught, and the exhibitions held during the closing days testified to the value of the work to the children. Organized play was taught by three experienced playground instructors.

Superintendent Nickerson of Medford says: "The growth of the summer school idea in public school administration is due to the conviction (1) that the child who must spend the greater part of the long summer vacation amid city conditions is better off physically, mentally, and morally to have an opportunity to participate for a portion of the time in organized educative work than he is to be left largely to the unsupervised activities and influences of the street; (2) that the public

school system is the natural and most efficient agency to provide such educative work, and (3) that the closing of public school plants to usefulness during the long summer vacation, when there is important work to be done for young people, is not economical from the point of view of the highest public welfare.

Professor Lackey of the University of Nebraska said before the meeting of the Department of Superintendents of the National Education Association: "I agree with Superintendent Elson that the lengthening of the school year is in accord with present-day thought. In the first place, it has been found to work favorably with non-promoted children to have a lengthened summer term. Many have made in a few weeks or months what would have otherwise necessitated a year's difference in grade. . . . The processes of learning are going on all the time in every healthy child. Mental growth, like physical growth, is a continuous process. . . . Since growth does not stop during the summer, there is no good reason why the education should. . . . The School is the child's workshop and recreation center. Here he acquires the habits that give meaning and direction to his after life. When in business, his shop will not close for a summer vacation, and neither should he form habits in youth which would make a prolonged vacation seem necessary. Not only is there an expensive school plant remaining idle many months of the year, but the accumulating physical and mental energy of the children is being wasted for the want of direction; or what is more discouraging, the city children are forming the habits of the gang, the loafer, and the hobo. The lengthened term would add to the moral tone, better the health conditions, save both money and time, and strengthen the mental product."

Vacation schools should become a recognized department of our school activities, supported by school funds.

Athletics.

School athletics have passed through three successive stages in this country as far as school authorities are concerned; first, that of opposition to their growth; second, that of toleration; third, that of co-operation and encouragement. The

general public has gone through the same stages, and while there are still some people who are in the first or second stage, citizens very generally are in the third stage. The question that we are now facing is: Are we doing all we should in the way of direction and encouragement? The evident weakness of our system is that the number of pupils who are benefited by athletics is entirely too small, and those are usually the ones who are least in need of encouragement because they would get physical exercise anyway. It is a striking fact that up to the last year or two, few besides those who succeeded in making school teams got any very direct benefit from school athletics. We are now convinced that it should be the purpose of the schools not to make star athletes, but to furnish a wholesome physical training for every boy and girl enrolled in our schools. During the last year the playground director, freed from the duties of coaching teams, except the cross-country runners, has been using his efforts to interest a large number of those who are not on teams to take regular and systematic athletic exercise. The success attained has been encouraging, but we are still a long way from reaching the condition which we hope to obtain.

Some of the large cities have organized public school athletic leagues, the purpose being, as stated in the organization of the New York league, "to provide healthful, joyous, constructive play, folk dances, and athletics for every boy and girl." The object of these leagues is to build up a great system of athletics that shall reach not only the few athletically inclined boys but the whole mass of boys and girls in the public schools. To accomplish this, two special forms of competition have been inaugurated which we hope to see adopted for our playground during the next year. The first of these, "class athletics," is a form of competition in which the whole membership of the class takes part, and the record is made not by individuals but by the class as a whole. For instance, in the standing broad jump every boy in the class must jump, and the records of all jumping are added together and the total distance is divided by the number of boys taking part. This gives the average jumping ability of the class. This record being compared with that of other classes of the grade gives the

championship class, which may be given some small trophy to be hung in the classroom. This method of competition reaches every boy, and class spirit forces him to train conscientiously to do his very best at the time of the competition. I am told that in New York it is not an unusual sight to see classes in groups on the athletic field or in the alleys practicing for an event that is soon to take place, the more expert coaching others, and all together developing a class spirit that is most wholesome. In this form of athletics the small class has as good a chance of winning as the large classes. Another method is known as the athletic badge test. This is quite different from any other kind of athletics in that it is not necessary to defeat some one in order to win. Every boy who can bring himself to the prescribed standard of physical efficiency and who at the same time is doing satisfactory work in school, both in lessons and in conduct, may win the athletic badge. The boys are divided into two classes for this competition and events are prescribed suitable to each group. Boys under thirteen years of age have the following standard:

Eighty-yard dash in twelve seconds; pull up four times; standing broad jump, five feet, nine inches.

All other elementary school boys have the following standard:

Sixty-yard dash in eight seconds, or one hundred-yard dash in fourteen seconds; pull up six times; standing broad jump, seven feet six inches.

We should doubtless find, as has been found in many places, whole classes in which no boy can pull himself up (chin himself) once. In New York at first, less than two per cent of those taking part were able to qualify. Later in one school fifty-nine per cent won badges, and in some other schools between forty per cent and fifty per cent of the boys were able to qualify. The question of how to raise the money for these badges is an important one, about which I hope many friends of the children will see fit to advise us.

School athletics must be closely correlated with the school if we would secure the desired result of a good school spirit, better classroom work, better deportment, and better health. Our rules of eligibility of school teams in the High School are very strict and are approved by the students. Good conduct

and good scholarship are absolutely required of every boy who represents the school in any athletic contest.

We have an excellent athletic field which is being used practically all the time when the weather permits. An athletic director has increased the value of the field beyond computation. The grand stand is an ornament architecturally and a source of great satisfaction to not only the pupils but the citizens of the town who are interested in athletics. The finishing of a dressing room and locker room under the grand stand has added greatly to the convenience of the teams. There are no lockers at the present time; these should be furnished in time for the baseball season in the spring. The grading of the northern corner of the field is much appreciated and will make it possible to change the baseball diamond in the spring so that the grand stand will be a more desirable place from which to watch the games.

Considerable money was laid out on the tennis courts in the spring and the general excellence of the courts proved the wisdom of the expenditure. We hope to be able to add some simple apparatus to the equipment to enable us to carry out our plans in the spring.

The introduction of field hockey for the girls this fall proved very popular. More than fifty girls came out for the various teams and received excellent training through the kindness of two students from Sargent's Gymnasium, who instructed the girls in the points of the game and encouraged them in their work. This game will be continued in the spring, and it is a matter for some congratulation that we were among the first schools to introduce a competitive game for girls which will doubtless be adopted by many of the schools in the metropolitan district. Several principals of High Schools and superintendents of schools came to watch our girls at play and expressed their intention of introducing the game. The same conditions of scholarship and conduct are required for membership in the girls' teams as are demanded of the boys.

Our athletic teams during the year were generally successful. The hockey team won the New England championship, the baseball team won the cup in the Mystic Valley League, the cross-country team made a most remarkable record in winning not only the championship of New England high and

preparatory schools but also the National Interscholastic Championship. The track team won dual contests with three schools. The football team was not very successful, it being made up almost entirely of new players this fall.

The moral element of physical training is a very important factor, although it often escapes the attention of spectators. Good health and normal development are in themselves favorable conditions for good temper, courage, and manliness, and the consciousness of power makes kindness, justice, and protection of the weak more easy. To interest children and youth in their own development; to stimulate an ambition for steady nerves, a clear eye, and strong muscles; to provide them with wholesome and enjoyable ways to expend their surplus energy; and to teach them to love cleanliness and open air and the active life, is to insure them against many evils. For them to learn self-control under the excitement of a strenuous contest, to insist upon playing the game fairly, as the motto on our grand stand adjures them, to bear victory modestly and defeat cheerfully, neither boasting in one nor taunting in the other, is a step toward self-mastery and an appreciation of the merits of others. I believe this to be a very desirable kind of education, the kind for which boys and girls will find constant use throughout all their lives and which will enable them to add to their own usefulness and to the world's happiness.

Cost of Our Schools.

With the high tax rate which confronts our town it may be enlightening to analyze our school expenditures, to see if we are extravagant.

The school returns now called for by the State Board of Education make the financial year coincide with the school year. By this is meant that the expenditures recorded cover the period from July 1 of one year to July 1 of the next, to correspond to the period covered by reports on membership and attendance. From these returns made to the State in it is possible to compute accurately the cost per pupil for the last school year 1912–1913.

The total cost for the schools, including repairs, was, $84,174.97. The average membership of the schools was 2335.5, giving a total cost for each pupil in the average membership of $36.04.

It cost for administration $3159.85, or $1.35 per pupil. This includes the expenses of the school committee, the salaries of the secretary, the superintendent, and the attendance officer (truant officer). This can fairly be counted reasonable for a town of the size of Arlington.

For instruction it cost $60,480.02, or $25.90 for each pupil. This includes the salaries of the principals, teachers, and supervisors. This is the largest item in school expenditures and rightly so. It represents 81.6 per cent of the whole expenditures. It is a trite saying, but nevertheless true, that the teacher makes the school. It is hard to find good teachers and it grows increasingly difficult every year. Teachers' salaries have advanced somewhat, but no one can think that teachers are overpaid. The only way to reduce this figure would be either to increase the size of the classes or reduce teachers' salaries. Our classes are now sufficiently large, averaging about forty pupils. To increase this number would be doing a grave injustice to both pupils and teachers. Everywhere there is a quiet movement to reduce the size of classes, that the pupil may have the benefit of more individual attention. Superintendent Spaulding says in his last report that thirty to thirty-four pupils is as large a class as a teacher should be called upon to teach. At present we have in the grades:

Seven classes with forty-five or over; twenty-seven classes with from forty to forty-five; ten classes with from thirty-five to forty; eight classes with from thirty to thirty-five; two classes with less than thirty.

An increase of three of four pupils to every room, or an increase of ten or twelve to some rooms, would cause no distress if the new pupils could be assigned to rooms with small classes, but unfortunately they must be placed in the grade for which they are fitted, and often, as a result, in the largest classes. A little thought will convince any one that some small classes are as unavoidable as are some crowded ones.

The operation of the school plant cost $10,107.92, or $4.33 per pupil. This item includes janitors' salaries, fuel, light, laundry, janitors' supplies, etc. It looks like a large amount, but it includes nothing not absolutely necessary. Certainly

our janitors are not overpaid. We have an exceptionally faithful and efficient corps of janitors — men who take pride in their buildings and are not afraid of hard work or of long hours. Coal and other materials to keep the buildings warm, clean, and sanitary must be furnished. It is hard to see where a saving can be made in this department.

Textbooks cost $2465.03, or $1.05 per pupil. While this is not large, it is an increase over last year, because of the increased number of high school pupils. Books for the grammar grades cost from twenty cents to one dollar; high school books range in cost from a dollar to a dollar and a half. While it cost but eighty-three cents per pupil for books for the grades it cost $1.98 for each pupil in the high school. We have been so economical as to appear almost stingy in supplying new textbooks, and the adoption of many new and superior books has been given no consideration.

Supplies and stationery cost $3363, or $1.38 per pupil. This includes manual training, sewing, chemical, physical, and biological supplies. We are fairly liberal with our supplies, believing that to do good work, sufficient and good materials are necessary. As supplies for sciences are paid for from the Pratt Fund they furnish no item of expense to the taxpayers.

Maintenance of the school plant cost $3169.44, or $1.36 for each pupil. This item includes repairs on buildings, grounds and furnishings and general up-keep of the school plants. This is not large; in fact, if all that needs to be done in the way of repairs to buildings is done this year, this item ought to be increased.

Promotion of Health cost $980.88, or $.42 for each pupil. This sum includes the salary of the school physician and the cost of maintaining the playground. The playground director's salary for two months only is included in these figures. There is no department of school work more fundamentally important than the preservation of the good health of children and the prevention of the spread of contagious disease. This cost per pupil could be much larger and yet be entirely within reason.

Miscellaneous items cost $583.29, or $.25 per pupil. This includes items not properly classified under any of the foregoing, such as tuition of pupils attending State-aided industrial

schools. As more pupils attend these schools which, according to the law given in last year's report, they may do, the expense being shared equally by the Town and the State, this sum is destined to become an item of growing size and importance. For one boy attending the Boston Day Industrial School for Boys we are receiving monthly bills of $30, which means it is costing the Town $150 and the State $150 for the education of this boy, while it costs but a little over $50 to educate one pupil in our High School.

The above analysis makes it apparent that no saving of any moment can safely be made in the ordinary items of school expenditures. If it seems imperative that the schools shall cost less, the thing to be carefully considered is the adoption of an eight-year elementary school course with the entering age changed to six years.

School Attendance Laws.

The new "School Attendance Laws" which went into effect September 1, 1913, made it necessary for every child between the ages of fourteen and twenty-one who is at work to obtain new Certificates to conform with the law.

For children between the ages of fourteen and sixteen years, it is necessary to get first an "Employer's Promise to Employ," which must state clearly the nature of the proposed employment. This card, the reverse side of which contains the "Physician's Certificate of Health," must be taken to the family physician or the school physician, who must fill in the blanks which certify that, in his opinion, said child is in sufficiently sound health and physically able to perform the work indicated on the reverse side of the card. The child must next go to the school which he last attended for a "School Record," which is made out by the principal or the teacher whose school he last attended. This record must be made out in duplicate. Such School Record may be issued only to children who have completed at least the fourth grade work in English and have regularly attended day school for at least one hundred and thirty days after becoming thirteen years of age. The child must present also a proof of age, which must be in the form of:

(*a*) A birth certificate; (*b*) a baptismal certificate; (*c*) a passport or immigration record; (*d*) the record of age as given on the register of the school which the child first attended in Massachusetts, provided such record was kept for at least two years during the time the child attended school.

With these things in hand — the promise to employ, doctor's certificate, school record, and certificate of age — he may go to the superintendent of schools or some one appointed by him and obtain an Employment Certificate. When a child leaves his employ, every employer must notify the superintendent of schools, by returning the Employment Certificate, within two days after a child has ceased to be employed by him. Failure to do this is punishable by a fine of not less than ten nor more than one hundred dollars. Every child must be either regularly attending school or regularly employed in some approved industry until he is sixteen years of age.

For children between the ages of sixteen and twenty-one, it is necessary that they shall present, upon applying for an Educational Certificate, a birth certificate only, or some other proof of age similar to that required of children between the ages of fourteen and sixteen. Employers are under the same obligation to notify the superintendent and subject to the same penalty for failure to return Educational Certificates within two days after a child has ceased to be employed as is stated above regarding Employment Certificates.

The law regulates the kind of employment for minors and women, and also specifies the hours. For children between the ages of fourteen and sixteen, the employment must not exceed eight hours per day or forty-eight hours per week, or more than six days in any week; and must not begin work before 6.30 A.M. or last later than 6 P.M. For boys between sixteen and eighteen and for girls between sixteen and twenty-one, the employment must not exceed ten hours in any day nor fifty-four in any week, nor six days in any week. And in addition the work must not begin before 5 A.M. or run later than 10 P.M.

For the convenience of minors, the superintendent, a clerk, and the Town Clerk devoted two evenings a week during October and a part of November to the granting of educational

and employment certificates. The constant changes of position by working boys and girls has added greatly to the clerical work of the superintendent's office because a new certificate must go to each new employer, and it is hoped that the record of changes of employment of minors, furnished by these certificates, may be of importance enough from a social standpoint, to justify the large amount of work entailed in this constant renewal.

Recommendations.

Because of the financial condition of the Town I have hesitated about making recommendations which will call for a larger school appropriation, but I feel that in justice to the system these things should be mentioned for your consideration:

1. Additional school accommodations in the Locke-Cutter district, unless relief is furnished at once through additional High School accommodations.
2. Courses in household economics, including cooking, dietetics, dressmaking, etc., for upper grammar and high school girls.
3. More extended courses in manual training, including pattern making, forging, and machine-shop practice.
4. Extension of medical inspection.
5. Formation of an "Opportunity Class" for slow and backward children.

Teachers' Retirement Law.

A source of real encouragement to teachers, especially to those who have been many years in the service, is an adoption by the last legislature of an Act to Establish a Retirement System for Public School Teachers. Several states have already passed pension laws for teachers but President Pritchett of the Carnegie Foundation pronounces the new law as the best devised and most carefully-drawn measure for teachers' pensions existing in the country.

Membership. All teachers entering the service of the public schools after July 1, 1914, must become members of the Retirement Association. Teachers in the service of public schools prior to July 1, 1914, may, or may not, become members of the Association at their option. For the purposes of

this act, superintendents of schools and teachers in state-aided industrial schools are included as teachers.

Management. The management of the affairs of the Association is vested in a retirement board consisting of the commissioners of the three state departments of insurance, banking and education; three members elected by the prospective beneficiaries of the retirement system and one person elected by these six. This board must elect a paid executive secretary, fix the rate of assessment between three and seven per cent of the annual salary of members, determine what annuity tables shall be used, and in general, have charge of all the business of the Association.

Funds. The funds provided for by law are (1) the expense fund, (2) the annuity fund, (3) the pension fund. The expense fund is an annual appropriation by the Legislature sufficient to pay the running expenses. The annuity fund is made up from the assessments on the salaries of teachers who become members of the Retirement Association. The assessment rate shall be from three to seven per cent of the salaries of the members of the Retirement Association, this rate of assessment to be uniform on all teachers at any time, and not to be changed except after a prior notice of six months. The rate for the first year has been fixed at five per cent. The minimum amount that any teacher is permitted to pay is fixed at $35 per annum; the maximum, $100 per annum. The pension fund is an annual appropriation by the Legislature sufficient to meet the obligations assumed under the act.

Retirement. Members may retire at sixty years of age or after. Members must retire at the age of seventy, and school committees may retire teachers between the ages of sixty and seventy, if approved by the retirement board. Upon retirement, a member shall be entitled to receive from the annuity fund a life annuity based upon his contributions; that is, the total amount of his assessments with compound interest guaranteed at three per cent. A member so retiring and receiving an annuity shall receive an equal pension from the state. A teacher in service before July 1, 1914, is guaranteed a total minimum retirement allowance of $300, regardless of the number of contributions he may make. The pension for

teachers retiring in the first few years will be based upon the theory that the act has been in force thirty years. That is to say, the teacher's average salary for the last fifteen years will be ascertained; it will then be assumed that the teacher while in service has paid assessments upon this salary at the rate current at the time of retirement. On the basis of this theoretical amount, the pension will be computed. Under the conditions imposed by the law, no teacher will receive less than $300.

Refund. Unlike most other pension laws for teachers, this law provides that a teacher withdrawing from service before becoming eligible to an annuity shall receive the amount of contributions with compound interest at three per cent. There is no building up of an insurance fund for the aged at the expense of young teachers. This is a wise provision, inasmuch as the average teaching life is about seven years, and a very small percentage of those who enter upon teaching ever become a pension risk.

The law is a straight old-age measure and makes no provision for retirement because of length of service or for disability. This at first thought appears a weakness of the measure, but doubtless some sort of compulsory disability insurance, adjusted to the occupational risk of teaching, for which a sufficient premium will be charged, will follow as a development of this law.

The best result of the law is that old teachers, while provided for, do not become pensioners strictly, for one-half the income they receive is in the form of an annuity which they themselves have provided by payments from their salaries. I believe it is an excellent law.

Teachers.

The usual number of resignations has occurred during the year and we have fifteen teachers new to the schools of Arlington. Six resigned to accept positions paying better salaries, five to be married, one because of illness, and one because of illness in the family.

Resignations

	School	*Month*
Elizabeth A. Briggs	High	June
Pearl Diffin	Russell VIII	June
Grace A. Mowry	Russell VII	February
Agnes D. Crotty	Russell VII	November
Elizabeth Merrill	Crosby III	August
Elizabeth E. Thompson	Cutter VIII	June

Althea Andrew	Locke V & VI	September
Bertha W. Richards	Locke III & IV	September
Clara M. Hartshorne	Locke II	September

We have five teachers more than we had a year ago: one for a division of the freshman class in the Crosby; one for an additional fifth grade, and one for a new third grade in

the Crosby; one assistant for a section of the seventh grade, having 62 pupils in the Locke; and one to relieve the first and third grades, having respectively 54 and 56 pupils, in the Cutter School.

Of course such a large number of new teachers cannot be absorbed into the system without a decided loss in effectiveness for some time, but a large number of changes seems in a measure inevitable. The spirit of helpfulness shown by our teachers to the newcomers is very gratifying. We have a remarkably fine corps of teachers — enthusiastic, sincere, and self-sacrificing. No request that is reasonable fails to meet with an instant response. It is my conviction that no more willing, hard-working, and conscientious body of teachers is to be found in the Commonwealth. I can scarcely say enough in appreciation of them. They earn and deserve a larger financial return than the town is able to grant. There is a return, richly deserved, that parents and others can give if they will, which costs nothing — a word of encouragement and appreciation which will cheer and help over the rough places. If parents would not wait until something goes wrong before going to see the teacher, many misunderstandings and heartaches would be avoided on the part of children, teachers, and parents.

In closing, allow me to thank you, members of the school committee, for the unfailing kindness and courtesy which have been shown me during the year. In return I promise my best efforts to make better schools for all of our children.

Respectfully submitted,

JOHN F. SCULLY, *Superintendent of Schools.*

REPORT OF PRINCIPAL OF HIGH SCHOOL.

Mr. John F. Scully, Superintendent of Schools, Arlington, Mass.

Dear Sir: I submit herewith a report of the conditions of the High School for 1912-1913.

The year has been one of harmonious, earnest and profitable work by the teachers and a great majority of the pupils. In this work we have had the hearty co-operation of the superin-

tendent, committee, and parents, without which it is impossible to accomplish the best results. The teachers have realized that the school exists for the pupils, and not for the teacher; that equal rights and privileges belong to every child without regard to social position; that initiative and originality should be encouraged to a large degree; that sympathy and interest should be felt and manifested as the controlling factors; that individual help should be given as far as possible to pupils who are failing, and more rapid advancement permitted the especially gifted — if their health permits it.

Attendance.

The total enrollment last year was 487. The number enrolled at the end of the year was 430. Thus it may be seen that 57 left school during the year. (See table.)

Reasons for pupils leaving school during the school year 1912-1913.

To enter other schools	1
Reason unknown	3
Not able mentally to do the work	6
Moved out of town	8
Poor health	17
To work	22
Total number leaving	57

Nine who left owing to poor health and one who left to work returned this year. Seven were doing passing work, while fifteen were failing when they left to go to work. That the number leaving during the school year was so large is not gratifying. We believe that as teachers it is our duty to hold as many pupils in school until they graduate as possible. We believe that instead of eliminating so many pupils we must eliminate the causes of poor work and discouragement. This we have endeavored to do; but there is a chance for more work in this line.

The following data will show to what extent this has been accomplished in the school during the past seven years:

Class	*Number entering as Freshmen*	*Number Graduated*	*Per cent Entering to Graduate*	*Average Membership of School*	*Per cent of Av. Membership to Graduate*
1907	65	16	24.6	170	9.
1908	72	29	40.3	196	14.8
1909	72	25	34.7	240	10.4
1910	82	35	49.9	292	12.
1911	86	47	54.3	328	14.3
1912	113	58	53.1	400	14.5
1913	112	68	60.7	467	14.6

The present senior class numbered 114 upon entering the school in September, 1910. The number entering the class later owing to their parents moving into town is 10. The number leaving the class owing to parents leaving town is 5, making the total enrollment of the class upon entering, 119. It now numbers 78, or 65.6 per cent of number entering.

It may be true, as some are pleased to believe, that the growth in our high school has been in many ways phenomenal; but let us remember that this growth has been going on all over the country. The number of high school pupils in the United States is increasing much more rapidly than the population, for it has increased 208 per cent since 1890, while the population has increased 47 per cent.

Holding Pupils in School.

Many of us can remember when a teacher who passed or promoted a low per cent of his pupils was considered "a man of high standards and rigorous requirements," while the teacher who passed 90 per cent of his pupils was called lax, and "easy." At the present time, however, the teacher who fails a large number does not, on account of this fact alone, have a reputation for thoroughness and strength. The active, alert, conscientious teacher who has a desire that his pupils should succeed, takes time in school and out of school to explain things to the backward pupil, and endeavors to find his difficulties. Encouragement may keep him in school, while discouragement or no extra help at the right time may send him back or out of school entirely. The teachers are trying to prevent their pupils from failing and leaving school by:

(a) *Afternoon work.* The teachers are divided into four groups, one group returning each afternoon, excepting Friday when the building is closed, for the purpose of helping backward pupils. A notice is posted in each room giving the afternoon when each teacher returns to help pupils in the subject or subjects which she teaches. The pupils are told when they need extra help and are urged to return. The number of pupils returning for this help depends largely upon the interest which the teacher manifests in her pupils. Interest in teacher begets interest in pupil.

(b) *Weekly reports.* At the end of each week notices, stating in what subject the pupil has failed and the apparent cause for the failure, are sent to parents of pupils doing unsatisfactory work. These are signed by the parents and returned to the teacher. The object of these weekly reports is to keep the parent informed in order that the two factors — parent and teacher — may work together to interest the pupil to do better work.

(c) *Teacher Adviser.* Previous to this year the members of the entering class have been divided into groups and a teacher adviser assigned to each group. This year each teacher having a home room is the teacher adviser of the pupils belonging in that room. This applies to all classes, Seniors as well as Freshmen (so called). At first thought it might seem that Seniors in High School do not require advice and guidance from any special teacher; but when we consider the fact that next year in college, when they are a year older, a teacher adviser is assigned them it does not seem out of place for them to have some such special guidance now when they are deciding upon courses to pursue in College or Normal School or looking for a position in the business world. No teacher feels that she must necessarily confine her special help and influence to her group. Again the beneficial results of this scheme depend largely upon the interest and activity of the teacher.

There are other methods in the school that help to interest and encourage the pupils in general to stay in school and to do the best work that they have the ability to do; but the above-mentioned devices, while used for all pupils, apply chiefly to the pupils who have already shown a weakness in

some form or other. We believe that the teacher is the principal determining element, and that he is the one to look to if the efficiency of our school is to be increased.

Summary of Reports.

Report cards are sent to the parents every two months during the school year. The following summary of reports for September and October of this year should be of interest to parents and all others interested in the work of the school. A similar tabulation is being made for each period of eight weeks.

Explanation of Terms Used.

Under the column headed "Subject" is also given the year in the course: I meaning first or freshman year; II, second or sophomore; III, third or junior, and IV, last or senior year. The column headed "Pupils Admitted" is divided into two parts: "New," or pupils taking the subject for the first time, and "Repeating," or those who have failed and are repeating the subject. "Pupils Left" were doing either "Passing" work — above 67% — or "Failing" — below 67%. This does not signify that the pupil left the school. Often a pupil elects, at the start, too many subjects and must drop something. Under column headed "Marks for Period Ending October 1" is given the number of pupils in each subject receiving each of the five marks used. "A" means a standing from 90% to 100%; "B," 80-90; "C," 70-80; "D," 67-70; "E," below 67%, or unsatisfactory. "Number Passed" in each case is the sum of the numbers receiving the passing marks "A," "B," "C," and "D," "E" being a failure. "The Per Cent Passed" is found by dividing the number passed by the number taking the subject at the end of the eight-week period.

Subject	Pupils Admitted			Pupils Left		Marks for Period Ending October 1					Number Passed	Per cent Passed

Analysis of data:

Number of pupils admitted to all the different subjects "for first time"	2339
Number of pupils admitted to all the different subjects "repeating"	94
Total	2433
Number of pupils leaving all the different subjects, "passing"	21
Number of pupils leaving all the different subjects, "failing"	24
Total	45
Number of pupils remaining in all the different subjects, at end of period	2388
Number of pupils receiving "E" in all the different subjects, at end of period	152
Number of pupils passing in all the different subjects, at end of period	2236
Number of pupils receiving "A" in the different subjects, at end of period	246
Number of pupils receiving "B" in the different subjects, at end of period	757
Number of pupils receiving "C" in the different subjects, at end of period	785
Number of pupils receiving "D" in the different subjects, at end of period	448
Total	2236

2236, the number of passing marks given, is 93.6% of 2388 — all marks given.

152, the number of failing marks given, is 6.4% of 2388 — all marks given.

The following tabulations shows the number of pupils taking the various subjects at the end of October, 1913, the number for the same time last year, and the per cent of increase or decrease in each subject:

NUMBER TAKING SUBJECTS OFFERED, OCTOBER 1913.

College Preparatory Work.

The school has always had an excellent record in the large per cent of its graduates to enter College. In the Superintendent's Report for 1907, page 17, we find that: "During the last ten years, the school has graduated 212 pupils, 94 of whom have entered higher institutions of learning." In other words, 44.3 per cent of the pupils graduated in these ten years entered higher institutions of learning.

The following table gives the number that graduated for

the thirteen years previous to 1910, and the number from each class to enter higher institutions.

Year	*Graduates*	*Number Entering Higher Institutions*
1897–1907	212	94
1907	16	8
1908	29	13
1909	25	7
Total,	282	122

Thus it is seen that for the thirteen years previous to 1910, 282 pupils graduated, 122 or 43.2 per cent of whom entered higher institutions.

The following is similar data for the classes since 1909:

Year	*Graduates*	*Number Entering Higher Institutions*
1910	41	13
1911	47	16
1912	58	25
1913	68	31
Total,	214	85

Total to graduate in the last four years, 214; number entering higher institutions, 85 or 40 per cent of number graduated.

We must remember that during eight of the thirteen years previous to 1910 there was no Commercial Course in the school. At the present time over 30 per cent of our pupils are taking this course, and yet during the past four years 40 per cent of our graduates have entered College or Normal School.

The above data show the interesting fact that 31 or 45.6 per cent of the 68 graduates last year entered higher institutions of learning. It also shows that more pupils have graduated from the school in the last four classes than graduated in ten years previous to 1907.

We have not considered private preparatory schools as

"higher institutions of learning." Some parents have the idea that a private school gives a better preparation for College than a good high school does. In 1904 President Eliot, of Harvard, wrote in his report that the high schools of the country furnish Harvard her best students — better than the men who come from private institutions, as shown by the following table:

	Honors	*Unsatisfactory*	*Failures*
Public High Schools	16%	36%	15%
Academy and Endowed Schools	12%	37%	22%
Private Day Schools	11%	39%	21%

These facts are based on observation of seven hundred students.

In his report to the Corporation of Harvard College for the year 1906-7, President Eliot said: "It is true that the public schools deliver to Harvard College a large majority of the men who, during their College life, attain high standing as scholars. Out of 199 scholarship-holders for the year 1906-7, 129 were prepared in the public schools."

The following is from the *Yale Alumni Weekly:* "Whatever the reason, the fact remains that higher rankings in College are made by public school boys than by youths trained in the private schools. Dean Wright has frequently referred to this phenomenon, and the Sheffield Scientific School Scholarship lists this year again show the same condition."

In the president's report to the Yale Corporation for 1911, Dean Jones of Yale College says: "The general tendency of high school students to do better work in College than those who have prepared at private schools is observable in this class (1914). The general average for high school men in their work from October 1 to March 20 was 272.6, while the average for all the Andover, Exeter, Hill, and Hotchkiss men was 263.9 for the same period."

George M. Potter, after making a study of the "Relative Efficiency of Public and Private Secondary Institutions" sending pupils to the University of Chicago, says in his conclusion: "From the foregoing charts and tables the conclusion is evident that as an agency preparing for College, the high school is far superior to the Academy."

A certificate from the Arlington High School admits to all Colleges where a certificate is accepted for admission credit in place of examinations.

Employment Bureau.

This is the second year that the school Employment Bureau has been in operation. As stated before, over thirty per cent of our pupils are taking the Commercial Course with the idea of finding some useful form of business or work as soon as graduated, and many of these pupils desire to do something to help support themselves while in school. Last year 123 different positions were filled by this school help. The majority of our graduates, who do not enter College, find good positions as soon as graduated, and many of them before. But there are each year in our school quite a number of boys and girls who find it necessary to work afternoons, Saturdays, and through vacations, in order to help support themselves while in school, or who are benefited in some other way by such work.

We have a card which these pupils fill out and which we keep on file in the office for reference. It includes information in regard to former employers, the kinds of work previously done, the kinds of work that the pupil can do and prefers, and the amount of time he or she can devote to out-of-school work.

The greatest demand has been for girls to care for children, or to assist in general housework. The ambitious pupil who wishes to work finds no trouble in giving from two to four hours each school day doing something useful, and then finding two hours or more for home study.

We do not promise to secure just the right pupil for every position; but we are very glad to assist to the best of our ability. We ask the co-operation of the citizens of Arlington in making the High School fulfill properly its function in this very important line. If a pupil is needed for part-time work, or a graduate for a permanent position, employers may write us stating definitely the nature of the work and the kind of boy or girl desired, and we shall try to find the right one to fill the position.

The following are a few of the many recommendations that we have received from employers of our pupils:

"*Dear Mr. Mitchell:* I wish to express to you in a few words my appreciation of the service you have rendered in furnishing us with two of your graduates from your commercial department.

"The young woman who is now our stenographer and the young man now one of our bookkeepers have done splendid work and have given perfect satisfaction. Their work is neatly and accurately done, and they have shown marked ability in grasping the details of their work, showing thereby the thoroughness of their training in your school.

Very truly yours,

JOHN A. EASTON,

Treasurer Menotomy Trust Company, Arlington."

"*Dear Sir:* Miss ——— has been an employee of the Edison Company, Correspondence Department, for four years. The work of this department is of a very general nature, stenographers being required to take dictation from any of about fifty men. Her work is entirely satisfactory along this line.

Very truly yours,

A. J. LORING,

Superintendent Correspondence Department."

"*Dear Sir:* Miss ——— has been in my employ as secretary for over two years. I have found her very efficient and her work in every way satisfactory.

Yours sincerely,

JOHN E. CROWLEY,

Attorney at Law, Boston, Mass."

"*Dear Sir:* Miss ——— has been in our employ as a stenographer since December 1, 1913, and thus far we have found her to be one well worthy of the position she fills.

"At all times she has been agreeable, willing to do anything we have asked of her, and thus far has done her work in a very satisfactory manner. She is neat and painstaking, giving our business her careful attention, and is prompt in regard to her hours of duty.

Very truly yours,

WARREN, BURT and PALMER,

Attorneys and Counsellors at Law, Boston."

"*Dear Sir:* In reply to your enquiry in regard to the young lady graduate of the Commercial Course of the Arlington High School employed by us, I will say that I am very much pleased with the work she is doing for us. She shows great interest in her work, keeps a neat set of books, and is accurate in keeping her accounts.

"Will say also that the boys you have sent me from the High School have been very satisfactory and it is safe to say that when in need of help in the future either in the store or office, I will look to you for it as I have in the past.

Yours very truly,
RUFUS W. BLAKE,
Manager, Yerxa and Yerxa, Arlington."

CREDIT FOR OUTSIDE WORK.

As stated before, some of the pupils who do this outside work find it *necessary or advisable* for one reason or another, and we encourage pupils, especially the fifty per cent who are not preparing for College, to spend a part of their time at some useful occupation. We believe that it is the business of the school to connect its work as far as possible with the world of work; to direct the work of the pupils along practical, every-day tasks; to train them for some useful work, that they may be better fitted to meet actual conditions of life when they graduate.

This being the function of the school, is it not right that credits or points toward graduation should be given all pupils who are doing, or may do, helpful outside work? Our course of study requires at the present time seventy points for graduation, a point signifying one prepared recitation per week in a subject for one year. Some pupils find it impossible to obtain the necessary seventy points in four years and do the outside work that they are obliged to do, and consequently leave school. If some schedule or plan could be devised whereby credits — not more than ten of the seventy required — might be granted for systematic and definite home or continuation work it would be possible for many of these pupils to complete a course in the school, and be fully as well prepared to fill a good position at graduation as is the average pupil now. The standing of our College preparatory work, Commercial work, or any other

work would in no way be lowered; while the school would be a greater help to all who find it necessary to take advantage of this plan.

I also believe that credit should be given for outside work in music, instrumental and vocal, with the requirements as follows: (*a*) Applications for this credit to be made in writing to the principal and must be accompanied by written recommendation of private teacher. (*b*) The teacher to report to the principal the last of October, December, February, April and June 20, the kind and grade of work, the progress made since the last report, and the quantity and quality of the work done. The teacher will report a grade on the basis of A, B, C, C being for passing work. (*c*) The pupil must practice at least six hours each week and take at least one lesson a week. (*d*) The parent to report to the principal at least once each month the number of hours of practice by the pupil. (*e*) The standing and ability of the private teacher to be approved by the high school music teacher. (*f*) The pupil to be required to take an examination at the close of the year given by the high school teacher of music. (*g*) The amount of credit to be determined by the principal and high school music teacher, but not more than ten of the required seventy points to be given during the four years' course.

The experiment is a safe one to try, safeguarded by the above requirements. Some pupils find it difficult, others impossible, to take music lessons out of school hours with the required amount of practice, and gain seventy credits on so-called school subjects. This plan would in a large measure prevent the postponing of musical training until too late. It would also eliminate the danger of overwork which too often results when a pupil attempts to do the required school work and the extra music work. By giving this credit we would be encouraging the study of music, which is today recognized as a valuable part of education, and we would again be providing a way for some pupils to remain in school longer than they otherwise could.

Clubs

We believe that school organizations or clubs are necessary to the social life of high school pupils, and that they are a great

aid to scholarship and good spirit. When pupils leave school they will do what the most of us have done — organize for social purposes, and for work. All of these organizations must have leaders who possess a democratic spirit, initiative, originality, and progressive activity. All of these desirable qualities are developed in the student organizations and if we fail to take advantage of these possibilities we are neglecting one of the most important duties of the public High School of the present time.

Great credit is due our teachers and pupils for the excellent results accomplished by the various organizations during the past year. We sincerely hope that this good work may continue.

The various clubs of the school mentioned in the last report have continued to do their special work, and the benefits derived from these organizations are indeed gratifying.

The Orchestra, Boys' Glee Club, and Girls' Glee Club gave a joint concert that was a credit to teachers and pupils. All of these clubs had a part in the graduation programme.

The German Club at its last meeting gave, in German, a play written in English by one boy and translated into German by another boy.

The school paper, "The Clarion," has continued to be published every two months and is larger than usual.

A room previously used as a teachers' room has been taken for the work of the History and Current Events Club. Some of the best daily papers and magazines are in almost constant use by members of the Club A school library and reading room for this purpose would be a distinct addition.

The athletic clubs have won not only local fame, but State and National honors. For a more complete account of victories won, see the Superintendent's report.

As to the conduct of our athletic teams while engaged in contests with other teams away from home, the following letters are selected from many favorable statements received:

"Principal, Arlington High School.

"*Dear Sir:* I haven't the honor of your acquaintance, but assuming on the brotherhood of the profession, let me say that the boys you sent down to Gloucester a few days ago to represent Arlington High on the ball field, are the finest set of gentlemen we have seen here. Not only were they distinguished by a spirit of true sportsmanship in their work on the field, but their courtesy, uniform gentlemanliness, and good breeding have been the talk of the Town ever since the game. If you think best to do so, assure your lads of this appreciation which Gloucester has of their good breeding.

Sincerely,

A. W. Bacheler."

"Mr. F. C. Mitchell, Arlington, Mass.

"*My dear Mr. Mitchell:* The football squad of the Arlington High School has visited our field twice this season in practice scrimmages with our boys, and I want to tell you that they have conducted themselves on both occasions in a manner highly creditable to themselves and the school. We enjoyed having them with us, and hope we may have them again another year. They were quiet and gentlemanly about the field and locker building and our boys have said some very nice things about their conduct on the playing field. They contrasted decidedly favorably with some of the teams we have had come to play us. Please tell the boys that this is not my personal opinion alone, but that of the coach and the boys of the Browne and Nichols School. We hope to be able to play Arlington in all branches of sport as they are the kind of boys we like to meet.

"With best wishes for a successful year in school and athletics, I am, Very truly yours,

A. H. Smith,

Faculty Director of Athletics."

The English Club is the largest in the school. It now numbers over one hundred members and is most progressive. Two interscholastic contests were entered during the past year, one a debate with Winchester High School, and the other a

declamation contest given under the auspices of the Mystic Valley Harvard Club, for a first prize of twenty-five dollars and a second of ten dollars. In the debate the judges decided that one of Winchester's debaters excelled in delivery, but that the best arguments were presented by our representatives. One boy from each of the following schools entered the declamation contest: Arlington, Everett, Lexington, Malden, Medford, Melrose, Somerville, Winchester, and Woburn. David Crockett, a sophomore in our school, won first prize.

The Science Club is under way with renewed interest under the guidance of Mr. Gordon and Miss Maynard. The science pupils are visiting manufacturing establishments in this vicinity with the idea of seeing some of the practical applications of the principles of science that they are learning daily in the class room and laboratories.

Afternoon Work.

All of the work in Manual Training, Mechanical Drawing, and a large part of the laboratory work in Science is done in the afternoon. Pupils also return for special work in Typewriting, Glee Clubs, Orchestra, Dramatic Club, Debating Teams, etc. Pupils who desire return for quiet study.

Honor Divisions.

Pupils are arranged in divisions in every subject, according to their ability in that subject. This method, which is in use in no other high school so far as we know, is followed more extensively with us than ever before. The teachers are unanimous in their belief that the results justify its continuance.

Conclusion.

There are many other methods and activities which should be considered in this report, but space will not permit. We trust that enough has been considered to prove our belief in the fundamental principles mentioned in the introductory paragraph. Our aim has been "to create in the pupils something of the joy of working and to develop the most valuable asset in the world — initiative."

In closing, I wish to thank you, Superintendent Scully, for

the encouragement that you are constantly giving teachers and pupils, for the valuable advice we have received, and for the constructive criticism that you are ever ready to make.

Respectfully submitted,

FRED C. MITCHELL,
Principal of High School.

Arlington, Mass., January 1, 1914.

REPORT OF THE SCHOOL PHYSICIAN.

Mr. John F. Scully, Superintendent of Schools:

I herewith submit my report as School Physician for the year ending December 31, 1913.

The total number of pupils examined during the year is 1795. All pupils attending school for the first time and all out-of-town pupils entering our schools are examined as to vaccination. This year a much smaller number than heretofore were found unvaccinated, indicating that parents are realizing in these days every possible safeguard and protection should be given the child and the community.

There has been a comparatively small number of contagious diseases. One of the original and certainly one of the most important objects of medical inspection of schools is the detection of the so-called children's diseases. The teachers are diligent in searching for possible subjects of contagion and are instructed to err, if ever, on the safe side in selecting slightly indisposed children for examination by the physician.

It may be well to state here that a few parents do not understand that the duties of the school physician are advisory, and his efforts are directed to the inspection of sanitation of school buildings and conservation of the health of the individual child and the whole number who make up our schools. He is not directed or permitted to prescribe for or operate on any pupil at school. Any child requiring medical treatment is referred to the family physician.

Sixty pupils were temporarily excluded from school for the following reasons: Fracture of both bones of forearm, 1; rash, suspicious of scarlet fever, 1; neglect to be vaccinated, 1; mumps, 2; whooping cough, 2; scabies, 3; tonsillitis, 4; suspicious sore throat, 4; measles in family, 5; pink eye, 7; measles, 9; pediculosis, 21.

In many cases parents were notified of physical defects not necessitating exclusion. In almost every case the advice of the family physician was sought, and the child thus relieved of a disability which prevented him from getting the most out of his school work.

In spite of the crowded condition of our schools the general hygienic and health conditions are excellent.

The most common defect noted and one frequently neglected is the poor condition of the teeth. I would recommend that some form of dental clinic or examination by dentists be established.

Respectfully submitted,

CHARLES F. ATWOOD, *School Physician.*

REPORT OF ATTENDANCE OFFICER.

John F. Scully, Superintendent of Schools:

I herein present my eighth annual report as Attendance Officer of the Town of Arlington, for the year ending December 31, 1912.

Russell School.

REPORT OF THE TRUSTEES OF THE ROBBINS LIBRARY.

To the Town of Arlington:

The Trustees of the Robbins Library submit their annual report. The circulation shows a loss of 569, with a total of 48,571 as compared with 49,140 in 1912 The Children's Room shows a gain of 2,154, with 14,413 for 1913 as against 12,259 for 1912. The attendance in the Reading Room shows a gain for both week days and Sundays — 18,927 for 1913 against 18,556 in 1912, and 2,144 on Sundays in 1913 against 1,871 in 1912. The daily attendance in the Children's Room has risen from 7,549 in 1912 to 8,529 in 1913, with corresponding gains in Sunday attendance — 1,685 for 1912 against 1,827 for 1913.

Fewer books have been taken from the Stack Room than 1912 — 32,630 as against 35,004, but many have been read in the Library and not taken away. The use of periodicals shows a loss — 2,531 for 1913 against 2,663 in 1912, but more new cards were given out last year than ever before, 733 in all.

The Postal Reserve system introduced January 1 has proved successful, 749 persons using it in 1913.

As the School Committee required the use of the large room, which they had courteously placed at our service as a Branch Library and Reading Room for Arlington Heights, we were obliged to move into smaller quarters in the same building and occupy a room at the left of the middle entrance of the Locke School on Paul Revere Road. This was not large enough for a reading room but serves very well for the present for the delivery of books. And in spite of diminished quarters and the return of not a few of the volumes to the Centra Library, a larger number of books and periodicals were delivered at the Branch than ever before, 3,303 for 1913 against 3,007 in 1912, and fewer books were sent to the Branch for delivery than formerly, 1,528 for 1913 against 1,877 in 1912, which shows the growing popularity of the Branch.

After many years of able and faithful service, Mr. E. Nelson Blake resigned from the Board in October, the vacancy being filled December 8, 1913, by the election in convention with the Board of Selectmen of Mr. William A. Muller.

In parting with one of their number, who has never failed

to do his share of their common work, the Trustees wish to put on record their sense of the value of Mr. Blake's services to the citizens of the Town.

The Library has been enriched by gifts of books from Mrs. Marietta P. Bailey, T. M. Hutchinson, George H. Cutter, Nixon Waterman, Daniel C. Fletcher, Carroll A. Holbrook and others. The editors of the *Advocate* have continued to send us a file of that paper. Exhibitions of photographs, etc., have been given in addition to those reported hitherto.

January. No. 145. How we have bread to eat.

January and February. No. 146. Pictures in Buckingham Palace and Windsor Castle, Part 1.

February and March. No. 147. Isabella Stewart Gardner Museum in the Fenway.

March. No. 148. New York City, Part 1.

March and April. No. 149. Cultivation and Manufacture of Cotton and Silk.

April and May. No. 150. Old Hollandish Interiors, 14th to 18th century.

May and June. No. 151. Facsimile Reproductions of Drawings by Millet.

June. No. 152. Studies of Animals by M. Méheut, No. 1.

September. No. 153. Days Near Rome, Part 1.

September and October. No. 154. Mining of Coal and Manufacture of Coke.

October and November. No. 155. Despots of Italy, 12th to 17th centuries.

November. No. 156. Examples of Colonial Architecture in South Carolina and Georgia.

November and December. No. 157. Bridges.

December. No. 158. The City of Pisa.

Respectfully submitted,

SAMUEL C. BUSHNELL,
CYRUS E. DALLIN,
CHARLES A. KEEGAN,
WILLIAM A. MULLER,
JAMES P. PARMENTER,
ARTHUR J. WELLINGTON,
Trustees.

REPORT OF THE SEALER OF WEIGHTS AND MEASURES.

Arlington, Mass., December 31, 1913.

To the Honorable Board of Selectmen:

Gentlemen: I herewith respectfully submit my seventh annual report of the services of this department for the year ending December 31, 1913.

Number of scales, weights and measures sealed	2135
Number of scales, weights and measures condemned	76
Total	2211
Number of milk jars sealed	4114
Number of milk jars condemned	201
Total	4315
Weights found incorrect and adjusted	171
Scales found incorrect and adjusted or repaired	94
Pumps having measuring devices adjusted	19
Total	284
Weights condemned	17
Scales condemned	11
Measuring pumps condemned	9
Slot weighing machines condemned	2
Liquid measures condemned	21
Dry measures condemned	16
Total	76
Number of visits made to stores	324
Weighed out packages tested at stores	451
Number of complaints investigated of short weights and measures	41

Number of inspections of milk jars in use on milk teams	85
Number of inspections of scales and measures used by junk collectors, hawkers and peddlers	117

One thousand and forty-four (1044) weights, scales and measures were inspected, sealed or condemned at places of business, and statutory fees were received and the same paid to the Town Collector. The remainder of the sealing was done at the office, for which no fees were charged, in accordance with Chapter 65, Section 35, of the Revised Laws.

Number of berry baskets tested	424
Number of ice cream molds tested and sealed	311
Number of ice weighings	27

New laws, amendments, and decisions of the Massachusetts Supreme Court have contributed in making the past year a very busy one. This branch of public service is now beginning to receive proper attention at the hands of our law makers and leaders in our civic and commercial growth.

A New Act.

(Chapter 713, Section 21.) "All fruits, vegetables and nuts, except as hereinafter otherwise provided, shall be sold at retail by dry measure, weight or by numerical count, and all fruits and vegetables for which a legal weight has been established, except peas and beans, sold in quantities of four quarts or less, for seeding or planting purposes, shall be sold at retail only by weight or numerical count. Whoever violates any provision of this section shall forfeit a sum not exceeding ten dollars for each offence."

It has been difficult to make our merchants realize their own responsibility in the matter of proper care of scales and weights, and in many cases, this apathy is due to misconception of the law; namely, they feel that because they give good weight, and sell goods just as they buy them, they are doing all the law intends and often resent any advice.

They fail to realize that many commodities may be sold at wholesale either by weight, measure or crate, but must be sold at retail only by weight; also that the use of any illega

scale, weight or measure is a criminal offence, even though they may in every case give all that the purchaser pays for.

As an example of this, a two-pound weight from a provision store was brought to the office and adjusted to less than one grain. After being used ten days, it was tested, and showed an increase in weight of ten grains, which is far above the allowable tolerance. This difference was due to an accumulation of dirt, as the weight had not received proper care, and although the variance was in favor of the purchaser, the weight was nevertheless illegal, and the dealer was liable to prosecution for its use.

The new law previously referred to has proven a serious hardship to peddlers and hawkers, for in addition to the inconvenience in having to weigh all vegetables and certain fruits, it is very hard for them to keep even the better grade of scales in adjustment, owning to the constant jolting to which they are subjected.

The so-called household scales were found to be unsuitable for outdoor work, and their use by peddlers was prohibited.

The weighing of ice was given a good deal of attention during the year. Another thing which required much attention was the inspection of gasoline measuring pumps, for the filling of automobile tanks.

Other matters receiving special attention during the year included insistence upon the filling of milk and cream jars, berry baskets, ice cream boxes, the proper weight of print butter, and net weight upon all commodities sold in packages.

Coal Inspection.

Loads in transit examined for certificate of weight	113
Loads not properly certified to	3
Loads in transit reweighed	17
Bags of coal reweighed	33

The loads reweighed did not show any unusual shortage; the largest shortage being eighteen pounds, on a two-ton load; twenty-six pounds on a three-ton load, and nine pounds on a one-ton load.

Inspection of Petroleum.

As Inspector of Petroleum, I have had but three samples of petroleum products submitted to me for testing during the past year.

Measurer of Wood and Bark

In this capacity, I have measured nine lots of kindling wood, twenty-one loads of cord wood, ten carloads of manure, five loads of loam, and one load of gravel. On complaints, I have measured six loads of cord wood and nine carloads of manure.

In conclusion, I wish to express my sincere appreciation to the Town officials and citizens, who have assisted me in various ways, in discharge of my duties.

Very respectfully submitted,

CHARLES F. DONAHUE,
Sealer of Weights and Measures.

ANNUAL REPORT OF THE CHIEF ENGINEER OF THE FIRE DEPARTMENT.

Arlington, December 31, 1913.

To the Honorable Board of Selectmen of the Town of Arlington.

Gentlemen: I respectfully submit my annual report to the Arlington Fire Department for the year ending December 31, 1913, giving details of the force, apparatus, number of alarms, with the amount of losses and insurance on property endangered, as near as possible, also appropriations and expenditures, together with recommendations and suggestions for the best interests of the Department and the Town.

Organization.

The number of companies has been reduced by one. This was brought about by the installing of the Triple Combination, Pump, Hose and Chemical Auto, at the Central Station on Broadway, this piece taking the place of the Hose 3 wagon and Chemical Engine, which were previously installed there. The members of these companies were merged into one body and assigned to the auto combination. The mutual aid system with Medford, which was reported last year, has not been put into operation yet. The wires are all ready to be connected up, but owing to the conditions of apparatus in both places, that is, both places having new autos in commission, it was thought best to wait a little while. In all probability the coming year will see the two places connected and a running card arranged which will be of mutual benefit to both Medford and Arlington.

Manual Force.

The force consists of thirty-seven men, assigned as follows:

Walter H. Peirce, Chief; T. J. Donahue, First Assistant Chief; F. P. Winn, Second Assistant Chief and Clerk. There are nine permanent men, placed as follows: Captain D. J. Sullivan, D. B. Tierney and A. V. Jones on Auto Combination A; William C. Mead on Ladder Truck No. 1; J. F. Sweeney

ARLINGTON FIRE ALARM.

Box	Location.
13.	Corner Henderson and Sawin Streets.
14.	Corner Massachusetts Avenue and Teel Street.
15.	Corner Massachusetts Avenue and Winter Street.
16.	Corner Massachusetts Avenue and Tufts Street.
162.	Massachusetts Avenue, between Palmer and Wyman Streets.
17.	Lake Street, opposite D. Wyman's house.

71. Massachusetts Avenue, near Hibbert Street.

2—2 at 7.15, 8.15, A.M.; 12.45, 1.15, P.M., no school. At any other time department will answer same as Box 36.

2 blows at 6.45 A.M., 1 blow noon and 2 blows 6.45 P.M., test blows.

2 blows, dismissal.

3 blows, followed by two or more rounds of box number, second alarm.

8 blows, followed by two rounds of box number, forest fire.

10 blows, out of town signal. Companies report, and await orders.

12 blows, twice, police signal.

5 blows, special signal. Engine 6, Somerville, to respond to any box in Arlington from which a fire alarm has been sounded.

Still alarm. 6 blows on tower bell (only) of each fire station.

WALTER H. PEIRCE,
Chief of Fire Department.

R. W. LEBARON,
Superintendent of Wires.

and John Barry on Hose Wagon No. 1 George W. Corbett, Patrick O'Brien and H. Scammon on Auto Combination B. Hose Company No. 1 consists of the following members: Robert J. Murray, Captain; George N. White, Lieutenant; Robert L. Austin, Richard O. Jenkins and E. V. Gay. Auto Combination A Company consists of the following members: John T. Finley, Lieutenant; C. F. Donahue, John Tierney, W. P. Dale. Auto Combination B Company consists of the following: F. W. Russell, Captain; E. J. Crowe, Lieutenant; E. L. Smith, W. W. Beers, W. P. Luddy, T. K. Millett, J. H. Harwood and James Underwood. Ladder Company No. 1 consists of the following: J. W. Kenney, Captain; George Finley, Lieutenant; William Spiers, E. H. Griffin, John Donahue, Daniel Hourty, William T. Slattery; and Joseph Cadigan, substitute.

Salaries Paid the Department.

Chief	$325
First Assistant Chief	175
Second Assistant Chief	175
Permanent men	988
Captain	110
Lieutenants	105
Call men	100

Apparatus.

The department has one auto combination hose and chemical located at the Hose House on Massachusetts Avenue; one triple auto combination hose, chemical and pump, located at Central Station on Broadway; one ladder truck located in Highland Hose House, Massachusetts Avenue; one hose wagon, located at Heights Station, Park Avenue. We also have a chemical engine and two hose wagons held in reserve for emergency calls at the Central Station at Broadway.

Hose.

The hose are practically the same as last year, except that they are one year older. Five hundred (500) feet have been purchased the past year.

Horses.

Two of the horses have been sold and one given away. This one was old and lame, not fit to sell. We found a good home for him with Mrs. E. L. Sprague, who will take good care of him and see that he is taken care of at the end. There is still one horse to sell, leaving four in active service.

Buildings.

The buildings are all in fair shape. At the Central Fire Station on Broadway repairs by a special committee have been made. This was occasioned by the installing of the auto there. The floor was strengthened, a new heater put in, stalls taken down, and other small changes to accommodate the new machine. Hose 1 building and Highland Hose House have had a few small repairs. Nothing of any amount will have to be done the coming year.

Autos.

These two pieces of fire equipment have shown their value to the Town not only in cost of maintenance, but in efficiency in service. Below is service rendered and cost of maintenance of each car:

Combination A has answered 84 alarms, traveled 218 miles, used 468 gallons chemicals, laid 5000 feet of hose, used 250 feet ladders, on duty 76½ hours, answered one out-of-town call, used on accident call twice. New Monarch spring-tire wheels have been put on the front of this car, and have proved very satisfactory. The total expense of maintenance of this car was $70.14 for the year, made up as follows:

Gasolene,	$47 00	
Prestolite,	2 50	
Batteries,	1 70	
Hard grease,	8 88	
Incidentals and repairs,	10 00	
		$70 14

Combination B has answered 48 alarms from May 28, when it was put in commission, traveled 546 miles, used 386 gallons chemical, laid 4250 feet of hose, used 136 feet ladders, on duty 40½ hours, answered two out-of-town calls. Of the distance

traveled, 95 miles was on alarms, 451 was instructing new men to handle the car. With the exception of a few accidents, which were speedily remedied, the car has proved very satisfactory. The total expense of maintenance for the seven months was $55.79, made up as follows:

Gasolene,	$41 54	
Batteries,	3 00	
Hard grease,	7 00	
Incidentals,	4 25	
		$55 79

Appropriation.

The appropriation for the year ending December 31, 1913:

General appropriation,	$14,000 00	
Receipts,	50 00	
		$14,050 00

Expenditures.

Permanent men, pay roll,	$7,925 07	
Call men and engineers,	3,217 91	
Rent,	59 00	
Hay and grain,	712 53	
Fuel,	351 86	
Laundry,	41 55	
Blacksmith,	146 60	
Light,	74 40	
Veterinary service,	26 00	
Telephones,	165 33	
Supplies,	308 18	
Repairs,	141 33	
Incidentals,	483 73	
New hose,	325 00	
Unexpended balance,	71 51	
		$14,050 00

Fire Alarms.

There have been 67 bell alarms, 70 still alarms, making a total of 137 alarms.

There have been 8 false alarms.

The department has responded to 10 out-of-town calls, was on duty 4 afternoons at pageant at Mystic Lake. Auto Com-

bination A was used twice to convey patients to Symmes Hospital.

Value of buildings endangered,	$154,382 00
Loss on buildings,	40,944 67
Insurance on buildings,	129,458 00
Insurance paid on buildings,	40,849 67
Value of contents,	93,200 00
Loss on contents,	11,850 35
Insurance on contents,	69,550 00
Insurance paid on contents,	11,500 35

For further details of alarms and work of the department, see records of Clerk of the department.

Recommendations.

I recommend the appropriation of $14,800 and receipts for the maintenance of the Fire Department for the ensuing year. I am fully convinced that it would be economy for the Town to motorize its Ladder Truck, but owing to the financial condition will not recommend it this year.

The Fire Alarm System is in good order and has given satisfactory service. A number of new boxes have been installed and others changed to the advantage of the Department. For further details see report of Superintendent of Fire Alarms.

The water supply for fire use has proved its efficiency a number of times the past year. I still recommend the extension of the High Pressure System into as many sections as possible, and the replacing of all four-inch pipe by, at least, six-inch pipe as soon as possible.

I recommend free placing of hydrants wherever new pipe is laid, and all hydrants to have steamer connection.

I recommend the strict enforcement of all building laws, wherever they relate to better fire prevention. We cannot be too careful in this respect.

Conclusion.

In closing my report I respectfully thank your Honorable Board for the courteous manner in which you have received me in my official capacity. I also wish to thank all other officials of the Town, who have so willingly given their ser-

vices when called upon. To my assistants and other members of the department, my thanks for the able manner in which they have answered all demands made upon them, making the work of the Department a great benefit to the Town, and a pleasure to command a force of such character.

Respectfully submitted,

WALTER H. PEIRCE, *Chief.*

REPORT OF THE CHIEF OF POLICE FOR THE YEAR ENDING DECEMBER 31, 1913, TOGETHER WITH RECOMMENDATIONS FOR THE ENSUING YEAR.

Arlington, Mass., January 1, 1914.

To the Honorable Board of Selectmen.

Gentlemen: I have the honor to submit to your honorable board my ninth annual report of the doings of the police department for the year ending December 31, 1913.

The roster of the police department is as follows:

Chief, Thomas O. D. Urquhart, born Maine, age 46, appointed January 1, 1905.

Inspector with rank of lieutenant, Daniel M. Hooley, born Ireland, age 52, appointed patrolman, May 1, 1887, inspector, May 16, 1908.

Sergeant, John Duffy, born Arlington, age 54, appointed patrolman July 27, 1891, sergeant March 18, 1911.

PATROLMEN.

Garritt Barry, born Ireland, age 64, appointed November 9, 1876, and pensioned April 7, 1913; Andrew Irwin, born New York, age 58, appointed April 1, 1889; Thomas F. Priest, born New York, age 47, appointed May 29, 1904; F. Joseph Cahalin, born Arlington, age 47, appointed August 26, 1905; George T. Woolley, born Rhode Island, age 36, appointed January 7, 1911; Edwin C. Jacobs, born South Boston, age 40, appointed October 16, 1911; Albert F. Duffy, born Arlington, age 26, appointed June 16, 1913; Felix Lopez, born Azores, age 29, appointed June 16, 1913; T. Arthur Nolan, born Somerville, age 32, appointed June 16, 1913; Theodore Belyea, born Somerville, age 30, appointed June 16, 1913.

During the year there have been 474 arrests. Of this number 15 were females and 250 were non-residents.

Property to the value of $1,411.20 was reported stolen,

and we have recovered property to the value of $1,310.07, or about 92 per cent.

There were 16 arrests for breaking and entering and 78 for larceny.

In the prosecution of cases, the chief has attended court 64 days and the officers 256 days, and fines to the amount of $827 were imposed.

Of the number of cases brought to trial, 26 were found not guilty and discharged.

For tabulated list of offenses for which arrests have been made the public is referred to the record on file in the Selectmen's office and the records of the Police Department.

In looking over the number of arrests made, it will readily be seen that the officers of this department have been impartial, vigilant and active in enforcing the laws of the Commonwealth, as well as the by-laws of the Town.

The enforcement of criminal laws is no sinecure, for once a person is arrested, no matter for what offense, many kind-hearted people with good intentions intercede, so much so that they actually find themselves opposing the officers of the law in their efforts to control crime.

The officer who holds out against the wishes of the friends and supporters of those who have been arrested, or whom it has become his duty to caution and perhaps censure, must take, oftentimes, harsh and vindictive comment that is unwarranted; but I trust that the courage, firmness and good judgment of the officers of this department will ever prevail against these conditions.

Again, the officers have to contend with the very persons they are striving to aid and protect. Their duties are arduous and nearly always unpleasant and disagreeable. Nobody likes to be arrested, and hence everybody that is haled before the courts becomes indignant with the police, and he and his friends unite in denouncing the policeman as a cruel and unjust tyrant, not fit to uphold the majesty of the law.

Laws are made to be enforced and it is our duty as officers to enforce them, and if they are bad laws they will soon be repealed.

If laws are to be disregarded by the policeman, then he

becomes a moral coward and consents to things that his conscience tells him are wrong. Many times one would think the officer on trial and not the criminal, and in most cases the chief complaint against the officer is that he has done his duty — done it too well to suit the guilty party, his friends and supporters.

Standing between society on the one hand and the criminal on the other is no child's play, but the thoughtful minded will appreciate the worthy motive which actuates the officers.

Cases were disposed of as follows:

Appealed,	5
Bound over to keep the peace,	1
Cases dismissed on payment of costs,	12
Cases placed on file,	66
Committed to hospital,	1
Complaints withdrawn and cases dismissed,	27
Continued,	17
Defaulted,	8
Delivered to other police departments,	35
Discharged,	26
Fined,	96
Held for the Grand Jury,	6
Held for the Superior Court,	2
Placed on Probation,	79
Released from the police station,	79
Sentenced to the House of Correction,	9
Sentenced to the State Farm,	3
Sentenced to the Reformatory,	1
Sentenced to the Lyman School,	1

A District or Municipal Court for Arlington.

For years Arlington has, by force of circumstances, been obliged to take all of its criminal business before the third District Court at Brattle Square, Cambridge.

Arlington, Belmont and Cambridge comprise this district; so far as Arlington is concerned this arrangement is unhandy and somewhat costly; especially is this true since the court has been removed to East Cambridge.

In justice to those who are unfortunate and are compelled

to attend court from Arlington, it has never looked right or just to me that they should be compelled to be taken to another community to have justice meted out to them, and that they should be compelled, innocent or guilty, to be the focus for hundreds of eyes of people in a six-mile ride in public conveyances.

Perhaps the argument is not a good one, but I believe that we, as a community having the power to enforce law, should at least have the power within our own town to adjust minor offenses; in other words we should at least have a trial justice and be allowed to attend to our own police court matters at home and not flaunt them in the faces of our neighboring cities as we are compelled to do now.

Enforcement of the Liquor and Gaming Laws.

During the year, there have been two liquor raids and 104 bottles of liquor seized; complaint was made against the offending parties and summonses were served upon them. They at once left for Italy and were defaulted by the court.

From reports made to me from time to time by my officers, I am led to believe that so far as the illegal sale of liquor is concerned Arlington is a pretty clean Town.

In regard to gaming, what little has been carried on has been of a petty nature and indulged in by a cheap element under cover of such places as pool rooms and shops, which places the proprietors allowed to be used for such purposes. These places and persons are known to the police and are under surveillance.

Nine complaints have been made and prosecuted in the court and found guilty of admitting minors to pool rooms during the year, and eight complaints for gaming and one for being present were prosecuted and a finding of guilty in each case was rendered.

Two pool room licenses were revoked. Pool rooms are no fit place for the younger element to loaf and while away their time, and parents who have any regard for the welfare of their boys should see to it that no permission is granted to them to visit such places.

Accident and Emergency Cases.

During the year, sixty-two accident and emergency cases have been reported to and investigated by this department. Five of these cases were fatal.

About all of these cases called for the services of the police, a physician and the ambulance. Many were treated to first aid at the police station.

I wish to especially thank Dr. Harold R. Webb and Town Physician Dr. Charles A. Keegan for the prompt and efficient services rendered this department in responding to calls at all times of day and night.

I believe that a combination automobile ambulance and patrol wagon should be purchased and added to the equipment of this department, and I would recommend its serious consideration should the finances of the town permit.

The Motor Cycle.

The Indian motor cycle purchased for the use of this department last April has on many occasions proved its value and has done the work intended, viz.: to enable officers to reach outlying districts quickly and to assist in the regulation of the automobile traffic. Officer Belyea was detailed for this purpose and the machine has been ridden 2500 miles, and by its use 35 complaints have been made to the court, 13 for violation of the automobile laws and 22 for larceny of fruit; all were found guilty, five were placed on probation, five were placed on file and 25 were fined to the amount of $107.

The cost of maintenance was, for gasolene and oil $18.91, and for repairs $15.84, a total of $34.75.

Miscellaneous Duties.

Accidents reported,	62
Ambulance calls,	23
Buildings vacant and specially protected,	61
Cases investigated,	602
Dead bodies cared for,	6
Defective hydrants reported,	1
Electric lights reported out,	338
Defective wires reported,	62
Defective water pipes reported,	18

Defective gas pipes,	4
Details for public assemblages,	11
Dogs killed,	14
Disturbances suppressed without arrest,	6
Fires extinguished without alarm,	4
Fire alarms given,	5
Glass in fire alarm boxes reported broken,	185
Injured persons assisted,	9
Injured persons assisted to hospital,	11
Lanterns placed in dangerous places,	64
Lost children cared for,	12
Messages delivered,	84
Notices served for the Board of Health,	7
Officers' attendance at fires,	99
Obstructions in streets reported,	22
Runaway teams secured,	1
Sick persons assisted home,	5
Sick persons assisted to hospitals,	3
Stores found open at night and secured,	265
Stray teams cared for,	10

The Police Signal System.

The Gamewell police signal system continues to give the same reliable satisfaction. During the year two new boxes were added, one near the standpipe on Park Avenue, and the other at the junction of Wollaston Avenue and Tanager Street. This makes the system on the Heights route complete.

I would ask that $300 be appropriated this year for two more boxes, one to be placed on Brattle Street near Summer Street and the other to be placed on Beacon Street near the Boulevard.

Boxes are now located as follows:

Twelve at the junction of Henderson and Massachusetts Avenue, 14 at the junction of North Union and Broadway, 15 at the junction of Tufts and Massachusetts Avenue, 141 at the junction of Massachusetts Avenue and Broadway, 21 at the junction of Medford and Lewis Avenue, 23 at the junction of Mystic and Old Mystic Streets, 31 at the junction of Massachusetts Avenue and Mill Street, 32 near the junction of Gray and Bartlett Avenue, 34 on Pleasant Street near Ken-

sington Park Road, 41 at the junction of Massachusetts Avenue and Grove Street, 42 at the junction of Park Avenue and Park Circle, 44 at the junction of Massachusetts Avenue and Forest Street, 45 at the junction of Wollaston Avenue and Tanager Street, 412 on Massachusetts Avenue near the car barns, 431 at the junction of Westminster and Westmoreland Avenue.

During the year 32,816 duty calls have been rung in and 2344 telephone calls have been received at the station from officers on their routes.

In conclusion I would ask that $14,000 be appropriated for the use of the police department for the purposes enumerated:

For salaries of officers	$13,144.25
For telephone service (same as last year)	192.00
For ambulance hire and maintenance (same as last year)	200.00
For two new police boxes (same as last year)	300.00
For miscellaneous expenses	163.75
Total,	$14,000.00

If the pensions are to be paid from the police appropriation it will be necessary to appropriate $14,548.

In closing, I wish to thank your honorable board for courtesies shown me during the year. My thanks are also due to those who have in any way assisted me in the performance of my duties.

Respectfully submitted,

THOMAS O. D. URQUHART,

Chief of Police.

REPORT OF INSPECTOR OF ANIMALS.

To the Selectmen of the Town of Arlington:

Gentlemen: I herein submit to you my annual report as Inspector of Animals for the year ending December 31, 1913.

During the year there have been three cases of glanders in horses, one case of tuberculosis in a cow, three cases of rabies in dogs and one of a hen.

In making the annual spring inspection I have inspected forty-eight stables, one hundred and two cows, and two hundred and twenty-seven hogs. In all cases the certificate of inspection was given to the owner.

Respectfully submitted,

LAURENCE L. PEIRCE, M. D. V.,
Inspector of Animals.

TOWN ENGINEER'S REPORT.

ARLINGTON, MASS., January 1, 1914.

To the Joint Board of Selectmen and Board of Public Works:

Gentlemen: Herewith is respectfully submitted the annual report of the Engineering Department for the year ending December 31, 1913, with a general description of the important work, also such suggestions as have been deemed proper.

The work of the Engineering Department consists in furnishing all the Town departments and committees with such information, plans, designs, estimates and data of an engineering nature as they may require on work being done or contemplated, also keeping careful notes, measurements and locations of new work, additions, changes and extensions as they occur and properly recording the same for future reference by maps, plans or profiles. In addition there has been a large amount of general work performed for boards and individuals.

The engineering cost is charged each week to the department or board for which the work was done and is classified for the year as follows:

Highway Division: Comprising plans, estimates, titles, profiles, lines and grades, and all other engineering work relating to the department,	$1,249.56
Sewer Division: Comprising surveys, estimates, profiles, lines, grades, titles, plans, assessments and all engineering work relating to sewers,	635.97
Water Division: Comprising lines, grades, locations, and plans of mains, gates, hydrants and services, and other matters relating to the water department,	486.95
Sidewalks: Comprising profiles, lines, grades, measurements, costs, and assessments,	95.31
Board of Survey: Comprising surveys, plans and profiles of streets laid out by the Board, and verifying plans submitted by private parties,	134.71

Topographical Survey: Comprising surveys and plans for Park and Water Takings on Turkey Hill and setting stone bounds, $181.97

Board of Public Works.

Details of the work of this department are given in the board's report and only the engineering features of the work will be described here.

Highway Division: Gray Street from Mt. Vernon Street to Oakland Avenue was the only new street constructed during the year. Between Walnut Street and Pine Ridge Road an average cut of about four feet was made, mostly in ledge. This necessitated the lowering of the high service water main. A sewer pipe and a storm water pipe were laid in the same trench with the water pipe.

A six-inch water pipe was laid from Robbins Road to Fountain Road and a fifteen-inch storm drain from Robbins Road to Buena Vista Road.

The junction of Gray Street and Robbins Road was paved with granite blocks and grouted with Portland cement. This was done because the excessive grade of Robbins Road at this point would cause storm water to erode the usual macadam construction.

At its connection with Oakland Avenue the entire surface of the street was covered with Tarvia.

The approach to the Henderson Street bridge has been filled to sub-grade and allowed to settle during the winter months so that it can be completed during the coming year.

Taking and record plans were made of Gray Street Extension and copies filed at the Registry of Deeds.

Storm drains were built in Highland Avenue, Wollaston Avenue, Claremont Avenue, Gray Street, Lakeview, Orvis Road, Massachusetts Avenue opposite Medford Street, and Massachusetts Avenue from Orvis Road to Marion Road; a total length of 2969 feet.

During the year a total length of 9797 feet of new water mains were laid in extending the Metropolitan supply.

To extend the reservoir supply, mains were laid in Massachusetts Avenue from Water Street to Medford Street, Medford Street, and Pleasant Street, a total length of 1235 lineal feet.

The length of main sewers built in 1913 was 4659 feet, and 106 house connections were made.

Sewer assessment plans and record profiles for the 1913 work have all been completed, and all house connections located and plotted on the plans.

Record plans were made showing the location of all water mains, hydrants, etc., laid the past year and shown on Water System Map.

Board of Survey.

A survey and map showing the ownership and elevations of the ground has been made of the area included between Bartlett Avenue, Highland Avenue, Massachusetts Avenue and Spring Lane. This area embraces the farms owned by the Henry J. Locke heirs and Richard Kelley, a total of about sixty-five acres.

Studies of this land are being made to locate the streets on easy grades and also secure an economical and systematical development of the whole district.

Plans of Alpine Street, Blossom Street, Branch Avenue, Morris Street, Newland Road, Summit Street and Sunset Road were approved on condition that the owner set stone bounds to grade on all the above named streets—this condition has not yet been fulfilled.

The plans of Millett Street Extension, Gray Street Extension and Sherborn Street leading from Medford Street through the so-called "Lawrence Field" were approved by the Board.

General Engineering.

Street numbering plans of all new streets have been made, all new buildings located and correct numbers assigned to them.

A survey and study were made for the proposed extension of Waldo Road to connect with Cross Street at Teel Street. This would be a great convenience to people wishing to use the new Henderson Street bridge which was opened for travel this year.

By an agreement with the Selectmen of Winchester, this department has surveyed and fixed upon the ground the true Town line between Winchester and Arlington. It was found that the road stones at Forest Street, Hutchinson Road and Mystic Street were respectively 18.4 feet, 17 feet and 31.0 feet south of the true line, and it is intended to reset them in the near future.

Surveys and taking plans were made and stone bounds set to

mark the twelve acres taken on Turkey Hill by the Park Commissioners and Board of Public Works as ordered by vote of the Town.

A survey is being made for a main thoroughfare beginning on Mystic Street, at a point between Farrington Street and Glen Avenue, then running through the land of Mr. Crosby, thence through the valley to the north of the hospital, then through the two meadows to the northwest of the hospital, thence along the old Cambridge-Charlestown line, through the land of Mr. Peirce, to Ridge Street in Winchester. Stone bounds will be set to permanently mark the Board of Survey lines for this street.

I wish to again urge the necessity for the extension of Summer Street from Brattle Street to Forest Street, because I believe that the Town cannot afford to delay this improvement, as land through which it passes is constantly increasing in value, also I am told that a Land Company has purchased a large area through which this proposed street passes and the company is willing to co-operate with the Town in the matter.

This year the Metropolitan Park Commission has made a survey for the extension of Summer Street from its present end at Mystic Street, through private land to Meadow Brook Park, then along the shore of Mystic Lake and connecting with the Mystic River Parkways at Medford Street. This street, if constructed, would establish a new thoroughfare for travel from Cambridge, Somerville and Medford to Lexington, Concord and towns beyond. It would also relieve the congestion on Massachusetts Avenue and hasten the development of the northerly part of the Town.

I repeat my suggestion of last year that the Metropolitan Park Commission be petitioned to extend the channel of Alewife Brook to Spy Pond. This would provide an active outlet for the pond and improve its sanitary condition.

Annexed to this report is a table giving names of all streets in the Town, public and private, length, width and total mileage; also a table of statistics of the Town.

Respectfully submitted,

GEORGE E. AHERN,
Town Engineer.

TABLE SHOWING THE LOCATION, LENGTH AND WIDTH OF ACCEPTED AND PRIVATE STREETS.

Name	Location	Width	Length		Date of Acceptance
			Accept.	Private	
Aberdeen Road	Southerland Road, easterly	40	.....	320

GENERAL STATISTICS.

Arlington is situated six miles northwest of Boston, in latitude 42°, 25′ north; longitude 71°, 09′ west, at an elevation above mean tide of from 4 to 377 feet.

Massachusetts Avenue at Pleasant Street, elevation, 48 feet.

Massachusetts Avenue at Park Avenue, elevation, 155 feet.

Park Circle at Eastern Avenue (base of standpipe), elevation, 377 feet.

Crescent Hill Avenue at Park Place, elevation, 281 feet.

The Town and a part of what is now Belmont were set off from Cambridge and incorporated as West Cambridge in 1807. The name was changed from West Cambridge to Arlington in 1867.

Population is estimated at 13,000.

Number of polls, 3413.

Number of voters: Men, 2307; women, 94. Total, 2401.

School enrollment: Public, 2600; parochial, 200. Total, 2800.

Area of Town, including that covered by water, 3520 acres, or 5½ square miles; area covered by water, 237 acres.

Parks: Town, 69 acres; Metropolitan, 45.8 acres.

Total cemetery area, 41.2 acres; area taxed (tax rate $22.60), 2631.78 acres.

Valuation of real estate, $13,073,332.

Valuation of personal property, $1,695,878.

Public streets and town ways: Macadam, 12.64 miles; gravel, 21.80 miles; granite paving, $\frac{1}{10}$ mile. Total miles, 34.54.

Private streets open for travel, 25.35 miles.

Permanent sidewalks: Concrete, 6.1 miles; brick, 2.7 miles; artificial stone, 1.07 miles. Total miles, 9.87.

Edgestone, 9.03 miles.

Paved gutters, 11.21 miles.

Storm drain system, 9.06 miles.

Catch basins, 401.

Sewerage system, 29.78 miles; local metropolitan sewer svstem, 3.47 miles. Total, 33.25 miles.

Particular sewer system (1600 connections), 17.53 miles.

Number of buildings connected, 1673.

Water mains: Low system 20.35 miles; high system, 22.12 miles.

Reservoir supply system, 2.39 miles. Total, 44.86 miles. Metropolitan system, 2.6 miles.

Cement lined pipe in use, 3.20 miles.

Cast iron pipe in use, 41.34 miles.

Fire hydrants, 441.

Fire pressure at Massachusetts Avenue and Pleasant Street — Low system, 50 pounds; high system, 105 pounds; reservoir supply system, 50 pounds.

Water services, 2409.

Water meters, 2438.

Fire alarm boxes (Gamewell), 40.

Police signal boxes (Gamewell), 15.

Gas mains, 17.52 miles.

Street lights: Arc, 78; incandescent, 370. Total, 448.

Telephone and telegraph conduits, 5.2 miles.

Boston Elevated Railroad conduit, 1.5 miles.

Electric light conduits, 2.4 miles.

Steam railroads: Double track, 3.59 miles; single track, 0.24 miles. Total miles trackage, 7.42 miles.

Electric railway: (Double track counted twice), 11.74 miles.

Houses, 2155; other buildings, 891. Total, 3046.

Schoolhouses, 6; churches, 10; post offices, 3; police stations, 1; railroad stations, 4; fire stations, 3; hose wagon, 1; ladder truck, 1; auto hose and chemical, 1; auto hose, chemical and pump, 1.

AUDITOR'S REPORT

For the Financial Year Ending December 31, 1913.

The books of the Treasurer have been examined and agree with the Auditor's accounts. The cash balances in banks as reported by the Treasurer have been verified by bank statements.

The accounts of the Trustees of all Trust Funds have been examined and found correct, and all Investments on hand as reported by said Trustees have been examined and checked by me. Two new Trust Funds were received during the year from the Estate of Edwin S. Farmer, as follows:

Edwin S. Farmer, Poor Widows' Fund,	$5,000.00
Edwin S. Farmer, Relief Fund,	5,000.00

Owing to the death of our Collector of Taxes two complete audits were necessary in that office during the year, and in both of them the accounts were found to be correct and the uncollected assessments agreed with amounts shown in the respective reports of Walton H. Sears, representing the Estate of Harvey S. Sears, and Edward A. Bailey, Collector pro tem., who was appointed to fill the vacancy.

There are several overdrafts shown in the accounts for the year, as follows:

Abatements,	$691.92
Incidentals,	499.88
Interest,	746.92
Water Division,	1,824.29
Water Pipe Extensions,	187.11
	$3,950.12

As it was not possible to accurately estimate the necessary expenses of the new Town Hall, and some expenses properly chargeable to that account were charged to Incidentals, estimates on both accounts not being large enough, hence an overdraft.

Owing to a clerical error in my report of last year, by which the Water Division balance of $1,025.06 was reported as available for transfer, instead of available for department only, and the Metropolitan Water Tax paid was $20,491.56, but estimated at only $19,000.00 in the budget, explains the overdrafts in the two Water accounts.

The other two overdrafts are unavoidable except by liberal appropriations.

The unpaid bills so far reported to me are as follows:

Water Division,	$399.87
Highway Division,	1,559.70
Surface Drainage,	28.90
Health Department,	220.82

Some of these bills being for tools and equipment, although contracted in December, are proper charges against 1914 accounts.

In closing I wish to pay my humble tribute to the memory of our late Collector, Mr. Harvey S. Sears, with whom I have been so closely connected for some years. His careful and concientious attention to every detail of his work, strictly honest in all his dealings, his gentlemanly conduct and courteous treatment of every person having business with him, made him a most efficient and capable public servant whose loss I know will be felt by every citizen of our Town.

GEORGE McK. RICHARDSON,
Auditor.

MYRON TAYLOR,
Town Treasurer.

I have examined the accounts of Myron Taylor, Treasurer of the Town of Arlington, and find the same correct, and agreeing with the Auditor's books, and the balance of cash on hand is eleven thousand five hundred thirty-four dollars and twenty-six cents ($11,534.26) as shown.

GEORGE McK. RICHARDSON,
Auditor.

ESTATE OF HARVEY S. SEARS,
WALTON H. SEARS, ADMINISTRATOR,
Collector of Taxes.

August 30, 1913.

I have examined the accounts of Harvey S. Sears, Collector of Taxes for the Town of Arlington, Mass., and find the same correct, agreeing with the Auditor's books.

GEORGE McK. RICHARDSON,
Auditor.

August 30, 1913.

REPORT OF THE BOARD OF SELECTMEN.

The Board of Selectmen herewith presents to the Town the following report on matters coming under the supervision of the Board, together with recommendations as to future action by the Town on certain matters.

On March 3, 1913, the members of the Board, consisting of Frank V. Noyes, Herbert W. Rawson and Jacob Bitzer, having been re-elected for the term of one year, met in the Selectmen's office in Town Hall, where the oath of office was administered to them by the Town Clerk.

The Board organized for the year 1913 with Frank V. Noyes as Chairman and Thomas J. Robinson as Clerk.

Standing Committees.

Frank V. Noyes, Outside Poor, Town House and Public Buildings.

Herbert W. Rawson, Police Department and Public Lands.

Jacob Bitzer, Fire Department and State Aid.

The Board of Selectmen is composed of three members, elected annually at the annual town meeting, the first Monday in March, all for the term of one year.

The Board also acts as Overseers of the Poor and as Board for the Suppression of Gypsy and Brown-tail Moths, and has general supervision over all other matters not otherwise provided for by statute.

The Board meets every Monday evening at 7.30 o'clock in their office in the Town Hall.

Town Debt and Tax Rate.

On December 31, 1912, the fixed debt was.....	$655,750.00
Amount paid during the year.....	101,550.00
	$554,200.00
Amount added during the year.....	10,000.00
On December 31, 1913, the fixed debt is.....	$564,200.00

The above figures show a decrease in the fixed debt of the Town of $91,550.

Sinking Fund.

On December 31, 1912, the Sinking Fund was...		$123,850.11
During the year the following amounts have been added to the Fund as follows:		
For Interest.....	$4,601.64	
By Town Appropriation.....	12,000.00	
		16,601.64
		$140,451.75
During the year the following amounts have been paid from this fund:		
Payment of High School Bonds.....	$64,600.00	
Rent of Safety Deposit Vault.....	10.00	
		$64,610.00
On December 31, 1913, the Sinking Fund is.....		$75,841.75

The total fixed debt remaining is $564,200, or $91,550 less than in 1912.

The tax rate for 1913 is $22.60 on $1000, or $1.80 more than in 1912.

The total increase in personal property and real estate in 1913, as compared with 1912, is as follows:

Personal Property		*Real Estate*	
1912	*1913*	*1912*	*1913*
$1,748,750.00	$1,996,229.00	$12,231,799.00	$13,073,332.00

Increase in Personal Property in 1913.....	$247,479.00
Increase in Real Estate in 1913.....	841,533.00
Increase in 1913 in both Real and Personal Property.....	1,089,012.00

State, County and Metropolitan Taxes.

	1913	*1912*	*Increase*
State Tax	$28,880.00	$18,875.00	$10,005.00
County Tax	14,569.53	10,388.47	4,181.06
Metropolitan Sewer Tax	14,547.74	11,166.80	3,380.94
Metropolitan Water Tax	20,491.56	18,996.13	1,495.43
Metropolitan Park Tax	7,532.80	6,914.95	617.85
Charles River Basin Tax	1,169.56	934.79	234.77
Alewife Brook Tax	2,445.00	2,497.50	*52.50
	$89,636.19	$69,773.64	$19,862.55

The total State, County and Metropolitan Taxes for 1913 are $89,636.19 or $19,862.55 more than the amount assessed in 1912.

The above figures show an increase in these taxes for 1913 of 28%, or $1.25 on every $1000 paid in taxes. This amount deducted from the increase in the tax rate of $1.80 will show that the increase for Town purposes is 55 cents per $1000.

With the Legislature making large appropriations each year it does not seem that there will be any decrease in the near future in these taxes. It is, therefore, manifestly imperative that all departments of the Town be conducted as economically as possible, without impairing the efficiency of the service, if we are to keep our tax rate near the $20 mark.

Corporation and Bank Tax Received by the Town.

	1913	*1912*	*Increase*
Corporation Tax	$7,358.60	$6,781.94	$576.66
Bank Tax	12,288.68	7,124.50	5,164.18
Street Railway Tax	11,707.99	15,310.50	*3,602.51
Boston Elevated Ry. Tax	3,136.19	2,898.09	238.10
Bay State St. Ry. Tax	364.15	349.89	14.26
Middlesex St. Ry. Tax	115.88	96.29	19.59
	$34,971.49	$32,561.21	$2,410.28

The total receipts as shown above for 1913 amount to $34,-971.49, or $2,410.28 more than the amount received in 1912.

*Decrease.

Debt Maturing.

In the next five years the debt maturing as it stands December 31, 1913, amounts to $89,750, divided as follows:

1914	$20,450.00
1915	19,450.00
1916	16,950.00
1917	14,950.00
1918	17,950.00
	$89,750.00

All of the above indebtedness must be paid from money raised by general tax, as no part of it is provided for from the Sinking Fund.

Sixty-four thousand six hundred dollars was paid from the Sinking Fund this year for High School Bonds. No further payments from this Fund will be made until 1922, when $92,000 Water Bonds become due.

Bonds of the Treasurer, Collector and Town Clerk.

Bonds as required by law, covering the services of the Treasurer, Collector and Town Clerk, have been filed with this Board. The Town Counsel has approved the bonds as to form, and they are in the following companies and for the following amounts: Town Treasurer, $20,000, American Surety Company, of New York, Surety; Tax Collector, $10,000, U. S. Fidelity and Guaranty Company, Baltimore, Surety; Town Clerk, $1,500, American Surety Company, of New York, Surety, covering services as Town Clerk, Clerk of Departments and Clerk of Cemetery Commissioners.

Military Aid, State Aid and Soldiers' Relief.

Military Aid. Only one person is receiving Military Aid at the present time. This aid is rendered only on occasions where through sickness or accident a person's pension and State Aid are insufficient to properly care for them. One-half of the amount paid by the Town for Military Aid is returned by the State on the approval of the Commissioners.

State Aid. The number of persons receiving this aid is

practically the same as last year. Some few have died and others have been added. The average monthly pay-roll for this aid is $185, which is paid by the Town on the approval of the Commissioner of Pensions, and the entire amount as approved by him is reimbursed by the State the following year.

Soldiers' Relief. This aid is rendered only in urgent cases, and the Town bears the whole expense. The number of persons receiving this aid has been increased one during the year, making the total number now receiving this aid six. The monthly pay-roll for this aid is $35.

Police Department.

During the year the police force has been increased by the appointment of Officers Albert F. Duffy, Felix Lopez, T. Arthur Nolan, and Theodore Belyea. These appointments were made on requisitions made by the Board to the Civil Service Commissioners, as the Police Department is now under Civil Service rules. Three were added to increase the efficiency of the Department, as recommended last year, and one to fill the vacancy caused by the retirement of Officer Barry.

On April 7, 1913, Officer Garritt Barry after a continuous service as patrolman, of thirty-seven years, was, on account of illness, retired on a pension. Officer Barry was appointed to the force November 9, 1876, and this Board desires to testify to their appreciation of the courageous, faithful and efficient manner in which he performed his duties.

The Department at the present time consists of a Chief, a Lieutenant, a Sergeant, and nine patrolmen. The Department continues to do efficient work, and with the increased number of patrolmen the Town is better protected than ever before. For further details for the work of the Department reference is made to the report of the Chief of Police.

Fire Department.

During the year the efficiency of this Department has been increased by the installation of the Triple Combination Pump, Hose and Chemical Auto, at the Central Station on Broadway. By the installing of this piece of apparatus the

number of companies has been reduced by one. The Department has continued to do their work in a thorough manner, answering 137 alarms during the year, and their success in handling the fires is most commendable, as evidenced by these figures.

Value of buildings endangered,	$154,382.00
Loss on buildings,	40,944.67
Insurance paid on buildings,	40,849.67
Total loss on all fires on buildings,	95.00
Value of contents, endangered,	93,200.00
Loss on contents,	11,850.00
Insurance paid on contents,	11,500.00
Total loss on all fires on contents,	350.00

Of the alarms answered 67 have been bell alarms and 70 still alarms, making a total of 137 alarms, as compared with 134 in 1912.

The Department consists of a Chief, two Assistant Chiefs, nine permanent men and twenty-five call men.

For detail of expenses connected with the Department see Auditor's Report. For more detail as to the make-up and work of the Department see Report of the Chief Engineer.

Robbins Memorial Town Hall.

On June 23, 1913, the executive officers of the Town, with the exception of the School, Police, Fire and Wire Departments, were removed from the now old Town Hall Building (which they had occupied since 1854) to the beautiful and commodious Robbins Memorial Town Hall, on Massachusetts Avenue, at the corner of Academy Street. The dedication of the new building had been set for June 25, and it was the desire of the legatees under the will of the donor that all the officials should be in their offices to receive the citizens on the day of the dedication. A full description of the dedication will be found in this volume under that heading.

The removal of the accumulation of books, records, plans and documents of value, of more than one hundred years' growth, was made with no interruption of the business of the Town, and each official and head of a department took an individual pride in caring for and housing the various instru-

ments, books or documents of his department in the new building. Ample room and devices enable each to so care for the documents coming under his care and supervision that on the day of the dedication each office was in perfect condition, and each official ready to receive and welcome the citizens to the magnificent new Town Hall — a building ample in every way to care for the needs of the Town for many years to come.

At the March meeting of 1913 no provision was made for the care and maintenance of the new building, as at that time it was impossible to estimate what amount would be necessary. It was deemed wise, therefore, to postpone making any appropriation until the November meeting, at which time a fair estimate could be given as to the cost of maintenance.

The appropriation of $1500 made in March was for the Town House Account, and was to include both buildings, with the understanding that any deficit, or estimated deficit, would be taken care of at the November meeting.

In November an additional appropriation of $2500 was made for this account. It is the opinion of the Board that a gift so magnificent, generous and far-reaching for the welfare and advancement of the Town should be forever properly and carefully cared for. As in all new structures, some changes will be necessary this year, to comply with changed rules and regulations of the State Police. These changes will necessitate an appropriation of about $2000. The cost of maintenance will be about $4000. This amount includes the care of the building, inside and out, light, heat, and all incidental expenses, together with the care of the grounds and the Memorial Statue, Fountain, Ripple and Pool. The estimated revenue from rentals of the Hall is $1500, said amount to be deducted from the appropriation. This estimated revenue or income from rentals of the Hall is to be turned into the Town Treasury, subject to such votes of the Town as may be passed for the establishment of a Fund to care for the auditorium, piano and scenery.

The following rates have been established for the rental of the Hall, subject to such changes as the Board may from time to time make. The prices herein quoted include all expenses attached to the running of entertainments, etc., as far as the Hall is concerned.

Theatricals and dramatic entertainments,	$55.00
Dress rehearsal to be held on an evening prior to the entertainment on which the Hall is not otherwise engaged,	10.00
Concerts,	40.00
Minstrel shows, including dress rehearsal as above,	50.00
Evening dancing parties until midnight,	40.00
Evening dancing parties until one A.M.,	45.00
Evening dancing parties until two A.M.,	55.00
Lectures, evening, without piano,	30.00
Lectures, evening, with piano,	35.00
Political meetings,	30.00

As stated above, the prices given include janitor service, check rooms, electrician, scene shifter, police officer, whenever any of these are necessary.

The building is a large and beautiful one. The grounds are large and ornamental, and the Board feels that they voice the sentiment of all our citizens that both should be properly cared for. The building and grounds have already become one of the show places of the Metropolitan District, and they are, without question, the greatest asset the Town has to offer to people who come and reside here. The cost of maintenance is much lower than the Town would be called upon to pay for interest alone had the Town built a building itself.

Old Town Hall Building.

On June 23, 1913, the various town officers (excepting the Police and Wire Departments) which had occupied the old Town Hall Building were removed to the new Robbins Memorial Town Hall.

The Police Department requested that that department be assigned to the offices formerly occupied by the Treasurer and Collector for use as the office of the Chief and the general office respectively. This request was granted and some slight alterations made to make these offices conform to the needs of the Police Department. The old office used for the police was retained as a guard room.

With these changes the Police Department seems to be provided with ample space for some years to come.

The School Committee, through the Superintendent, requested that the rooms formerly occupied by the Selectmen and Town Clerk be assigned to them for use as a meeting room and office for the Superintendent. The request was later withdrawn, so that at present these rooms and the room formerly occupied by the Assessors are unoccupied.

During September a number of applications were received from various persons for the use of the old Town Hall for moving pictures. The Board very carefully considered each of the applications as to character, financial standing and ability to present the best pictures possible. As the undertaking was a new feature for Arlington and as some opposition developed, the Board felt that only the best and most reliable, financially and otherwise, should be considered. An agreement was, therefore, made with Messrs. Drown and Webb, connected with the Gordon Olympic Circuit, for the use of the hall from November 1, 1913, to March 1, 1914, at a monthly rental of $125, the lessees to be responsible for all expenses, excepting heat. This arrangement seems to be an advantage to the Town financially and otherwise, as no complaints of any nature have been received against the pictures or management of the Theatre. This arrangement shows a direct increase in revenue to the Town of $1000 per year.

The cost of maintaining the old building the coming year will depend entirely on whether this or a similar arrangement can be made, as the Police and Wire Departments must be maintained somewhere and can be taken care of here much cheaper than elsewhere. The cost of maintaining this building when all the town offices were located there was $1600. A separate appropriation should be made for this building for the heating and lighting of the Police and Wire Departments, all revenues to be turned into the Town Treasury. A fair estimate for lighting, heating, janitor services and other incidentals would be $1000 per year.

Outside Poor.

The problem of properly caring for the poor of the Town the coming year is a perplexing one.

In 1913 the sum of $6500 was appropriated for this purpose.

To this amount can be added the income of the Poor Widows' Fund. This Fund has been increased during the past year by the generous bequest of the late Edwin S. Farmer of the income of $5000. Mr. Farmer also bequeathed the income of $5000 for the relief of needy persons of Arlington. The income of these two bequests will not be available until the close of 1914. The accumulated income from the Poor Widows' Fund on December 31, 1913, was $1,287.20. The annual income is about $300. This amount will be increased from the bequests of Mr. Farmer $400. From the income of this Fund in 1912 was spent the sum of $879.86. The expenditure of this amount made necessary the increase in the appropriation for the care of the poor in 1913 from $6000 to $6500. It does not seem wise to reduce the accumulated income of this Fund much lower, but to use the yearly income in order to avoid a larger appropriation by the Town, using the accumulated income for cases of emergency. That this method now seems, however, impossible, is brought forcibly to our minds by the law passed in 1913 and known as the "Mothers with dependent children Pension Act," Chapter 763, Acts of 1913.

This Act requires Overseers of the Poor of cities and towns to give "adequate support" to such mothers of dependent children (dependent children are those under fourteen years of age) as said Overseers should deem worthy and competent to properly bring up their children, in homes to be inspected by said Overseers, the surroundings and influence of said homes to be satisfactory to said Overseers, as making for proper and good citizenship. In order to arrive at an intelligent solution of each case the Overseers are required to interview each applicant, determine the settlement, the responsibility of the mother, the history of the family, the financial ability (if any) of those relatives who are by law required to aid them, and whether or not they do so — the habits, home life and surroundings, etc., of each applicant. If, in the opinion of the Overseers, the applicant is worthy and deserving, they *must* render *adequate* aid. The term *adequate* has never been defined by the State authorities.

If, on all the facts presented to the State Board of Charity, they, after another examination of the case by the agents of

said Board, determine the case is a worthy one, they *might* reimburse the Town one-third of the amount expended.

This law is so far-reaching and so uncertain of reimbursements that the Board finds that in order to comply with the requirements and take the risk of any reimbursement it will be necessary to appropriate at least $2000 more than in 1913, or $8500 to care for the poor of the Town under this law.

To cite a typical case:

This Town is now caring for a mother with six dependent children (all under 14 years) at $3 per week. The family is not suffering. The State says you must give "adequate relief" and keep the mother at home. Adequate relief in her case would mean at least $9 per week. She now earns $5 to $6 per week. If we allow her $9 per week and the State reimburses one-third, or $3 per week, the Town of Arlington is called upon to pay $6 per week when now they pay $3 per week. If this rule were to be followed in all the cases now on our books the increase of $2000 would not be sufficient.

To make the work of the Overseers more difficult, numerous people, with no knowledge of the law governing the cases, send many people for aid who without such advice would never apply. The Board feels that it is the desire of the citizens of the Town that no worthy person, who through no fault of his own is suffering or in want, should go unaided. It is not the policy of the Board to foster or encourage pauperism, but to aid deserving persons until the conditions requiring such aid have been removed.

The Board is in constant touch with recipients of the Town's charity, and reduces or increases the allowance as the merits of the case seem to warrant.

The number of persons receiving aid from the Town has increased during the year and now numbers 168, as against 150 in 1912. This is a natural increase as the population of the Town increases, and must be expected.

Although there are a number of persons boarded out in families, the Town has no inmates in any almshouse.

The Almshouse property continues to draw a revenue to the Town, being rented to two families at $20 per month each.

For details of expenses see Auditor's Report.

Insurance.

There has been no material change during 1913 in the matter of town insurance, expecting that the Town has benefited by reductions in rate on Workmen's Compensation insurance. It will be necessary to appropriate for 1914, to take care of renewals of fire and liability policies, and boiler insurance, $2000. This amount does not include the amount necessary for bonding premiums, and which last year was $150. Owing to a change in the policy of the late Collector of Taxes it will be necessary this year to appropriate $175, in order to take care of an unpaid premium.

Jurors.

During the year twenty names have been stricken from the list of Jurors on account of death or removal from town. The vacancies thus caused have been filled by selection of citizens who in the opinion of the Board are qualified to serve as Jurors. The method of choosing Jurors has been changed within the past few years. They are now selected by the Selectmen without the knowledge of the person selected. The Board would suggest that any citizen not desiring to serve as a Juror should notify the Board immediately after the first of each year.

Coal for Town Departments.

As has been the custom for years, the Board issued invitations to eight firms for bids to furnish coal to the various departments of the Town with the exception of the School Department. The bid of the Peirce & Winn Coal Company, of Arlington, was the lowest and they were awarded the contract. The prices for the various kinds and grades of coal are as follows:

Delaware and Hudson, furnace, egg and stove,	$6.48
William Penn and Reading, furnace, egg and stove,	6.73
Honey Brook, furnace, egg and stove,	7.10
Delaware and Hudson, stove — Outside Poor,	7.40

The Departments furnished with coal are Town Hall, Library, Fire, Water and Highway Departments, and Outside Poor.

Gypsy and Brown-Tail Moths.

The work of this Department during the past year up to December has been done under the direction of Superintendent William H. Bradley. In December Mr. Bradley resigned the position as Superintendent to accept the position of Sanitary Inspector, under the Board of Health. This Board desires to express its appreciation of the faithful, honest and efficient manner in which Mr. Bradley has performed his duties. The Board feels that the Town is to be congratulated, however, in that Mr. Bradley will continue in the services of the Town in a field where perhaps his ability can bring more far-reaching and beneficial results than as Superintendent of this Department.

The position of Superintendent thus made vacant has been filled by the appointment of Daniel M. Daley, who for some ten years had been associated with Mr. Bradley in the work of exterminating moths. The Board feels confident that the efficiency of the work will be continued under Mr. Daley's direction.

The appropriation necessary in 1914 to carry on this work will be $6000, a saving of $1500 from the appropriation made last year. This reduction is made for the reason that the Board feels that the Town is freer from these pests than it has been for many years.

For detail of the work done by the Department see the Report of the Superintendent.

Town Yard Property.

The attention of the citizens is again called to the purposes for which this property was purchased. It was the intention at the time this property was purchased in 1909 that it should be used for the storage of material used in the Highway Department, Sewer Department, and the Water and Health Departments. The Health Department is the only Department now using the property. The Board is still of the opinion that a large saving can be made in the handling of the materials used by the Highway, Water and Sewer Departments, if this property were improved along the lines originally intended.

Licenses.

The policy established two years ago of requiring a license from the Board for all public entertainments has been continued and works to the advantage of the Town in that it enables the Board to grant and refuse licenses as conditions require, and keeps the Board in touch with all entertainments given in the Town.

Common Victuallers. The usual number of applications for licenses as Common Victuallers has been received. Each application has been carefully considered and referred to the Chief of Police for investigation before being granted, as the Board are of the opinion that a license of this character which gives the licensee the privilege of keeping his place of business open on Sunday should not be used as a subterfuge for the sale of other articles, for which a license could not be issued. Numerous applications have been made for licenses to sell cigars, soda and confectionery on Sundays, but as the Town has not accepted the law giving the Board authority to issue such licenses none have been issued.

Billiards and Pool. As reported last year, applications are from time to time made by persons in various sections of the Town for licenses to conduct billiard and pool rooms. The Board has established the policy that the desires of the citizens residing in the locality where the license is asked for should be consulted and their wishes respected. Three licenses of this nature have been issued, one at 444 Massachusetts Avenue, one at 464 Massachusetts Avenue, and one in the Post Office Building.

Junk. During the year three licenses have been issued for the collection of junk and second-hand articles at $100 each. It is the opinion of the Board that the citizens are better protected by issuing a small number of licenses at this figure to responsible parties than to issue a large number at a nominal fee.

Licenses Granted.

The following licenses were granted during the year:

Common Victuallers. A. C. LeBreque, 606 Massachusetts Avenue; Isabella M. MacDonald, 1406 Massachusetts Avenue;

A. O. Sprague, 5 Mystic Street; Louis C. McKenna, 460 Massachusetts Avenue; Napoleon J. Hardy, 657 Massachusetts Avenue; Christie Anifantis, 1309 Massachusetts Avenue; Louis C. Taylor, shore of Spy Pond; E. M. Parkhurst, 450 Massachusetts Avenue; Edward A. Geary, 616 Massachusetts Avenue; Pannis and Saxeny, 1360 Massachusetts Avenue.

Junk. Max Rosenfeldt, 1306 Cambridge Street, Cambridge; Joe Berkman, 134 Pine Street, Cambridge; Samuel Wax, 32 Sawin Street, Arlington.

Pool Table. Harry L. Mason, Arlington Auditorium; Sylvester Di Donato, 444 Massachusetts Avenue; A. H. Howard, Post Office Building.

Auctioneers. Arthur J. Hendrick, 99 Medford Street; Frank Y. Wellington, 15 Wellington Street; James H. Shedd, 28 Draper Avenue; Albert H. Goddwin, 8 Water Street; George D. Moore, 133 Broadway; Willard G. Rolfe, Irving Street; Frank V. Noyes, 11 Gray Street; James M. Mead, 46 Mt. Vernon Street; Daniel P. Sweeney, 29 Cleveland Street; Winthrop Pattee, Jason Street; F. Alfred Patterson, 70 Appleton Street.

Intelligence Office. Mrs. Mary E. Witcher, 14 Peabody Street, Newton.

Transportation of Liquors (under Chapter 421, Acts of 1906). George W. McClellan, 15 Webster Street; James F. Teehan, 7 Moore Place; Arthur M. Curtin, 963 Massachusetts Avenue; Wood Brothers, Massachusetts Avenue; American Express Company, Railroad Station; Joseph J. Devlin, 280 Broadway.

No sixth class licenses were issued.

For further details of expenditures made see Auditor's Report.

FRANK V. NOYES,
HERBERT W. RAWSON,
JACOB BITZER,
Selectmen of Arlington.

GYPSY AND BROWN-TAIL MOTH DEPARTMENT.

Nature of Work.

January 1913 to January 1914.

HARVEY S. SEARS.

On August 18, 1913, the Town was called to mourn the loss of Harvey S. Sears, Collector of Taxes. In the death of Mr. Sears, which occurred on that date, the Town lost the services of an honest, able, courteous and painstaking official.

Appointed Town Clerk October 26, 1901, and Treasurer and Collector of Taxes November 6, 1901, at a time when the Town was much excited, due to the deplorable financial situation existing at that time, he entered upon his duties under conditions less favorable than any official in the history of the Town.

Elected in March, 1903, for the office of Collector and re-elected each year from that time, without opposition, he, by his intense sense of honesty and fair dealing, more than any other official, dispelled the feelings of unrest and uncertainty in our Town and brought order and system out of what appeared to be chaos.

In his dealings with the citizens of the Town his duty was paramount, but his unfailing courtesy and kindly bearing made his duties less onerous and the feeling of the public less antagonistic.

In his loss the Town has indeed suffered, as his high and manly ideals of an official are not always to be found.

No higher tribute to Harvey S. Sears can be given than this, by those who knew him best.

Pure in thought and speech,— kind and courteous in his dealings,— efficient and honest in endeavor and performance of duty,— prompt, faithful and honest. His call came while he was at his desk, and of him indeed may we truthfully say, "When his call came his house was found in order."

REPORT OF BOARD OF PUBLIC WORKS.

The Board of Public Works herewith submits its annual report for the year ending December 31, 1913.

At the Town Meeting held on March 3, 1913, Henry S. Adams, Philip Eberhardt and Henry W. Hayes were elected members of the Board. The Board organized on March 3, 1913, with a choice of Henry W. Hayes as Chairman, and Charles C. Lothrop, Clerk.

Appointments.

At a meeting held April 14, 1913, Charles C. Lothrop was appointed Water Registrar, and Robert W. Pond Superintendent of Public Works, both appointments being for one year.

On November 3, 1913, Mr. Lothrop resigned his position as Water Registrar and Clerk of the Board. He had been Water Registrar since 1902 and Clerk of Board of Public Works since its organization in 1904. Mr. Lothrop had always been conscientious and efficient in his work, and the Board accepted his resignation with regret. Mr. Pond was appointed Clerk, and George E. Ahern Acting Water Registrar for the balance of the year.

The regular meetings are held each Monday evening at 7.30 o'clock. Fifty-three regular meetings were held during the year.

The following are the *gross* amounts expended under the direction of the Board:

Highway Division	$49,777.61
Sewer Extensions	8,837.19
Sewer Maintenance	6,735.82
Water Extensions	15,546.31
Water Maintenance (includes interest, sinking fund and Metropolitan Water Assessment)	72,430.69
Permanent Sidewalks	4,903.10

Gray Street Construction	$8,456.20
Storm Drain Division	2,484.27
Street Watering	7,426.62
Total	$176,597.81

Highway Division.

The special work of the Highway Division has been the resurfacing of Massachusetts Avenue between Tufts Street and the Cambridge Line, and on Pleasant Street from near Kensington Park to Addison Street, and the construction of Gray Street between Mt. Vernon Street and Oakland Avenue.

On Massachusetts Avenue, in order to complete the work at an early date in the season, the Board made a contract with John A. Gaffey, of Medford, for scarifying, furnishing and placing crushed stone, rolling, etc., on 9973 square yards of surfacing at the price of $2.28 per ton for stone furnished and rolled in place on the street, the Town furnishing the tar binder. The total work done under this contract was $3710.94.

In addition to the amount contracted for on Massachusetts Avenue, the department has resurfaced 9122 square yards of area, making all together 19,095 square yards of tar macadam resurfacing on Massachusetts Avenue for the season of 1913. This amount, together with the 33,536 square yards of resurfacing done in 1912, makes 52,661 square yards of resurfacing done on Massachusetts Avenue during the past two years, and leaves 16,000 square yards of resurfacing yet to be done to complete the work over the entire street between the Lexington line and the Cambridge line.

The cost of the work to date has averaged about sixty-five cents per square yard, and during the next five years, it is estimated it will require about ten per cent of the original cost for maintenance on account of the narrow width of certain portions of the street and the heavy traffic.

On Pleasant Street, the department has resurfaced 8839 square yards with tar macadam similar to the construction on this street in 1908. There remains to be done on this street 4263 square yards between Addison Street and Massachusetts Avenue, which should be completed in 1914.

The cost of all the resurfacing work during the year, including portions of Appleton Street, Devereaux Street, Gray Street, Henderson Street, Massachusetts Avenue, Mystic Street, Pleasant Street and Windemere Avenue is $13,846.26.

Three thousand one hundred and ninety-five tons of crushed stone were purchased on cars at Arlington for the work of 1913, at $1.20 per ton, and 1504 tons of crushed stone and dust were delivered by automobile truck at the work, at $1.75 per ton. These amounts, together with the 1591 tons of crushed stone furnished by the contractor on Massachusetts Avenue, give 6290 tons of crushed stone for a total amount used by the division for the year.

The work by the County Commissioners at the Winchester line on Mystic Street, which was partially completed in 1912, was finished under their direction early in 1913, at a total cost of $1483.98, the same being paid from our 1913 appropriation. The total cost of this work to the Town of Arlington has been $1869.11, including storm drain.

On May 13, 1913, the City of Somerville and the Town of Arlington signed a contract with the Hanscom Construction Company of Boston, for the construction of a concrete arch bridge over the Alewife Brook at the end of Henderson Street, Arlington, to connect with Woodstock Street, Somerville.

The sum of $7000 was appropriated by Arlington and Somerville for the cost of this bridge complete, one-half the cost to be paid by each. The City of Somerville assumed the charge of the construction, and the net cost of the work to Arlington for the bridge structure was $3494.06, leaving a balance of the appropriation of $5.95. After the bridge structure was completed, both Arlington and Somerville made the necessary fill on their respective sides of the bridge to complete the approaches thereto. It was not deemed wise to place the final surface on the approach from Henderson Street, as the fill was so deep that settlement would be sure to take place during the winter, and if left until spring, the work could be completed on a permanent basis. The work will probably cost for the completion of the street surfacing and fencing about $250. The construction of this bridge is the

result of the efforts of many citizens over a period of some six years to secure an additional thoroughfare between Arlington and Somerville, and the traffic census already shows that the expenditure for its construction was warranted.

A large amount of fencing was done during the year, and many of our old wooden fences are still in need of extensive repair. This cost for the year was $206.89 and is included in grade and repair of sidewalks.

In addition to the $5000 appropriated for the prevention of dust, there was expended from the Highway Appropriation $2426.62 for the use of oils and tars, making a total cost of prevention of dust for the season $7426.62 on about seventeen and one-half miles of streets treated.

As shown in Table 3, 1221 square yards of brick sidewalk were laid on the northerly side of Massachusetts Avenue easterly and westerly of Park Avenue. This nearly completes the proposed continuous permanent sidewalk on the northerly side of Massachusetts Avenue from Tufts Street to Paul Revere Road, the only space remaining being from Forest Street to Lowell Street, which it is proposed to lay during 1914. The cost of this work will be about $900. Reference to the table mentioned will also give detail of all sidewalk work for the year.

In the matter of storm drains, the department has continued the storm drain on Orvis Road from Newcomb Street to Massachusetts Avenue, and from Massachusetts Avenue to Marion Road, thus relieving to a great extent the conditions existing on Massachusetts Avenue between Tufts Street and Orvis Road, and also providing outlet for future extensions of the system to Harlow Street and adjoining territory. Reference to Table 2 will show in detail the work done under the storm drain appropriation, cost, etc.

The total cost of maintaining the stable and teams was $7299.82. Fourteen horses are owned by the division, the average cost of maintenance per working day being $1.69 per horse.

The appropriation for highways was $42,500, and the amount expended was $49,777.61, the credit for work done and ma-

terials furnished to the other departments, etc., being $8378.88, leaving a cash balance on hand of $1101.27.

The value of the property controlled by the division January 1, 1914, amounted to $18,906.20, classified as follows:

Horses, vehicles, machinery and tools	$16,076.22
Buildings and appurtenances	1,803.25
Material available for new work	1,026.73

Material and equipment in charge of the Highway Division owned by other departments are as follows:

Health Department	$2,436.83
Street Watering Department	1,331.70
Total value for all	$22,674.73

The following is a summary of the traffic census taken under direction of the Board on September 6, 7 and 10, 1913:

Location	*Horse Drawn Vehicle*	*Motor Vehicle*	*Totals*
Appleton Street at Belmont line	19	11	30
Broadway at Somerville line	221	218	439
Cross Street at Belmont line	49	55	104
Forest Street at Winchester line	67	36	103
Lowell Street at Lexington line	89	291	380
Mass. Avenue at Cambridge line	788	1460	2248
Mass. Avenue at Lexington line	344	974	1318
Medford Street at Medford line	96	1134	1235
Mystic Street at Winchester line	96	821	917
Park Avenue at Belmont line	24	22	46

New Street Construction.

At the Town Meeting in March, 1913, an appropriation of $10,000 was made for the construction of Gray Street between Mt. Vernon Street and Oakland Avenue. Early in August, work on the portion between Mt. Vernon Street and Pine Ridge Road was begun. It was necessary to rebuild the stone walls between Mt. Vernon and Walnut Streets, and in the section between Walnut Street and Pine Ridge Road about 600 cubic yards of ledge were removed. It was necessary to relay the water pipe in this section because of the depth of the cut from the original surface of the ground, and at this time the storm drains and the sewer were laid to save future expense.

As the work from Robbins Road to Oakland Avenue progressed, it was evident that a change in location of the line would be more advantageous both as regards the cost of construction and the connection of the street with Oakland Avenue, so further work was delayed until after the matter could be brought before the November Town Meeting for the relocation of the street.

On November 18, 1913, the Town voted to change the location of the street in accordance with plan recommended by the Joint Board, and work was immediately thereafter pushed to complete the construction before cold weather. The street was opened to traffic from Oakland Avenue to Mt. Vernon Street on December 1, 1913. The whole area where filling occurred was ballasted with stone either from the ledge removed to bring the street to grade or from ledge on property belonging to Mr. Philip Allyn located near by on Buena Vista Avenue.

The Board feels that no further expense will be necessary on this street for the present, and that more was accomplished towards securing a permanent street than was believed to be possible for the money expended when the construction was commenced.

The total cost of the construction, not including land damages, to date is $8456.20.

Sewer Division.

Reference to Table 4 will show the details of construction for 1913. The largest single item of expense in this division was the construction of the pumping plant and force main on Grove Street. This work was done primarily to care for the drainage from the Hospital. This outfit comprises a receiving chamber and motor driven air compressor for the lifting of the sewerage from a point near Dudley Street to the Massachusetts Avenue sewer. This plant will serve a portion of Dudley Street north of Grove Street, Grove Street Place, and Summer Street west of Grove and if necessary, a portion of Summer Street east of Grove Street. The other extensions, as shown on table, have been made as they became necessary, and on Highland Avenue where the excavation was in ledge for water pipe, the sewer, storm drain and gas pipe were laid at one time to save expense in 1914 when they will be needed.

The Gas Company paid a quarter of the expense of excavation and the remaining expense was divided equally between the water, sewer and storm drain.

One hundred and six house connections have been made with the main sewer at a total cost of $2427.93. Several house connections have been partly relaid to remove roots or obstructions at a cost of $151.92. which is paid by the department. The entire sewer system has been cleaned and flushed at a cost of $337.70.

The total cost of maintenance for the year was $893.57. The cost of particular sewers and other outside work was $3808.30, and the net cost of all construction and maintenance was $9815.01, leaving a balance to the credit of the appropriation of $4.94.

The value of property controlled by the Sewer Division January 1, 1914, amounts to $1152.70 as follows:

Tools and appliances	$661.11
Material available for new work	491.59

Sale of main sewer to Commonwealth of Massachusetts, less collectable assessments		$42,400.13
Appropriation for construction, care and maintenance for years 1903 to 1913, inclusive		50,113.21
Amount expended for sewer construction and maintenance (including Henderson Street District sewers) as per Town Treasurer's balance, January 1, 1914	$323,265.96	
Balance from bonds and assessments to date	39,887.40	
	$363,153.36	$363,153.36

SUMMARY OF SEWERAGE STATISTICS.

(In form recommended by Sanitary Section of Boston Society Civil Engineers.)

For the year ending December 31, 1913.

ARLINGTON, MASS.

GENERAL.

Population by census of 1910, 11,187.

Total area of city or town, 5.5 square miles.

Area served by sewerage system, 2 square miles.

COLLECTION SYSTEM.

For sewage only 33.25 miles, includes 3.47 miles Metropolitan sewer.

For sewage and surface water, 0 miles.

For surface water only, 9.1 miles.

Method of disposal: sewerage into Metropolitan sewer, surface water into brooks.

COLLECTION.

Mains. (Everything but house and catch basin connection.)

	For Sewage Only	*For Surface Water Only*
1. Lineal feet pipe,	175,545 ft.	46,782 ft.
2. Lineal feet extended during year,	4,502 ft.	2,969 ft.
3. Number of inverted siphons,	2	

4. Number of manholes, 688.
5. Method of flushing. Water service at manholes end of lateral lines.
6. Method of cleaning. By special brush drawn from manhole to manhole.
7. Number of automatic flushing tanks, 0.
8. Number of direct connections with water mains for flushing, 32.
9. Number of flushings of entire system during year, 1.
10. Cost of flushing per mile, $10.15.
11. Cost of cleaning per mile, $10.15.
12. Number of stoppages, 1.
13. Method of ventilation, manhole covers.
14. Miles of permanent undermains, 3.

House Connections.

1. By whom made, Sewer Division Board of Public Works.
2. Sizes, 5, 6 and 8 inches.
3. Number made during year, 106.
4. Lineal feet laid during year, 5401.
5. Lineal feet discontinued during year, 0.
6. Total miles in use, 17.53.
7. Average cost per foot, connections made during year, 48 cents.
8. Number of stoppages coming to attention of department, 15.

Catch Basins.

1. Number, including inlets, 401.
2. Number cleaned, 1002.
3. Average amount material removed per basin, 3 cubic yards.
4. Cost of removing material per cubic yard, 49 cents.
5. Cost of removing material per catch basin per year, $1.46.

Discharge of Sewage.

1. Estimated population using sewer system, 11,500.
2. Number of buildings connected, 1673.

3. Daily discharge for year 4. Daily discharge for each user 5. Daily quantity of factory waste 6. Daily leakage into sewers 7. Daily leakage per mile of sewers 8. Are quantities given under 3 to 7 estimated or measured	Note: See Metropolitan Sewerage Board Report.

Financial.—Construction.

Receipts.

Balance from maintenance	$367.94	
Bonds issued	8,837.19	
House connections	2,346.25	
		$11,551.38

Expenditures.

Collection works:		
(*a*) mains	$8,837.19	
(*b*) house connections	2,714.19	
		$11,551.38

Maintenance and Operation.

Receipts.

Appropriation	$1,500.00	
Stock differences	4.49	
Balance		$1,495.51

Expenditures.

Repairs	$151.92	
Cleaning and flushing sewers	337.70	
Unclassified expenses	1,005.89	
		$1,495.51

General.

Total cost of collecting mains, $306,695.35.
Bonded debt at date, $119,500.
Value of sinking fund at date,— general.
Average rate of interest on bonds, 4 per cent.
Proportion of cost of system assessed on abutters, 45 per cent.
Yearly assessment for maintenance, none.

Method of assessing abutters and rate of assessment, as fixed by Acts of 1896, Chap. 282, is 28 cents per lineal foot frontage and 52-100 cents per square foot for area within 100 feet of street line.

WATER DIVISION.

Extension of Mains.

In all there have been laid 1024 feet of ten-inch, 2414 feet of eight-inch, and 6396 feet of six-inch to extend the high and low service system at a total cost of $15,546.31.

Reference to Table 7 will show in detail where these extensions have been made. Included in the above statement is the length of the extension of the Reservoir system from Water Street to Medford Street.

In Medford Street, the old four-inch cement main, which had been discontinued, was again put in service for conveying Reservoir water to the Mt. Pleasant Cemetery, and has continued to serve as far as Warren Street to the present time. Several breaks occurred in this pipe near Lewis Avenue, which will require a replacement of about 300 feet of pipe in 1914. Connections were made with the cemetery pipe system so that either Metropolitan or Reservoir water may be supplied. There are 62 services from which water is taken in the cemetery, and these together with the service supplying the grounds between Academy Street and Pleasant Street, the new and old Town Hall buildings, the old cemetery off Pleasant Street, and several street watering standpipes, will probably show a consumption of water during 1914 of approximately 3,500,000 gallons. This is based on the partial consumption of 1913, which was 1,121,268 gallons between July 29, 1913, and January 1, 1914.

The Metropolitan Water Board required the Town to install a meter on the Reservoir supply near the Gate House off Lowell Street, which was put in use July 29, 1913. It would appear from information now available that the saving to the Town from the use of Reservoir water as at present connected, will be approximately $1000 per year. It will probably be desirable to extend the Reservoir water through Lombard Road to the playground as the old cement main on Pleasant

Street between Lombard Road and Massachusetts Avenue was converted over to Reservoir use by laying a ten-inch cast-iron pipe for the Metropolitan water in this section of the street.

The Board is of the opinion that the extension of Reservoir mains for agricultural purposes will probably not be advantageous to the Town unless there could be guaranteed a ten years' consumption equal to the present amount of water used on the lines of the proposed extension.

Mains.

The lengths and sizes of cement-lined and iron pipe in use January 1, 1914, together with the number of gates and hydrants in high and low service in the Reservoir system are shown in following Table. The total of all is 44.85 miles of pipe, 444 hydrants, and 403 gates.

In addition, there are 4448 feet of smaller pipes of one and one-quarter inch and two-inch size laid in places where hydrants were not needed and the amount of water required was small.

Size	Low Service System.						High Service System.			Reservoir System.		
	Cement-lined Pipe.			Cast-iron Pipe.			Cast-iron Pipe.			Cement and Cast-iron Pipe.		
Inch	Length ft.	Hyd.	Gates	Length ft.	Hyd.	Gates	Length ft.	Hyd.	Gates	Length ft.	Hyd.	Gates
12	....	..	..	6,791	..	..	17,345	..	..	8,530	..	..
10	....	..	..	11,210	..	..	17,002	..	..	270	..	..
8	....	..	..	20,190	..	..	17,165	..	..	1,576	..	..
6	634	..	..	49,326	..	..	63,782	..	..	830	..	..
4	7,512	..	..	11,794	..	..	1,497	..	..	1,400	..	..
Total	8,146	10	15	99,311	183	167	116,791	238	209	12,606	13	12

Services.

One hundred and seven new services have been added during the year, and 60 services abandoned. There are for all purposes 1354 services on the low and 1055 on the high service system, and 11 services on the Reservoir system. On the Metropolitan water supply there are 19 services for municipal buildings, 22 for street watering standpipes, and 33 for sewer flushing purposes included in the above. On January 1, 1914, 118 services were temporarily out of use. Twenty-one services inside the street line were replaced with cement-lined pipe at the expense of owners.

Meters.

Eighty-two meters were set on services installed during the past year, 50 meters were set on services which had been previously laid, and 349 meters were set on old services, making a total number of meters set this year 481, and completing the metering of all services in use on the water system. The total number of meters in use January 1, 1914, is 2438. The cost of reading the meters amounts to about 25 cents per meter, and the cost of repairs, including reading and care, amounts to about 60 cents per meter per year.

METERS IN USE DECEMBER 31, 1913.

Kind	$\frac{5}{8}$-inch	$\frac{3}{4}$-inch	1-inch	$1\frac{1}{2}$-inch	2-inch	Total

	2211	106	75	23	23	2438

Hydrants and Fountains.

The general practice of placing hydrants about 400 feet apart on mains has been continued, and all hydrants are now set with steamer connections. All hydrants have been painted to designate the system to which each belongs, namely,— those on the high service, red base with white cap; those on the low service, black base with white cap; and those on the Reservoir service, black base with red cap.

The handsome new drinking fountain, made available to the Town through the generosity of the Misses Robbins, was put in commission in the fall, and all other drinking fountains in the Town were discontinued; those not already removed will probably be taken out next year.

The water supply of the Metropolitan Water Board has been of good quality, and the quantity as measured and reported is as follows:

	Gallons per Day			*Per Capita per Day*		
	1911	*1912*	*1913*	*1911*	*1912*	*1913*
January	827,000	973,200	738,800	72	82	60
February	827,600	1,076,500	709,800	72	90	57
March	818,700	1,119,700	699,200	71	93	56
April	856,800	1,067,300	624,600	74	89	50
May	1,192,000	1,075,100	760,300	102	89	61
June	1,087,200	1,462,000	983,800	93	121	79
July	1,484,300	1,499,100	1,179,000	127	124	94
August	1,106,100	1,139,900	906,100	94	94	72
September	999,100	906,700	760,800	85	74	60
October	924,300	959,500	745,600	78	78	59
November	833,500	807,200	668,500	70	66	53
December	821,700	839,600	648,500	69	68	51
Average for year	983,200	1,077,150	786,300	84	89	63

All services are now metered, and the reduction in average consumption as shown above, which is a large factor in determining our Metropolitan water tax, shows that the expenditure for meters by the Board during the last two years was a wise investment.

During the winter months of 1913, all the wood and brush were removed on the area of the Great Meadows and the Slocum Mill property at East Lexington. This work was necessary on account of the particularly bad infection of the trees by gypsy and brown-tail moths. About 150 cords of wood were cut. By keeping the upland ground free from brush, it is expected that the area of pasturage and the income from same can be increased. On the area of the Meadows, the Boston Fertilizer Company, the lessees of the property, have extended ditches, and are outlining extensive operations for excavation of the peat. When the excavation of this area is finally completed, a beautiful artificial lake will result, comprising a part of the auxiliary water system of the Town of Arlington.

SUMMARY OF STATISTICS.

For the year ending December 31, 1913.

In form recommended by the New England Water Works Association.

ARLINGTON WATER WORKS.

Arlington, Middlesex County, Mass.

Population by census of 1910, 11,187.
Date of construction, low service, 1872; high service, 1894.
By whom owned, Town of Arlington.
Source of supply, Metropolitan Water System.

Consumption.

1. Estimated total population at date, 13,500.
2. Estimated population on lines of pipe, 12,800.
3. Estimated population supplied 13,300.
4. Total consumption for the year, 287,008,000.
5. Passed through meters, July 1 to December 31, 1913, 111,842,325 gallons.
6. Percentage of consumption metered, 100 per cent.
7. Average daily consumption, 786,300 gallons.
8. Gallons per day to each inhabitant, 58.
9. Gallons per day to each consumer, 59.
10. Gallons per day to each tap, 326.

Distribution.

(Including auxiliary supply from old Reservoir.)

Mains.

1. Kind of pipe, cast iron and cement.
2. Sizes, from 4-inch to 12-inch.
3. Extended feet during year, 11,105.
4. Discontinued 1350 feet during year.
5. Total now in use 44.85 miles.
6. Cost of repairs per mile, $4.74, estimated.
8. Length of pipe less than four inches in diameter, 4448.
9. Number of hydrants added during year (public), 13.
10. Number of hydrants (public and private) now in use, 443.
11. Number of stop gates added during year, 23.
12. Number of stop gates now in use, 403.
15. Average pressure on mains at center of Town, 105 pounds high system, 50 pounds low system.

Services.

16. Kind of pipe, cement lined, galvanized, cast iron.
17. Sizes, 1-inch to 6-inch.
21. Number of service taps added during year, 107.
22. Number of services now in use, 2409.
24. Average cost of service for the year, $12.95.
25. Number of meters added, 481.
26. Number now in use, 2438.

27. Percentage of services metered, 100 per cent.
28. Percentage of receipts from metered water, 100.
30. Number of motors in use, 3.

FINANCIAL STATEMENT.

Y	Amount paid to Sinking Fund and notes from income of water works		$115,000.00
Z	Average rate of interest, 4 per cent		

The total value of the property controlled by the Water Division, January 1, 1914, amounts to $6,125.87, of which $2860 is invested in equipment and tools, and $3265.87 in material available for new work.

Respectfully submitted,

HENRY W. HAYES,
H. S. ADAMS,
P. EBERHARDT,
Board of Public Works.

REPORT OF THE JOINT BOARD OF SELECTMEN AND BOARD OF PUBLIC WORKS.

The following report of the Joint Board of Selectmen and Board of Public Works is presented to the citizens of the Town, as the tenth annual report of the Board for the year ending December 31, 1913.

The first meeting of the Board was held on March 5, 1913, and all the members having been re-elected were sworn to the faithful performance of their duties by the Town Clerk.

The Board organized as follows:

Chairman, Frank V. Noyes; Clerk, Thomas J. Robinson.

Regular meetings of the Board are held on Monday evenings at eight o'clock.

The Board consists of the three members of the Board of Selectmen and the three members of the Board of Public Works, sitting jointly.

A summary of the duties of the Board is indicated by Section 5 of Chapter 3 of the Acts of 1914, creating the Board, which reads as follows:

"Section 5. Upon the election of said Board of Public Works all the powers, rights, duties and liabilities of the Selectmen in said Town, now existing or hereafter created by law, relating to highways, Town ways, the laying out and discontinuance of ways, bridges, sidewalks, guide posts, monuments at the termini and angles of roads, public squares, playgrounds, shade trees, sewers, drains, street watering, street lighting, the assessment of damages and betterments, water pipes, gas pipes, conduits, poles, wires, street railways, the granting of locations, rights or licenses for structures upon, under or over highways or other ways, shall be exercised, enjoyed, performed and incurred by a Board consisting of the Selectmen and the Board of Public Works created by this Act, sitting jointly as the Board of Survey."

The Act establishing this Board was accepted by the Town February 8, 1904, and the operation of the Board appears to have given general satisfaction.

Appointments.

The following appointments, for the year ending April 1, 1914, were made by the Board:

Town Counsel, Philip A. Hendrick; Superintendent of Board of Public Works, Robert W. Pond; Town Engineer, George E. Ahern; Superintendent of Wires, Reuben W. LeBaron.

Policy of the Board.

The following votes indicating the policy of the Board have been passed:

(*a*) *Width of Streets.* At a meeting held October 14, 1907, it was

Voted, That it was the sense of the Board of Survey not to approve of plans for the laying out or construction of streets less than forty feet wide.

(*b*) *Crosswalks.* At a meeting held October 28, 1907, it was

Voted, That whenever a sidewalk is changed by the construction of a new street the sidewalk, including the new crosswalk, must be relaid in as good and permanent a form as before the change, the cost to be a charge against the party constructing the street. In case the Town desires a higher cost walk than existed before the change was made the additional cost must be made by the Town in case of permanent sidewalks only.

(*c*) *Rough Grading of Private Streets.* At a meeting held December 9, 1907, it was

Voted, That after January 1, 1908, no water or sewer pipes shall be laid in streets approved by the Board of Survey until such streets, including sidewalks, have been brought to subgrade satisfactory to the Town Engineer.

Street Watering.

Under Chapter 289, Acts of 1909, which reads as follows:

"Section 1. Any city or town may sprinkle or spread on its public ways, or parts thereof, water or any liquid or material suitable for laying or preventing dust and preserving the surface thereof, and for sanitary purposes, and all statutes pro-

viding for watering such public ways shall apply to the use of such liquids and materials, including the appropriation of money, the expenditure thereof at the expense of the city or of the abutters, the assessment upon abutting estates, and the collection of such assessments and proceedings therefor."

This branch of the work is under the control of the Board of Public Works, and it is in their discretion to use water or other means of preventing dust and preserving the surface of the streets.

The policy of the Board has been to make no contracts, as was done in former years, for street watering, as the use of tar and other dust preventives made this procedure unnecessary.

While the amount appropriated for the purpose of watering the streets or using other means of preventing dust does not meet the actual expenditures for this purpose, in the opinion of the Board a certain portion of this expense is a proper charge against the Highway Department, as by means of this treatment of oil or tar the surface of the streets is preserved, lessening the cost of maintenance on those streets.

The amount appropriated this year for this purpose was the same as last year, $5000, $3,000 to be assessed on abutters and $2000 to be raised by general tax.

Abutters are assessed on the basis of 2 4-10 cents per foot. The total amount expended during the year for sprinkling, or treating the streets for the prevention of dust, was $7,063.56, or $2,063.56 was paid from the Highway appropriation.

Street Car Traffic.

Early in the year the Boston Elevated Railway Company changed the schedule of the Broadway Line of cars, whereby no Broadway cars were to run to the Heights. As this action had been taken by the Company without consultation with the Board, the Company was asked to explain its action. The Company explained that owing to the diverting of a large portion of the traffic formerly cared for by the Broadway Line to the Harvard Square Line the running of cars to the Heights was a losing proposition to the Company. This explanation did not seem to the Board to be sufficient to inconvenience

such a large proportion of the citizens of the Heights, and to cause a transfer station to be established at Water Street, a very dangerous point, owing to the width of the street. After further consultations with the officials of the Company the Board passed the following order:

In the Joint Board of Selectmen and Board of Public Works:

Upon a hearing before this Board on February 3, 1913, as to the manner and extent of the use of tracks and the number and routes of cars running over the tracks of the Boston Elevated Railway Company in the Town of Arlington, at which hearing the Boston Elevated Railway Company was represented, this Board deemed it for the interest and convenience of the public to pass the following order:

Ordered: That all cars of the Boston Elevated Railway Company coming into Arlington, except the Medford Hillside Line, shall be run through to Arlington Heights.

That the transfer point for all inbound cars be established in Arlington Centre opposite the Post Office Building.

That the transfer point for all outbound cars be established at a point between Medford and Mystic Streets opposite the store of R. W. Shattuck & Co.

Permission is given the Boston Elevated Railway Company to use the siding on Massachusetts Avenue, opposite the First Parish Church, for Medford Hillside cars, while changing trolleys, provided that no car shall stand on said siding longer than five (5) minutes.

With a few changes the Company agreed to the order of the Board so that at the present time all Broadway cars are run to the Heights (except during the quiet hours in the middle of the day), all transfers are given, both inbound and outbound, at Medford Street, the Medford Hillside Line is shifted on Massachusetts Avenue below the railroad crossing, returning immediately, the layoff, if any, being at the other end. By this method the long discussed congestion at Water Street and Massachusetts Avenue has been entirely relieved and the Avenue is at all times clear. The plan seems to give satisfaction as the Board has received no complaints.

Street Lighting.

During the year, acting in conjunction with the laying out and beautifying of the grounds adjoining the new Robbins Memorial Town Hall, a great improvement has been made in the lighting system on Massachusetts Avenue, from Pleasant Street to Academy Street, and from Massachusetts Avenue to Maple Street on Academy Street.

The Board desires to record its appreciation of the services rendered in connection with this change to Superintendent LeBaron of the Wire Department and Superintendent Pond of the Public Works Department. By this change eleven wooden and unsightly poles with the accompanying overhead wires were removed from the Avenue and replaced with eleven ornamental iron posts used as combination lighting and trolley poles. Part of the expense of this change was borne by the Edison Company, part by the Boston Elevated Railway Company, part by the Misses Robbins, and part by the Town. Two poles were also removed from Academy Street and one from Pleasant Street, and these also were replaced with the ornamental poles. It is to be hoped that with the removal of all wooden poles on the other side of Massachusetts Avenue, in the near future, a similar system may be installed.

During the year, fifteen 40 c. p. and one 80 c. p. incandescent lights were installed on streets, as ordered by the Board. Three arc lights, nine 40 c. p., four 60 c. p., and one 120 c. p. incandescent lights were removed.

All applications for lights on streets, received by the Board, are referred to the Superintendent, who investigates and reports to the Board.

The total number of lights in service on December 31, 1913, is as follows:

Incandescent lights, 40 c. p.	305
Incandescent lights, 60 c. p.	14
Incandescent lights, 80 c. p.	4
Incandescent lights, 100 c. p.	1
Incandescent lights, 120 c. p., all night	7
Arc lights, 425 watts	78
Total lights in use	409

Ornamental System.

Incandescent lights, 60 watt	34
Incandescent lights, 60 watt, all night	4
	38

The total cost of maintaining the lighting system of the Town for the past year was $10,732.92. The appropriation was $10,750. With the necessary additions (approximately) twenty 40 c. p., incandescent lights.

The appropriation necessary in 1914 will be $11,000. For further details of the work done and location of lights reference is made to the report of the Superintendent of Wires.

Henderson Street Extension.

This matter of extending Henderson Street and connecting said street in Arlington to Woodstock Street, in Somerville, was one that had come not only before this, but previous Boards. This connection was a direct benefit to many of our citizens residing in the east end of the Town and could only be construed as of more benefit to our citizens than to the City of Somerville. After many meetings, covering some three or four years, the City of Somerville, through its Mayor, Hon. Charles Burns, signified a desire to co-operate with Arlington in bringing about this improvement.

Numerous conferences were held, the Engineers of both places were called in consultation and plans were drawn. The difficulties feared from the State Park Commission were overcome and finally a contract to build the bridge was awarded the Hanscom Construction Company for the sum of $6,500, one-half of said sum to be paid by the City of Somerville and one-half by the Town of Arlington. Work was immediately started and on October 16, 1913, the work was completed and the bridge dedicated.

Pole Locations.

Thirty-one petitions for pole locations have been received from the Edison Company, all of which were granted, after hearings given as required by law.

Joint pole locations were granted the Edison Company and the Boston Elevated Railway Company on Massachusetts Avenue, between Pleasant Street and Academy Street. On all of these petitions hearings were given as required by law. Thirty-three permits were granted the New England Telephone and Telegraph Company to attach wires and fixtures to poles of other companies. On these petitions no hearings were required.

Development of New Territory.

The policy of this Board in the development of new territory for residential purposes is the same as that of previous Boards, namely, to approve the laying out of new streets and the development of property as will best conserve the interests of all the Town and particularly the sections contiguous to the proposed development, rather than to approve such plans as will meet the approval and desires of individuals or companies whose interests in the matter are purely pecuniary.

All petitions for approval of layouts are submitted to the Board and by them submitted to the Engineering Department, for a study of the whole territory with a view to so adapt the present application to needs of the future.

The remaining undeveloped land in our Town is small in extent and the Board is of the opinion that extreme care should be exercised in the approval of new layouts. On the other hand the Board is of the opinion that when a development is started tending to enhance the valuation of all surrounding property the Town should not be too niggardly in dealing with the project.

Acceptance of New Streets.

The acceptance of new streets is one of the serious problems confronting us today. The acceptance of a street means that the Town takes that street forever and must maintain it in a safe and passable manner. This means building the street, sidewalks, water, sewer, lights, police and fire protection,—all of which cost the Town money, in some cases more than the revenue derived.

It is the policy of the Board to recommend for acceptance by the Town only such streets as have been built upon to such an extent that the street, after being built, will not be disturbed by building operations, laying of water, sewer or gas mains for some time. If all our citizens living on unaccepted streets would appreciate this fact the work of the Board would be made much easier and pleasanter.

During the year the plans of the following streets were approved by the Board: Varnum Street, Millett Street from present terminus to grounds of Symmes Arlington Hospital, Gray Street from Mt. Vernon Street to Oakland Avenue, Gray Street relocation connecting with Cliff Street, abandonment of Gray Street layout between Robbins Road and Oakland Avenue, relocation of Grove Street.

Gray Street Extension Relocation.

On the recommendation of this Board, the Town voted at the Town Meeting on November 18, 1913, under article of the warrant and by a two-thirds vote, to discontinue and abandon that part of Gray Street Extension from Robbins Road to Oakland Avenue, as accepted by the Town on November 20, 1911. At this meeting, November 18, 1913, the Town voted to relocate said portion of Gray Street Extension as recommended by this Board. Accordingly on December 22, 1913, the Joint Board, exercising the right thus given and all other power them enabling, voted to discontinue and abandon that part of Gray Street Extension as shown on plan filed in the office of the Town Clerk and described in said vote of authorization, and to relocate said portion of Gray Street Extension as voted by the Town. By this change of location the Town is greatly benefited, both from the standpoint of building the street at a reduced cost and enhancing the value of the property now owned by the Town on the easterly side of said street, as well as the improvement in the line and grade of the street.

Tracks on Mystic Street.

As reported last year so many complaints had been received by the Board from residents of Mystic Street and streets adjacent, of the noise occasioned by the uneven condition of the

tracks of the Bay State Street Railway Company, that the Board had ordered the Company to relay the entire track from the Winchester Line to Arlington Centre, said work to be done in the early spring of 1913. To this order the Company took exceptions claiming that the cost would be more than the financial condition of the Company could stand.

The Company took the matter up to the Public Service Commission and was there represented by counsel. The Town was represented by members of this Board, the Town Counsel and residents along Mystic Street. After a hearing and a view of the tracks by engineers of the Commission, the Company and the officers of the Town, the Commission ordered the Company to relay its tracks from the Winchester Line to old Mystic Street, to raise and level the remaining portion, putting in new joints where needed and to put the tracks in a condition satisfactory to the Public Service Commission. This was done and appears to be satisfactory, as no complaints have been received since the work was done.

Permanent Sidewalks.

For the past few years the appropriation for permanent sidewalks has been $3500. Of this sum $1500 has been appropriated for extensions carried out under the Sidewalk Act, Section 43 of Chapter 49 of the Revised Laws.

Last year (1912) the appropriation was $3500, $1000 of said sum to be used for the construction of the extension of the brick sidewalk on the north side of Massachusetts Avenue, toward the Heights.

This year (1913), the sum of $4000 was appropriated for permanent sidewalks, the extension of the sidewalk on Massachusetts Avenue and for extensions carried out under the Sidewalk Act. The credits or reimbursements from assessments under this law were $1684.75, making a total of $5684.75. Of this amount $5625.10 was expended, leaving a balance of $59.65. Sidewalks (brick) have been laid on Massachusetts Avenue north to the car barns and on Park Avenue from Massachusetts Avenue to Paul Revere Road.

The policy of the Board is to install permanent sidewalks whenever petitioned for, when the appropriation made for the purpose will allow.

Brick or granolithic walks are laid whenever possible, the opinion of the Board being that walks of this construction are more permanent and economical.

In view of the many new streets in the Town it would seem that a somewhat larger appropriation should be made for this purpose.

Improvement of Massachusetts Avenue.

The Board is of the opinion that, in view of beautifying Massachusetts Avenue from Pleasant Street to Academy Street, by the building of our new Town Hall, the laying out of the grounds and the installation of the new lighting system, steps should be taken at once to make a like improvement on the northerly side of the Avenue, from Water Street to Central Street, by lowering the sidewalk to a grade in accordance with the grade of the street. This should be done, or provision made, before this property is changed from residential to commercial purposes, as seems to be inevitable. With the lowering of the Avenue between these points the removal of all wooden poles, the placing of all wires underground and the installation of ornamental lights on the other side of the Avenue, Arlington would have a main thoroughfare of which all our citizens could and would be proud.

Maintenance of Massachusetts Avenue and Summer Street Extension.

For some time it has been the opinion of the Board that the State should, in some measure, contribute to the care and maintenance of Massachusetts Avenue. This avenue is a main artery, connecting Boston, Cambridge and Somerville with Lexington and the cities and towns beyond. It is used extensively by automobiles, pleasure parties, sight-seeing automobiles going over historic ground, as well as by all kinds of mercantile traffic, heavy and light. It has seemed to the Board that it is unfair to ask the Town of Arlington to bear all this expense. A request was made last year to the State Highway Commission for an allotment for the care of this avenue.

The Commission could at that time make no allotment as the appropriation allowed them had already been apportioned. The Board has made a study of the number of vehicles (of all kinds) entering the Town, and is now in a position to present to the Commission facts and figures bearing out their contention.

It has been the policy of the Highway Commission to make no contribution for the maintenance of highways through the settled portions of towns, through the centers of which double track street railways are constructed. In view of this the Board proposes to present to the Commission the plan of making a state highway of Summer Street and Summer Street Extension, which, in connection with Lowell Street, Maple Street, Lexington, the Boulevard along Mystic River, and the proposed Boulevard along Mystic River and Alewife Brook to Fresh Pond will give a continuous State automobile road from Concord to Boston, thereby relieving Massachusetts Avenue of much of the present motor traffic.

It is the intention of the Board to again apply in the early spring for relief from the State for the maintenance of this — our main avenue and likewise our main bill of expense in highway maintenance.

Conditions as to Congestion of Cars at Arlington Heights

On June 23, 1913, the attention of the Board was called to the conditions existing at Arlington Heights, occasioned by the congested condition due to the interchange of passengers by the Boston Elevated and Lexington and Boston Railways in the street. The matter was immediately taken up and representatives of both Companies appeared before the Board. Numerous conferences were held and, as the season had advanced and the congestions had thereby been lessened, the Board granted the Companies an opportunity to come together and devise a means to meet the requirements of the Board. The agreement of both Companies is that in the spring of 1914 other and better arrangements will be made satisfactory to the Board.

Joint Board of Selectmen and Board of Public Works.

REPORT OF COMMISSIONERS OF CEMETERIES, ROBBINS FUND, SOLDIERS' MONUMENT FUND AND SAMUEL C. BUCKNAM FUND.

ARLINGTON, February 1, 1914.

The Commissioners of Cemeteries, Soldiers' Monument Fund, Robbins Fund and Samuel C. Bucknam Fund herewith submit their report for the year ending December 31, 1913.

The balance available January 1, 1913, from the special appropriation for laying out and grading the two new sections was $946.44. During the year $905.87 has been expended from this balance, leaving $40.57 still available.

During the year an addition has been made to the building in the Cemetery used as an office and tool house. When completed the building will not only serve for these purposes, but will also be provided with sanitary and toilet arrangements. This is an improvement which many visitors to the Cemetery will appreciate. This work has been done without an additional appropriation.

Number of lots sold in 1913		21
Number of single graves sold in 1913		30
Interments:		
Whole number of interments made		120
Interments made in private lots	69	
Interments made in single graves	33	
Interments made in private tomb	3	
Interments made in public burial lot	15	
		120

Expenses.

Amount paid for labor	$4,073.52	
Amount paid for all other expenses	1,388.01	
		$5,461.53

Receipts.

Appropriation for 1913	$1,800.00	
From Perpetual Care Fund	700.00	
From S. C. Bucknam Fund	80.00	
From Robbins Fund	215.00	
From Soldiers' Monument Fund	73.73	
Care of lots, opening graves, etc.	2,602.30	
		$5,471.03

Sale of Lots.

Amount received from sale of lots $1,960.00

This amount of $1960 has been turned into the Town Treasury, showing a surplus over the amount appropriated for Cemeteries, Soldiers' Monument and grounds of $160, the amount of the appropriation being $1800.

Robbins Fund.

Amount of Fund January 1, 1913		$5,000.00
Accumulated income January 1, 1913	$290.69	
Interest on Locke School Addition Loan	200.00	
Interest on Savings Bank Deposit	15.70	
	$506.39	

Expenditures.

GYPSY AND BROWN-TAIL MOTH DEPARTMENT.

ARLINGTON, January 1, 1914.

To the Honorable Board of Selectmen:

Gentlemen: I respectfully submit my report of the Gypsy and Brown-tail Moth Department, for the year ending December 31, 1913.

The work of this department has been carried along on practically the same lines as in previous years.

GYPSY MOTH.

Owing to the vigorous fight which has been waged against this pest in the past the infestation of the gypsy moth, particularly in the residential section, is very slight. So slight, in fact, that they are hardly noticeable, and would perhaps lead the average citizen to believe that they were wholly exterminated. Regardless of how carefully and thoroughly the Town might be gone over in searching for these egg clusters it is impossible to find all of them, and with each cluster containing from two hundred to five hundred eggs it can readily be seen that if left unmolested they would rapidly multiply, which would mean the undoing of all the time and money expended during the past ten years. This would be a very unwise course to pursue and I should advise for the present at least sufficient appropriation for the employment of a small force of four or five men thoroughout the year.

BROWN-TAIL MOTH.

About ninety per cent of the money expended during the winter months is charged to the cutting off and burning of the Brown-tail webs. With the outlying sections left neglected and uncared for, the extermination of this pest in the near future is not encouraging.

Elm Leaf Beetle.

The infestation of this pest is general throughout the Town. While they do considerable damage they can be and are held in check by a thorough spraying of the foliage with arsenate of lead.

Leopard Moth.

The injury to trees caused by the ravages of this pest is greater than all other insects combined. Many of the large trees on the highways, particularly the elms, have, as a last resort, been cut back in endeavoring to save them. In some instances this has proved partially successful. Yet the treatment is of such a severe nature and with results uncertain, make it far from satisfactory.

Equipment.

The department is well provided for in regard to tools, etc. One new power spraying machine was purchased the past year, also our old woodland machine rebuilt and equipped with new engine and pumps. This with hand pumps is sufficient to take care of this feature of the work for a number of years.

Recommendations.

I would recommend that the sum of $5500 be appropriated for the ensuing year. About $4000 of this amount to be expended in caring for Town trees, and the remaining $1500 to be used in financing the work on private property. On each private estate where work of this nature is performed an assessment is levied for the actual cost of labor and material, and said assessment is paid into the Town treasury.

Respectfully submitted,

WILLIAM H. BRADLEY,
Superintendent.

REPORT OF TREE WARDEN.

To the Citizens of the Town of Arlington:

The general interest manifested in shade trees is well illustrated by the amount of money expended on them, and their esthetic value cannot be estimated in dollars and cents. Shade trees also add to the desirability of a community as a place of residence and should be cared for accordingly. Many of our trees are disfigured and oftentimes permanently injured by the mischievousness of boys and the carelessness of drivers of vehicles.

With the modern spraying machine now in use, not much anxiety is felt in regard to the gypsy and brown-tail moths, elm leaf beetle or in fact any leaf-eating insect, as these can easily be kept in check by a thorough spraying of the foliage with arsenate of lead at the proper time.

The ravages of the leopard moth, however, continue unabated. The nature and destructive habits of this pest have been explained in previous reports, and without aid from some unforeseen source, it would seem more than probable that the large trees, particularly the elms, must succumb within a very few years. The cutting away of the crown of some of the trees has been tried as a last resort in endeavoring to save them. While this has to some extent proven partially successful in checking them, the sacrifice is so great, and with results uncertain, make such treatment on the whole unsatisfactory.

Recommendations.

Last year $1000 was appropriated to be expended under the direction of the Tree Warden; $500 of this amount was specified to be used in suppressing the elm leaf beetle, the remaining $500 to be expended in the maintenance of the department. I would recommend that the sum of $1500 be appropriated for the ensuing year; $500 of this amount to be expended in suppressing the elm leaf beetle, and $1000

to be used in purchasing and planting young trees, the necessary trimming of the larger ones, and the removal of dead trees. For receipts and disbursements see Auditor's Report.

Respectfully,

WILLIAM H. BRADLEY,

Tree Warden.

REPORT OF BOARD OF PARK COMMISSIONERS.

ARLINGTON, January 20, 1914.

The Board of Park Commissioners respectfully submit the following report:

The work of the Commission the past year has been as formerly in the nature of supervision of the parks under its charge.

At Menotomy Park the seedlings planted the past few years have taken a good start, and if left alone by the children and unthinking older ones, they will make a good showing in a few years' time. One hundred white pines four to five feet high have been planted this year in clusters in various parts of the Park and give life to the vacant places made by cutting out of the dead trees.

The matter of a boulevard between the junction of Mystic and Summer Streets and Medford Street at the West Medford Bridge was left by the March Town Meeting to the Park Commission to report at some later meeting. In this connection it might be well to say that at our request the Metropolitan Park Commission is making studies of this location and their findings are expected to be received this spring, after which time this Board will be prepared to report on the subject.

The Commission will endeavor the coming year to do some planting on the various triangles at junctions of streets, under its supervision.

Respectfully submitted,

C. H. GANNETT,
C. H. HIGGINS,
WILLIAM E. LLOYD.

REPORT OF TOWN COUNSEL.

ARLINGTON, January 1, 1914.

To the Honorable the Joint Board of Selectmen and Board of Public Works:

Gentlemen: I have the honor to submit herewith my report as Town Counsel for the year ending December 31, 1913.

At the close of the year 1912 there were no suits pending against the Town. During the year 1913 there was but one suit entered, which is still pending, and is the appeal of the Suburban Land Company from the award of the Park Commission and the Board of Public Works for land takings on Turkey Hill for water and park purposes.

During the year we have had four suits in which the Town was named as Trustee, in which an appearance and answer for the Town as Trustee was filed. These are not matters, however, that affect the Town particularly.

The Legislative work has been important this year. The principal bill which affected the Town was the Bill for the Reimbursement of Smallpox Expenses. This bill was opposed in the hearing before the Committee and later during its passage through the Legislature by the State Board of Charity. We were successful in having a bill for $1200 recommended by the Committee, which passed both branches of the Legislature, only to be vetoed by the Governor. The Senate passed this bill over the veto of the Governor, but the Governor's action was sustained in the House. Another attempt to get this bill through will be made this coming year.

The bill to allow the Town to use water for mercantile, mechanical, and municipal purposes from its own water supply without having it considered a part of the consumption in the assessment of the Metropolitan Water was successfully passed, although filed late. This enables the Town to use water taken from the old reservoir for the streets, for irrigation, and for the

fountain near the new Town Hall, and also for irrigating the cemeteries. The saving to the Town is $40 per million gallons of water used.

The Board was represented before the Public Service Commission in regard to the condition of the tracks of the Bay State Street Railway Company on Mystic Street and, after a hearing, the Company were ordered to make extensive repairs.

The Town was also represented before the Public Service Commission in regard to better safeguards at the Mill Street Crossing, and an order was handed down from the Commission calling for guarding the Crossing until the last train at night, and slowing the speed of the trains to eight miles during the rest of the time the Crossing was not protected.

The Board of Health has had at times complaints for the maintenance of the manure pile on the Allen Farm on Lake Street, but after a conference with the owners and the Board the matter was amicably adjusted and a new location designated which should not be a nuisance to any one.

The Board was represented before the County Commissioners relative to the relocation of Massachusetts Avenue in the vicinity of the new Town Hall and the lines were relocated by the Commissioners.

A very considerable number of opinions were rendered to the Town during the last year, some of them being of considerable importance and requiring a vast amount of time in the preparation.

The work of the Town Counsel's office has increased materially in the last few years and in all probability will continue to increase more and more. As the Town grows larger we have more and more perplexing questions arise, coupled with the fact that the Legislature is constantly changing the law relative to municipal government, so that it becomes necessary for the Town Counsel to be in close touch with most of the officers of the Town constantly. At the present time the Town Counsel attends all the meetings of the Board of Selectmen and of the Joint Board and attends at the request of other Boards.

Respectfully submitted,

PHILIP A. HENDRICK.

REPORT OF INSPECTOR OF BUILDINGS.

ARLINGTON, MASS., January 1, 1914.

To the Honorable Board of Selectmen, Arlington, Mass.:

I herewith submit my report of the inspection of buildings for the year ending December 31, 1913. Two hundred and nine permits have been issued, classified as follows:

Dwellings, one-family	57	$150,400
Dwellings, two-family	74	374,400
Additions and alterations	21	20,025
Garages	31	11,327
Sheds	8	1,275
Milk house	1	1,000
Henhouse	1	200
Manufacturing buildings	2	4,000
Tool houses	2	650
Rebuilding burnt barn	1	
Blocks of stores	2	3,200
Sleeping porch	1	300
Ice houses	2	35,000
Blacksmith shop	1	450
Office, laboratory, station meter room and storeroom	1	14,000
Water gas building	1	13,500
Oil storage tank	1	1,800
Gas holder	1	12,000
Replacing office wrecked by explosion	1	550
	209	$644,077

Respectfully submitted,

WILLIAM GRATTO,
Inspector of Buildings.

REPORT OF THE SUPERINTENDENT OF WIRES.

ARLINGTON, MASS., February 16, 1914.

To the Honorable Board of Selectmen and Board of Public Works:

Gentlemen: I respectfully submit my fourteenth annual report as Superintendent of Wires for the year ending December 31, 1913, with such recommendations as are considered essential for the coming year.

POLES AND WIRES.

On January 31, 1913, the Wire Department completed the removal of all poles and wires formerly owned by the Atlantic Telegraph Company on Mystic, Summer, Grove, Dudley and Lowell Streets. This line of wires, being not in use and in an unsafe condition, were removed for the public safety in accordance with authority given under Chapter 337 of the Act of 1899. The question of ownership of the franchise granted to the Atlantic Telegraph Company in 1887 being thoroughly investigated in 1912 by Town Counselor Philip A. Hendrick and the Superintendent of Wires, and as no owners or other parties could be found who would assume any responsibility or liability of said poles and wires, same were condemned by the Wire Department and removed. Thirty-six (36) poles and forty-one thousand feet (41,000) of wire were removed from the above specified streets, this work being done at the expense of the Town.

Forty-four (44) new poles were set on the highways in accordance with locations granted as follows:

EDISON ELECTRIC ILLUMINATING COMPANY.

Dudley Street	Eleven (11) Poles
Grove Street	Nine (9) Poles
Lakeview Avenue	Two (2) Poles
Lowell Street, south of Westmoreland Avenue	Five (5) Poles
Park Avenue, south of Cedar Avenue	Three (3) Poles
Park Avenue at Linden Street	One (1) Pole

JOINT LOCATIONS.—EDISON COMPANY AND BOSTON ELEVATED RAILWAY COMPANY.

Massachusetts Avenue, west of Court Street Two (2) Poles

JOINT LOCATIONS.—TOWN OF ARLINGTON AND BOSTON ELEVATED RAILWAY COMPANY.

Massachusetts Avenue, between Pleasant and Academy Streets, eleven (11) iron poles to replace eleven (11) wood poles removed by the New England Telephone and Telegraph Company.

One hundred thirty-nine (139) poles were replaced and twenty-two were removed on the highways by the following companies:

Edison Company	Replaced 74	Removed 11
New England Telephone and Telegraph Company	Replaced 55	Removed 11
Bay State Street Railway Co.	Replaced 10	
Totals	139	22

UNDERGROUND CONDUITS AND WIRES.

The Edison Electric Illuminating Company of Boston were granted permission on May 12, 1913, to construct a system of underground conduits on Mystic Street from Russell Street to the Winchester line. This work was completed very quickly and in a most satisfactory manner, all work being finished about June 1. In this system of underground conduits are installed the high potential transmission wires supplying current to the Woburn Station of the Edison Company, these high power wires connecting with the main power plant of the Edison Company at South Boston. With the completion of the underground system of conduits, all high power wires of over 5000 volts are now removed from poles, this entire system of transmission wires being underground from the Somerville line to Winchester.

The Edison Company were granted, on May 12, 1913, locations for constructing underground conduits and wires on Massachusetts Avenue, between Pleasant and Academy Streets,

and Academy Street, from Massachusetts Avenue to Maple Street, for the "Ornamental Street Lighting System," which was built by the Town, also for supplying underground services to such buildings requiring light and power services heretofore supplied from overhead wires; all poles being removed with the installation of the underground system.

The New England Telephone and Telegraph Company were granted on May 12, 1913, permission to construct underground conduits on Academy Street, from Massachusetts Avenue to Maple Street. This system of conduits was required on account of the removal of all poles on this street between the above specified points in conjunction with the building of the ornamental street lighting system.

On December 26, 1913, a letter was received from the Edison Electric Illuminating Company of Boston stating that this company would remove all poles and wires on Massachusetts Avenue between the Soldiers' Monument and Mill Street; this work to be done in the years, 1914 1915 and 1916 at a cost of about thirty-five thousand (35,000) dollars. This question of the removal of all poles and wires in the business section of the Town was submitted to the Edison Company by this Department and the Town is to be congratulated that the Edison Company are willing to carry out such an important improvement as will soon be made, which should tend to enhance the value of all property in the central section of the Town, especially when a new system of street lighting will be installed which will be connected to the underground wire system. With the completion of this proposed system of underground wires the only poles that will remain on the highways will be the iron posts supporting trolley wires and the street lighting posts.

All of the electrical construction that has been installed on the highways during the past year by the Edison Company and the New England Telephone and Telegraph Company has been of the highest class and has met the approval of the department in every particular. Prompt and efficient service has been rendered by the above companies in times of emergency to safeguard the public from broken wires, poles, etc.

Street Lighting.

The street lighting service as furnished by the Edison Company during the past year has been satisfactory, and very few interruptions were experienced. Changes were made in the location of several lights heretofore located, with the view of getting more even distribution of light. Several arc lights were removed and were replaced by incandescent lamps, which seem to give more satisfaction, especially when the new incandescent lights are distributed over a larger territory than covered by any one arc light. In the center of the Town on Massachusetts Avenue, between Pleasant and Acadamy Streets, and on Academy Street, from Massachusetts Avenue to Maple Street, eleven (11) incandescent and one (1) arc lights were removed, being replaced by lights on iron poles of the ornamental lighting system.

Ornamental Lighting System.

In accordance with vote passed at the Annual Town Meeting making an appropriation for street light poles and grading, the question of construction of an ornamental street lighting system was delegated, by your board, to Mr. Robert W. Pond, Superintendent of Public Works and to the Superintendent of Wires. After careful investigation of various new lighting systems installed in several New England cities and towns, it was our opinion that a system of incandescent lights enclosed with Alba glass globes and attached to iron posts would be appropriate for the location where these lights were to be installed. Eleven (11) wood poles were removed on Massachusetts Avenue between Academy and Pleasant Streets, these poles being replaced by steel trolley poles to support the span wires of the Boston Elevated Railway Company. These trolley poles were equipped with ornamental arms for lights and globes and also were fitted with bases and ring casings to give a finished appearance to same. Three (3) independent lamp posts were installed, one (1) on Pleasant Street near Massachusetts Avenue and two (2) on Academy Street. On these fourteen (14) poles were placed thirty-eight (38) 60-watt incandescent lights. These lights are on a metered service controlled from time clocks in basement of Public

Library and are operated on an 110-volt (low tension) system. Thirty-four (34) lights burn from thirty minutes after sundown to 12 P.M. and four (4) lights burn from thirty minutes after sundown to thirty minutes before sunrise. Two (2) 5-light ornamental iron posts were placed in front of New Town Hall and one (1) 2-light iron post on Academy Street near drive to Town Hall building. These twelve (12) lights are on the New Town Hall meter and are turned on as needed. These three post fixtures were not included in the cost of construction of the other parts of the new lighting system; the cost of these posts, wiring, etc. being paid for by the Misses Robbins. In order that this lighting system might be built, arrangements had to be made with the various companies owning pole locations to abandon these poles and provide underground conduits for aerial wires existing. The New England Telephone and Telegraph Company removed eleven (11) poles on Massachusetts Avenue between Academy and Pleasant Streets and these locations were given to the Boston Elevated Railway Company to erect steel poles being owned and maintained jointly by this company and the Town of Arlington. The Edison Company removed five (5) poles on Academy Street and also installed a system of underground conduits on the street for all wires for lighting and power to buildings, including conduits and wires for the ornamental street lighting system. All conduits and wires on Massachusetts Avenue for the new lighting system were built by the Edison Company ready for connecting to wires for light poles as provided by the Town. The New England Telephone and Telegraph Company built a system of underground conduits on Academy Street from Massachusetts Avenue to Maple Street for the wires of this company, also providing a conduit for the fire alarm wires which were removed from poles with the construction of underground conduits. The Town of Arlington is indebted, in the opinion of Mr. Pond and myself, to the various electrical corporations who went to much expense to help carry out satisfactorily the building of "Arlington's White Way Lighting System" which was put in service June 25, 1913, and which seems to meet the approval of its citizens.

Fifteen (15) 40 c.p. and one (1) 80 c.p. incandescent lights were installed during the past year on streets as specified below.

Three (3) arc lights, nine (9) 40 c.p., four (4) 60 c.p. and one (1) 120 c.p. incandescent lights were removed during the year.

Location of New Street Lights.

Street	*Location*	*Pole No.*	*Incandescent*	*Date Installed*

New Street Lights, Ornamental Pole System.

Street	*Location*	*Pole No.*	*Incandescent*	*Date Installed*
Academy St.	Cor. Maple St.	Iron Pole No. 3	4-60 Watt	June 25, 1913
Academy St.	Near High School	Iron Pole No. 2	2-60 Watt	June 25, 1913
Mass. Ave.	Between Academy and Pleasant Sts.	Iron Poles Nos. 16/ 28, 30, 32, 34, 36, 38, 40, 42, 44, 46, 48	28-60 Watt	June 25, 1913
Pleasant St.	Near Mass. Ave.	Iron Pole No. 1	4-60 Watt	June 25, 1913

Summary of Street Lights, December 31, 1913.

Incandescent lights, 40 candle power	305*
Incandescent lights, 60 candle power	14
Incandescent lights, 80 candle power	4
Incandescent lights, 100 candle power	1
Incandescent lights, 120 candle power (multiple burning all night)	7
Arc lights, 425 watts	78
Total lights in use	409

With sixteen (16) new lights installed and seventeen (17) removed during the year 1913, there is one (1) less light in use on the streets than in the year 1912, not including new lights installed on the Ornamental Lighting System.

Summary of Street Lights, December 31, 1913.
Ornamental Street Lighting System.

Incandescent lights, 60 watt	34
Incandescent lights, 60 watt (burning all night)	4
Total	38

Lights of the above system are supplied with current from multiple low tension system at 110 volts; this service being metered.

Fire Alarm System.

This important system of public safety has given good service, with minor troubles at times which were beyond control. Circuit No. 1 in the Heights section of the Town was damaged by lightning on May 27 and June 7, burning out magnets on Bell Striker No. 1 and in Fire Box No. 64. These troubles were quickly located and repaired. Two (2) new fire alarm boxes were installed as follows:

Box No. 29 was placed in commission on May 29 on Mystic Street near Old Mystic Street, twenty-one hundred and thirty (2130) feet of No. 10 insulated iron wire and five hundred

*Three (3) forty candle power incandescent lights on private ways paid for by abutters.

and thirty-five (535) feet of four-conductor circular loom cable were used to connect this box.

Box No. 412 was placed in commission on July 5 at corner of Bartlett and Windemere Avenues, thirty-four hundred and eighty feet (3480) of insulated iron wire being used to connect same.

All aerial wires and pole fixtures were removed on Academy Street between Massachusetts Avenue and Maple Street on account of the removal of poles on this section of street made necessary with the building of the Ornamental Street Lighting System. Eight hundred and twenty-five (825) feet of two-conductor lead encased cable was installed underground connecting Fire Alarm Box No. 38 to the underground fire alarm wires on Massachusetts Avenue. Five hundred and fifteen (515) feet of four-conductor circular loom cable was installed on Mystic Street to replace open wiring passing through trees near Farrington Avenue. This class of construction will ensure more reliable service to the Fire and Police Signal Systems on this street and greatly lessen the possibility of interference with the operation of these systems. Eight thousand four hundred and eighty (8,480) feet of insulated iron wire and one hundred fifty-five (155) feet of two-conductor lead encased cable was used to construct the proposed Arlington and Medford Mutual Aid Fire Alarm System from the central Fire Station on Broadway to the Medford line on River Street. This system will be put into commission as soon as the Fire Officials of these two communities make final arrangements, which have been delayed, owing to the changing over of horse drawn fire apparatus to motor driven. Complete inspection was made of the entire Fire Alarm System during the year and weak points strengthened. Box No. 26 was equipped with a new door which was broken early in the morning of July 4. Box No. 62 was placed on a new pole on September 16.

Police Signal System.

This system has given perfect service during the year. The central office desk and other electrical apparatus of the Police Signal System were moved on July 3 from the old police station to new quarters of this department in the Old Town

Hall building, this change being quickly made and the system being out of commission but a few hours. Two (2) new police signal boxes were installed during the year. Box No. 42 located on Park Avenue at top of Heights was placed in commission on July 1, six thousand three hundred and twenty (6,320) feet of insulated iron wire being used to connect same. Box No. 45 located on Wollaston Avenue near Tanager Street was placed in commission on June 12, using three thousand four hundred and forty-four (3,444) feet of wire to make connections. Police Box No. 23 on Mystic Street near Draper Avenue was moved to a point opposite Old Mystic Street. This box was put in commission in new location on May 9, two thousand three hundred and seventy (2,370) feet of insulated iron wire and one thousand and sixty (1060) feet of cable wire being used. Police Box No. 31 at corner of Massachusetts Avenue and Mill Street was moved to corner of Massachusetts Avenue and Central Street on May 1, this box being placed on an underground iron terminal post, and all underground fire and police wires passing this point were looped into this terminal for a testing point.

Inspection of Wires in Buildings.

The following schedule of inspections, with lights and other electrical apparatus installed during the year 1913, is respectfully submitted.

Tabulation of Interior Wiring.

Inspections and Electrical Apparatus Installed.

Contractors' applications received	551
Number of electrical contractors doing work	74
Number of inspections made	605
Incandescent lights wired for	5,533
Motors wired for	21
Total horse power of motors wired, ¼ to 25 horse power	91
Electrical ranges wired for	2
Electrical water heaters wired for	2
Luminous radiators wired for	2
Wireless telegraph outfit wired for	1

Stereopticon arc lights wired for	3
Service permits issued to Edison Electric Illuminating Company for light, heat and power	671
Incandescent lights supplied with service, new and old installations	12,762
Horse power of motors installed	81
Electric ranges installed, total watts	9,680
Electric water heaters installed, total watts	3,960
Electric radiators installed, total watts	1,750
Stereopticon arc lights installed, total watts	6,785
Wireless telegraph outfit, installed, total watts	1,356
Mercury arc rectifier, installed, total watts	6,600

The duties of the Superintendent of Wires on Electrical Inspections are rapidly on the increase, owing to the many new buildings being built and the installation of many new classes of electrical appliances which are constantly being put on the market for sale. On the re-inspection of old buildings many dangerous defects are found on wires and electrical appliances where occupants have interfered with same. This practice is most *emphatically discouraged* by your inspector, and citizens are warned not to tamper with electric light or power wires. It is far better to employ the services of some competent electrician to make repairs than to have lights put temporarily out of commission or possibly have your building set on fire. Citizens are requested to communicate with the Wire Inspector before attaching any light fixture, heating device or other electrical appliances for which a permit has not been issued to the Edison Company to supply service. Fuses should never be replaced, when blown, unless they are of proper capacity to protect wires and fittings on the circuit where trouble occurs and care should be given to this most important subject. The fuse is the safety valve of the electrical system, and upon a fuse depends the safety of each particular electrical installation from a fire standpoint.

Recommendations.

I respectfully make the following recommendations which have been carefully considered and which seem to be essential in view of the rapid growth of the Town. The underground wire system of both the Fire Alarm and Police Signal Systems

should be extended this coming year on Massachusetts Avenue from Brattle Street to Appleton Street, and fire and police box iron posts should be installed for all signal boxes on the line of existing underground wires where these signal boxes are now attached to wood poles.

At the Fire Alarm Headquarters a punching register and time stamp should be installed for indicating exactly what signals are transmitted over the system and also to record the exact time of an alarm or other signals that may be sounded on the fire alarm system. New battery racks should be provided for the storage batteries at Fire Alarm Headquarters.

In the Heights section of the Town, on Hillside Avenue and a section of Wollaston Avenue the fire and police lines should be rebuilt using cable construction, as the open system of wiring now in use is liable to interference at any time owing to the large number of trees which these wires pass through. It would not appear that any additional fire alarm boxes should be required for the coming year as all sections of the Town are at present well covered with this service.

It is imperative that the Town provide suitable quarters for the Wire Department for storage of materials and tools necessary for the proper operation of this department and I would respectfully ask that basement room in old Town Hall building, now used as a meter testing room by the Water Department, be given to the Wire Department. A suitable wagon should be provided for the Wire Department, which should always be equipped for emergency service, and this wagon should be placed where a horse could be furnished at all times as required.

Conclusion.

In closing my report I wish to extend my thanks to your honorable board, also to Town Clerk Thomas J. Robinson and Superintendent of Public Works Robert W. Pond for the many courtesies shown and assistance given me in the discharge of the various duties which I have endeavored to perform to the best of my ability and to the satisfaction of all citizens of the Town.

Respectfully submitted,

REUBEN W. Le BARON, *Superintendent of Wires.*

REPORT OF TOWN CLERK.

ARLINGTON, December 31, 1913.

The report of this department for the year ending December 31, 1913, is herewith submitted:

For reports of Town Meetings, Cemetery Commissioners, Registrars of Voters, Births, Deaths, Marriages, and Dog Licenses, all of which come under the work of this department, reference is made to those headings.

BIRTHS AND MARRIAGES REGISTERED DURING THE YEAR 1913.

Total number of births registered		304
Males	162	
Females	142	
	—	304
Born in Arlington	270	
Born in other places	34	

The parentage of the children born was as follows:

Born in United States, both parties	319
Born in foreign countries, both parties	78
Born in United States, one parent	72
Born in foreign countries, one parent	72
Born in Arlington, both parents	12
Born in Arlington, one parent	46

MARRIAGES.

REPORT OF THE BOARD OF HEALTH.

The Board of Health respectfully submits the following report for the year ending December 31, 1913.

The Board consisting of Dr. Guy E. Sanger, Dr. Laurence L. Peirce and Alfred H. Knowles held its first meeting March 19, 1913, at which time Dr. Peirce having been re-elected for a term of three years was sworn to the faithful performance of his duties by the Town Clerk.

The Board organized for the year as follows: Dr. Laurence L. Peirce, Chairman; Thomas J. Robinson, Clerk.

The general health of the Town continues to be free, comparatively speaking, from contagious and infectious diseases.

In the table of statistics, making a part of this report, will be found a classification of all diseases causing deaths during the year.

Collection of Offal and Ashes.

The collection of offal and ashes still continues to be a question on which the Board is undecided as to the most efficient and economical manner of collecting. As the Town increases in population and with the opening up of new streets the cost each year for this work must necessarily increase, and the Board is now considering the advisability of changing the methods of collection, with a view of increasing the service and reducing, if possible, the cost.

The work still continues to be done by the Highway Department, at a cost of one dollar and seventy-five ($1.75) per day per horse. The Board is of the opinion that until some different arrangements can be made the cost to the Town for this work cannot be reduced.

Laboratory.

This is the first time that the Board of Health has had at its disposal a laboratory, the same having been provided by the Misses Robbins in the new Town Hall Building. This laboratory, which is as fully and as well equipped as any in any town or city

in the State has placed the Board in a position to give quick and efficient service to the physicians and citizens of the Town in the diagnosis of all contagious diseases, and is a distinct and important step in the advancement of the control of health conditions.

At a meeting held April 4, 1913, Dr. Merrill E. Champion was appointed Bacteriologist of the Board, and has rendered very efficient services as such.

Physicians can leave at any time, at the Board of Health Room, specimens to be examined, and know that they will receive prompt attention. At such times as the Town Hall is closed arrangements have been made to have such matter left at the Whittemore Pharmacy, where a small incubator has been placed to take care of the same until Dr. Champion may call.

For further detail in regard to the Laboratory see report of Dr. Champion.

Sanitary Conditions.

Working in conjunction with the Board of Public Works in the installation of sewers in all streets where sewers have not previously been laid the Board is insisting that all buildings on these streets be connected with the sewer. While there are many streets in the Town where sewers are not laid, the sanitary conditions of these buildings are not such as to cause any alarm. All complaints received are promptly cared for by the Sanitary Inspector, and in all cases the orders of the Board have been complied with and the cause of the complaints removed.

On the whole the sanitary conditions of the Town are very good.

Contagious Diseases.

Under Chapter 213 of the Acts of 1902, as amended, the Town is liable for all contagious diseases. The treatment of these diseases is a difficult one to determine and its cost to estimate, as were an epidemic of any of these diseases to break out in our midst the cost could hardly be determined.

During the past year $950 has been paid for the care of these cases, with but very slight reimbursement.

As recommended last year the Board is of the opinion that a contagious disease account should be established, against which all such charges could be entered.

Boarding Houses for Infants.

The law governing the licensing of parties to board infants does not give the Board authority over places where but one infant under two years is boarded. The license calls for two or more infants and it is only in such places that the Board can have any knowledge or control.

As reported in previous years the premises of all applicants are first inspected by the Plumbing Inspector who determines whether or not the premises are in a sanitary condition. During the year the Board has given its approval to applications for licenses to board infants or children as follows: St. Johns House for Children, 18 Claremont Avenue; Mary E. Hallice, 45 Teel Street; Georgianna Fouquet, 51 Teel Street; Emma L. Hill, 17 Cottage Avenue; Severius Verrette, 14 Cottage Avenue; Lucy Rourke, 39 Henderson Street.

Inspectors Appointed.

On April 1, 1913, the following appointments were made by the Board, to serve for the year ending March 31, 1914: Plumbing Inspector (under Civil Service), George W. Day; Sanitary Inspector and Fumigator, Charles T. Hartwell; Inspector of Slaughtering and Markets, Dr. W. T. McCarty; Inspector of Milk, Dr. Laurence L. Peirce; Bacteriologist, Dr. Merrill E. Champion.

The Board desires to record its appreciation of the efficient services rendered by these appointees during the past year.

For detailed reports of the various departments see the reports at the end of this report.

LAURENCE L. PEIRCE,
ALFRED H. KNOWLES,
GUY E. SANGER.

Attention is called to the following regulations of the Board of Health and extracts from the Revised Laws:

DISEASES DANGEROUS TO THE PUBLIC HEALTH.

From Regulation of Board of Health.

Section 3. Upon the outside of every house in which there is a person sick with smallpox, diphtheria, membranous croup, measles or scarlet fever shall be placed a suitable placard with the name of the disease. The Board of Health may in special cases permit the placard to be placed upon interior

apartments only. This placard shall not be defaced or removed by any person without authority of the Board of Health.

Sec. 4. No person shall remove or permit to be removed from any house or apartment upon which a placard has been placed, as provided in Section 3, any clothing, books or other property, without a permit from the Board of Health; nor after a house is established as a hospital, under provisions of Chapter 80 of the Public Statutes, shall any occupant of such house take up a residence elsewhere without such permit. No public or circulating library book shall be taken into any house or apartment whereon a placard has been placed, as provided in Section 3, before the authorized removal of said placard. All books, papers, toys and other articles in a room where there is a person sick with scarlet fever or diphtheria which cannot be thoroughly disinfected must be destroyed.

Sec. 5. No person living in a house or interior apartment upon which a placard has been placed, as provided in Section 3, shall attend or visit any school in the Town without a permit from the Board of Health.

Sec. 6. No person who has visited a house in which there was at the time a case of smallpox, diphtheria, membranous croup, or scarlet fever, shall attend school until the expiration of two weeks from such visit.

Sec. 7. Danger of conveying smallpox, diphtheria and scarlet fever shall not be considered to have passed until two weeks have expired after the rooms occupied by a person who has been sick with either of said diseases, and the articles used by him, have been disinfected to the satisfaction of the Board of Health.

Sec. 8. In case of the removal of a child from the house where a person is sick with any of the diseases mentioned in Section 11 of Chapter 496 of the Acts of the year 1898, two weeks must elapse before such child is allowed to attend school.

Sec. 9. No case of diphtheria shall be considered recovered until a negative culture has twice been obtained, at not less than three days' interval, from such patient.

Sec. 10. No case of scarlet fever shall be considered recovered until desquamation is complete on every part of the body.

Sec. 11. No child having chicken pox or mumps shall be allowed to attend any school in this Town.

EXTRACTS FROM THE REVISED LAWS AS AMENDED.

Contagious Diseases.

Chapter 480, Acts of 1907: An act to provide for the compulsory notification and registration of tuberculosis and other diseases dangerous to the Public Health.

Be it enacted, etc., as follows:

Section 1. Sections forty-nine and fifty of Chapter seventy-five of the Revised Laws, as amended by Chapter two hundred and fifty-one of the Acts of the year nineteen hundred and five, and Section fifty-two of said Chapter seventy-five are hereby amended by inserting after the word "disease,"

wherever it may occur in said sections, the words — declared by the State Board of Health to be, — so as to read as follows: Section 49. A householder who knows that a person in his family or house is sick of smallpox, diphtheria, scarlet fever or any other infectious or contagious disease declared by the State Board of Health to be dangerous to the public health shall forthwith give notice thereof to the Board of Health of the city or town in which he dwells. Upon the death, recovery or removal of such person, the householder shall disinfect to the satisfaction of the Board such rooms of his house and articles therein, as, in the opinion of the Board, have been exposed to infection or contagion. Should one or both eyes of an infant become inflamed, swollen and red and show an unnatural discharge at any time within two weeks after its birth, it shall be the duty of the nurse, relative or other attendant having charge of such infant to report in writing within six hours thereafter, to the Board of Health of the city or town in which the parents of the infant reside, the fact that such inflammation, swelling and redness of the eyes and unnatural discharge exist. On receipt of such report, or of notice of the same symptoms given by a physician as provided by the following section, the Board of Health shall take such immediate action as it may deem necessary in order that blindness may be prevented. Whoever violates the provisions of this section shall be punished by a fine of not more than one hundred dollars. Section 50. If a physician knows that a person whom he is called to visit is infected with smallpox, diphtheria, scarlet fever or any other disease declared by the State Board of Health to be dangerous to the public health, or if one or both eyes of an infant whom or whose mother he is called to visit become inflamed, swollen or red, and show an unnatural discharge within two weeks after the birth of such an infant, he shall immediately give notice thereof in writing over his own signature to the Selectmen or Board of Health of the town; and if he refuses or neglects to give such notice, he shall forfeit not less than fifty or more than two hundred dollars for each offense. Section 52. If the Board of Health of a city or town has had notice of a case of smallpox, diphtheria, scarlet fever or any other disease declared by the State Board of Health to be dangerous to the public health therein, it shall within twenty-four hours thereafter give notice thereof to the State Board of Health stating the name and location of the patient so afflicted, and the secretary thereof shall forthwith transmit a copy of such notice to the State Board of Charity.

Sec. 2. This act shall take effect upon its passage. [Approved June 6, 1907.]

Vaccination.

Chap. 75, Sec. 136. A parent or guardian who neglects to cause his child or ward to be vaccinated before the child or ward attains the age of two years, except as provided in section one hundred and thirty-nine, shall forfeit five dollars for every year during which such neglect continues.

Note. Section 139, referred to above, exempts children who present a certificate signed by a registered physician that they are unfit subjects for vaccination. Application for free vaccination by persons who are unable to pay for it may be made to the Clerk or Agent of the Board of Health.

Chap. 75, Sec. 137. The Board of Health of a city or town, if in its opinion it is necessary for the public health or safety, shall require and enforce the vaccination and revaccination of all the inhabitants thereof and shall provide them with the means of free vaccination. Whoever, being over twenty-one years of age and not under guardianship, refuses or neglects to comply with such requirement, shall forfeit five dollars.

VITAL STATISTICS.

Owing to the unusual rate of growth of the Town for the past year, the population is estimated both by the usual arithmetical method from the census figures, and by multiplying the school enrollment by five. The following rates are calculated from both these figures separately.

Population (Estimated):

By the arithmetical method from the census	12,169
By school enrollment	13,000

	From census figures	*From school enrollment*
Crude birth rate	24.0	22.4
Crude death rate	13.1	12.3
Infantile death rate	95.8	

Total number of deaths from all causes, exclusive of still-births	160
Number of still-births	12
Total number of births, exclusive of still-births	292

NOTE. Still-births are excluded from all the above figures.

REPORT OF THE INSPECTOR OF PLUMBING.

ARLINGTON, January 1, 1914.

To the Board of Health, Arlington, Mass.

Gentlemen: I herewith submit my report for the year ending December 31, 1913, as Inspector of Plumbing for the Town of Arlington.

Applications have been received and permits granted for the placing of 1205 new plumbing fixtures classified as follows:

Water closets	281
Sinks	241
Wash trays	204
Bathtubs	233
Lavatories	237
Foot baths	1
Shower baths	6
Pantry sinks	2

Seven (7) permits have also been issued for sewer connections in houses where no additional fixtures were installed.

The daily office hour at the Town Hall has proved of advantage to the plumbers who have availed themselves of it. A system of registration of the master plumbers and a card system of permits have been established and are working out satisfactorily.

Inspections have been made whenever called for by the Board and complaints investigated and reports made.

Respectfully submitted,

GEORGE W. DAY,

Inspector of Plumbing.

REPORT OF INSPECTOR OF SLAUGHTERING.

ARLINGTON, January 15, 1914.

To the Board of Health, Arlington, Mass.

Gentlemen: I herewith submit my report as Inspector of Slaughtering for the year 1913.

Animals inspected according to the B. A. I. rules and regulations.

License to slaughter was granted to Frank Bowman.

Number of calves inspected	1925
Number of pigs inspected	25
Total	1950
Number passed inspection	1925

Number rejected, 25 due to lack of age, weight and diseased condition.

Respectfully submitted,

W. T. McCARTY, V.S.,
Inspector of Slaughtering.

REPORT OF INSPECTOR OF MILK.

ARLINGTON, December 31, 1913.

To the Board of Health, Town of Arlington.

Gentlemen: The following is my report as Inspector of Milk for the year ending December 31, 1913.

I have issued seventy-two licenses to milkmen and stores and have turned over thirty-six dollars ($36) to the collector which I collected for the same.

As near as I can estimate there are about 4700 quarts of milk used daily in the Town, the larger portion of which I am pleased to say is local production, by which I mean produced within ten or fifteen miles of Arlington, and reaches the people as a fresh product. The dairies from which it is produced are continually improving in methods and the general quality of the milk is very good.

Through the kindness and generosity of the donators of the Town Hall, the Misses Robbins, we have for the first time in

the history of the Town an up-to-date laboratory, fully equipped and second to none even to those of large cities. This enables me to do accurate analysis of milk. For the bacteria count of milk I am indebted to Dr. Merrill Champion, and for other assistance which he is always ready to give.

Respectfully yours,

LAURENCE L. PEIRCE, M.D.V.,
Inspector of Milk.

REPORT OF THE FUMIGATOR.

ARLINGTON, MASS., December 31, 1913.

Board of Health:

Gentlemen: I have the honor to submit my report as Fumigator for the year ending December 31, 1913.

Whole number of cases fumigated seventy (70).

Thirty-nine (39) cases of scarlet fever requiring the fumigation of eighty-seven (87) rooms.

Ten (10) cases of diphtheria requiring the fumigation of eighteen (18) rooms.

Nineteen (19) cases of tuberculosis requiring the fumigation of thirty-six (36) rooms.

Two (2) cases of infantile paralysis requiring the fumigation of two (2) rooms.

Halls, stairways, closets and public buildings whenever necessary.

Respectfully submitted,

CHARLES T. HARTWELL,
Fumigator.

REPORT OF SANITARY INSPECTOR.

ARLINGTON, MASS., December 31, 1913.

Board of Health:

Gentlemen: I have the honor to submit my report as Sanitary Inspector for the year ending December 31, 1913.

The work in general pertaining to this office has been about the same as that of previous years.

All complaints have been given consideration and thoroughly investigated.

Where an actual nuisance or unhealthful conditions were found to exist, they have been abated.

Satisfactory adjustments have been made of all complaints.

Respectfully submitted,

CHARLES T. HARTWELL,
Sanitary Inspector.

INSPECTOR OF MARKETS.

ARLINGTON, January 15, 1914.

To the Board of Health, Arlington, Mass.

Gentlemen: I herewith submit to you my report as Inspector of Markets, for the year 1914. Markets inspected and were found to be in a satisfactory condition and where any defects were discovered the owner was notified of same and the conditions remedied.

Respectfully submitted,

W. T. McCARTY, V.S.,
Inspector of Markets.

REPORT OF THE BACTERIOLOGIST.

Board of Health, Arlington, Mass.

Gentlemen: I have the honor to render the first annual report for the new office of Bacteriologist to the Arlington Board of Health. This report covers only the nine months since April 1, 1913, when the office was created. There has been unquestionably a demand for a long time in this Town for the diagnostic facilities which we now can offer. Hope deferred became expectation realized with the coming of our magnificent new Town House. Here through the great kindness and far-seeing generosity of the Misses Robbins, we have a valuable and thoroughly equipped laboratory, sufficient for the needs of the Town for many years. We wish to make our laboratory an important factor in the prevention of disease — and tradition has it that an ounce of prevention is worth a pound of cure.

The work of the laboratory may be divided into two parts: I, The purely diagnostic bacteriological work, and II, The milk inspection work, under the charge of the Milk Inspector, Dr. L. L. Peirce.

Under I comes: (1) Examinations of cultures for the presence of the diphtheria bacillus. (2) Examination of blood from suspected typhoid cases for the Widal reaction. (3) Examination of blood for malarial parasites. (4) Examination of sputum for the bacillus of tuberculosis. (5) Examination of smears from eyes or other sources for gonococci.

The following table shows the number of examinations at this laboratory from April 1, 1913, to December 31, 1913.

	Total	*Pos.*	*Neg.*	*Inconcl.*	*For Diag.*	*For Release*
Diphtheria	72	9	62	1	66	6
Typhoid (Widal test)	24	4	18	2	..	.
Malaria	7	0	7			
Tuberculosis	42	7	35			
For Gonococci	9	1	8			

Respectfully submitted,

MERRILL E. CHAMPION, M.D.,
Bacteriologist.

March 16, 1914.

REPORT OF REGISTRARS OF VOTERS.

ARLINGTON, January 1, 1914.

The Board of Registrars of Voters herewith submit their report for the year ending December 31, 1913.

Sixteen meetings were held by the Board during the year. Of these meetings seven were for the purpose of registering voters and the others for the revision of the voting list and certifying nomination papers.

The total number of registered voters December 31, 1912, was 2249. During the year 187 names were dropped from the list on account of death or removal from Town.

Two hundred and forty-seven (247) names were added at the various meetings as follows:

February 14	6	
February 18	7	
February 21	7	
September 16	29	
October 17	53	
October 22	51	
October 25	94	
Total	——	247

Making the total number of voters December 31, 1913, 2309

Twenty-six names were dropped from the women's list during the year making this list December 31, 1913 92

The list as revised January 1, 1914, is as follows:

Whole number registered		2401
Whole number men	2309	
Whole number women	92	
Total	——	2401

Total number of assessed polls December 31, 1913 3367

Total number of enrolled voters December 31, 1913, as follows:

Republican	897	
Democratic	253	
Progressive	55	
Total enrolled voters	—	1205

Respectfully submitted,

JOHN W. BAILEY,
WINTHROP PATTEE,
EBEN DEWING,
THOMAS J. ROBINSON,
Registrars of Voters.

REPORT OF TOWN PHYSICIAN.

To the Honorable Board of Selectmen.

Gentlemen: I hereby submit a report of the work done by the Town Physician for the year ending April 1, 1914.

Number of house calls	28
Number of office calls	37
Emergency calls at Police Station	12

The number of emergency calls at the Police Station has lessened somewhat, due to the excellent facilities for looking after same at the Symmes Arlington Hospital.

The purchase of a pulmotor, for use in cases of accidental drowning, gas poisoning, electric shock, etc., is a necessity, and should be a part of the equipment of one of the various Town departments.

Respectfully submitted,

CHARLES A. KEEGAN,
Town Physician.

Dedication of
Robbins Memorial Town Hall
June 25, 1913

Robbins Memorial Town Hall

DEDICATION OF ROBBINS MEMORIAL TOWN HALL

By the Town Clerk

At a special Town Meeting held January 8, 1912, the following proposal was made to the Town by the Misses Ida F., Eliza P. and Caira Robbins, as legatees under the will of Winfield Robbins:

Arlington, Mass., January 8, 1912.

To the Town of Arlington:

Our cousin, the late Winfield Robbins, died November 5, 1910. By his will, after providing for the payment of certain legacies, he left all the residue of his estate in trust for his brother, Milton Robbins, for life. He then made the following provision:

"In case that I shall die leaving no issue living and my brother shall have deceased also, I give, devise and bequeath all the property and estate in trust for my brother Milton Robbins, to Ida F. Robbins, Eliza P. Robbins and Caira Robbins, they to take such portion as they may deem necessary to build a Town Hall in the Town of Arlington, Massachusetts, in memory of Amos Robbins, a citizen of New York, born in West Cambridge, the Town of Arlington to remove the Alvin Robbins house from off the present park site."

Mr. Robbins left no children and his brother, Milton Robbins, survived him only a few weeks. Consequently the residue has come to us under the clause we have just quoted.

Owing to the time necessarily required for the settlement of Mr. Robbins' estate, we have not been in a position until now to place before the Town what we desire to do. In order, however, so far as possible to avoid delay, we employed, last spring, a leading architect of Boston, Mr. R. Clipston Sturgis, to prepare plans for a Town Hall.

Mr. Sturgis has prepared such plans with great care, after consultation with the Selectmen and other Town officials as to the present and prospective needs of the Town.

We, therefore, now offer to the Town:

1. To build upon the New Town House Site Lot a stone building, in substantial accordance with the plans prepared by Mr. Sturgis, to contain a Town Hall and offices for the Town business, such building to be in memory of Amos Robbins, the father of Winfield Robbins.

2. To provide this building with all needed furniture beyond what suitable furniture the Town already has on hand.

3. To lay out the grounds about the building with all necessary paths and approaches.

We also desire that there should be a distinctive memorial to Winfield Robbins. We, therefore, propose to lay out a portion of the land as an ornamental park, or garden, to be beautified by flowers, shrubs and basins of water, and especially by a bronze figure, the work of our fellow townsman, Mr. Cyrus E. Dallin. Such a garden has been designed by Mr. Sturgis and Mr. Dallin, and we believe it will be an ornament to the Town and a worthy memorial to Mr. Robbins, who was a lover both of nature and of art.

We think, from the provision in Mr. Robbins' will for the removal of the Alvin Robbins house, that it was his intention that this land should be unoccupied, except for the Town House, and our plans have accordingly been prepared upon this supposition. The use of all this lot will be required for the proper location of the Town House and garden, and we, therefore, make it a condition of our offer that the Alvin Robbins house be removed; that the New Town House Lot be used exclusively for the Town House and garden; and that no other building be erected upon the lot.

We hope that our offer may be accepted and that the Town House and garden may long remain as a memorial to our kinsman, an ornament to the Town, and a benefit to all our fellow citizens.

(Signed) IDA F. ROBBINS,
ELIZA P. ROBBINS,
CAIRA ROBBINS.

Judge Parmenter, representing the legatees, then explained the proposal in detail and called upon Mr. Greeley, representing Mr. Sturgis, to explain to the citizens assembled the pro-

posed plan. This was done by means of large drawings, suspended from a wire over the platform, showing the proposed building from all points of view. Mr. Greeley answered all questions relative to the proposed building and the laying out of the grounds in connection therewith.

The Moderator then submitted the proposal to the citizens. Chairman Herbert W. Rawson, of the Board of Selectmen, then offered the following motions and they were unanimously adopted:

Voted: That the Town accept the proposal of Ida F. Robbins, Eliza P. Robbins and Caira Robbins, for the erection and furnishing of a Town House and the laying out of the grounds and garden in connection therewith, as contained in their letter to the Town, dated January 8, 1912, upon the terms and conditions therein set forth

Voted: That the Town authorize Ida F. Robbins, Eliza P. Robbins and Caira Robbins, their servants and agents, to enter upon the New Town House Lot, so-called, and to erect thereon a Town House, to be a memorial to Amos Robbins; to lay out the grounds about the same, and to lay out an ornamental garden to be a memorial to Winfield Robbins, all to be in substantial accordance with the plans prepared by R. Clipston Sturgis.

Voted: That the Selectmen be authorized to represent the Town in all details connected with the aforesaid work.

On motion of Mr. Rawson the following resolve was unanimously adopted.

Resolved: That the Town place upon its records its feeling of profound respect to the memory of Winfield Robbins. Mr. Robbins during many years enriched the Town with choice and valuable gifts to its library, and now, by the provisions of his will, has made it possible for the Town to enjoy the advantages of a beautiful and commodious public building, which at the same time stands as a monument of filial affection to an honored father. The Town Hall and garden will long keep alive among us the names of Amos and Winfield Robbins, to be held in respect for many generations.

Resolved: That the hearty thanks of the Town be given to the Misses Ida F. Robbins, Eliza P. Robbins and Caira Robbins, for the broad, generous and unselfish manner in which

Hearing Room

they have associated themselves with the accomplishment of Mr. Robbins' wishes.

William A. Muller, in seconding the adoption of the resolutions, earnestly expressed the gratitude and appreciation of the Town for the magnificent gift that had been presented, and predicted that the names of the generous donor, his honored father and the legatees, who so promptly and unselfishly fulfilled their trust, would forever be held in loving and grateful memory by an appreciative people.—*Town Records.*

The Selectmen, as agents of the Town under the above vote, immediately communicated with the Misses Robbins, informing them of the action taken by the Town, and giving to them or their agents the right to enter upon the land purchased and owned by the Town for a Town House for the purposes indicated in the vote. Work was started as soon as the frost was out of the ground, and the work progressed through the year 1912. During the construction numerous conferences were held by the Selectmen and the architect, and some changes were made in the layout of the building. In all these conferences the fact was plainly evident that the desire of the Misses Robbins was to give to the Town a building that would in every way meet the requirements of the Town and still be an ornament to the Town and a monument to their kinsman. As the building progressed and was nearing completion the matter of equipment and furnishing was taken up. Here again the desires of the donors were shown. In every instance the wants of the boards, officials and departments were taken into consideration and whatever seemed necessary to these various officials or boards was furnished. I question whether in the erection of any public building by gift, direct or by legatees, a more liberal spirit has ever been shown than in the erection and equipment of our New Town Hall.

All details having been cared for the time for the Dedication and occupancy of the building was considered. The date of the Dedication and the turning over of the building to the Town was finally set for June 25, 1913.

It was the desire of the Misses Robbins that, on the day of the Dedication, all officials and boards of the Town should be in their offices in the new building, to welcome the citizens and be, in a manner, the reception committee of the Town.

LOBBY

This was done, and all books, documents, papers, furniture, etc., were removed from the old building the week preceding the day set for the Dedication, and on Monday, June 23, every office was opened to the public, and every official and board had everything under their charge properly cared for.

As a preliminary to the Dedication the citizens of the Town, under the able direction of the ladies of the Woman's Club, arranged a public testimonial of the appreciation of the Town for the generous gift of the Town Hall. This testimonial was in the form of a "pageant." All classes of our people, the rich and the poor, every church, every organization and every society was represented. The pageant was given on the shores of Mystic Lake, and was one of the most inspiring scenes ever witnessed in this country. It was indeed a testimonial of appreciation, one that touched the heart of every participant and observer. Truly may it be said after such an expression of appreciation that "There is gratitude even in municipalities."

JUNE 25, 1913.

All arrangements for the Dedication having been made by the Selectmen and a Committee representing the legatees, the programme, as arranged, was carried out as planned, and to the satisfaction of all our citizens.

As I believe *all* our citizens have visited and inspected the new building, a description at this time seems unnecessary. The comment of a visitor from another State seems to fit the case, when he said, after an inspection, "This is indeed the last word in Town Hall construction."

Although the Hall has a seating capacity of about one thousand, the Committee were of the opinion that the Hall could not accommodate all the citizens who might desire to attend. Invitations were, therefore, issued to the Governor, Lieutenant-Governor, Congressman, Senator and Representative, together with the Mayors and Selectmen of the adjoining cities and towns; also, to all present and past Town officials. The remaining space was then thrown open to the public, and it is estimated that fully fifteen hundred people were in attendance during the Dedication exercises.

Selectmen's Room

Preliminary to the Dedication in the Auditorium a very impressive ceremony was performed at the flagstaff, under the direction of Francis Gould Post 36, G. A. R. Here, after a short address by Mr. Charles S. Parker, the flag was unfurled in the presence of a vast number of people, the invited guests occupying chairs on the terrace. After the flag raising the company gathered in the Auditorium, where Teele's Orchestra furnished the music.

Ex-Governor John Q. A. Brackett presided. On the platform with him were Governor Foss, the Misses Robbins, Judge Parmenter, Selectmen Noyes, Rawson and Bitzer, John T. Trowbridge, R. Clipston Sturgis, William G. Peck, Samuel J. Elder, Rev. Samuel C. Bushnell, Rev. Frederic Gill, Cyrus E. Dallin and Waldo Lincoln.

When all were seated Mr. Brackett, President of the Day, called the gathering to order and called upon the Reverend Frederic Gill to offer prayer.

INVOCATION BY REV. FREDERIC GILL.

Rev. Frederic Gill: Let us pray. Almighty and ever-loving God, who art the God of the children as Thou hast been the God of the fathers, in this our hour of joy and gratitude, we invoke Thy blessing. We are grateful for the generosity of the dead and the care of the living that have made this room possible. As we rejoice in the duty of this the Town of our loyalty and love, may we resolve to create in it that beauty which shines in the lives and characters of these people. Here may justice and righteousness and courage and hope prevail, for our Town, our Commonwealth, and our Republic as together we pray, Our Father who art in Heaven, hallowed be Thy name; Thy kingdom come; Thy will be done on earth as it is in Heaven. Give us this day our daily bread and forgive us our trespasses as we forgive those who trespass against us; and lead us not into temptation, but deliver us from evil, for Thine is the kingdom and the power and the glory for ever and ever. Amen.

OPENING ADDRESS, By Ex-Gov. John Q. A. Brackett

(President of the Day).

Mr. Brackett: Fellow citizens of Arlington and honored guests:

The old adage that "republics are ungrateful," based upon the fact that the great benefactors of republics have ofttimes in the past failed to receive from their beneficiaries the gratitude and honor which they deserved, happily does not always apply to municipalities. This is proved by our assembling here today. We are here not only to dedicate this elegant edifice, but also to manifest our grateful appreciation of the munificence of him to whom we are indebted for it and of the generous manner in which his beneficent intentions have been carried out by the trustees under his will.

We cannot overestimate the value of this gift to Arlington. De Tocqueville in his work on "Democracy in America" says: "Local assemblies of citizens constitute the strength of free nations. Town meetings are to liberty what primary schools are to science; they bring it within the people's reach, they teach men how to use and enjoy it."

It is essential to such meetings that the buildings in which they are held shall be of sufficient size to enable all the citizens of the Town to take part in them and thereby exercise their rights as citizens. When in the growth of a prosperous and progressive town, like ours, its population becomes so large that its town hall is no longer adequate for the accommodation of its voters, a new and enlarged one must be built or a city government established. While Arlington now has a population of twelve thousand, the number prescribed by the Constitution for authorizing the establishment of a city government, we do not wish to become a city. We prefer to go on in the old democratic way by which we can act upon our local affairs directly, rather than through the agency of representatives in a city council. In the Town Meeting the system of popular government is exemplified in its simplest and most perfect form. It should be retained by us as long as possible, and this new Hall, ample in its dimensions for enabling all our citizens desiring to do so to attend a Town Meeting or other public assembly therein, will facilitate our retaining it

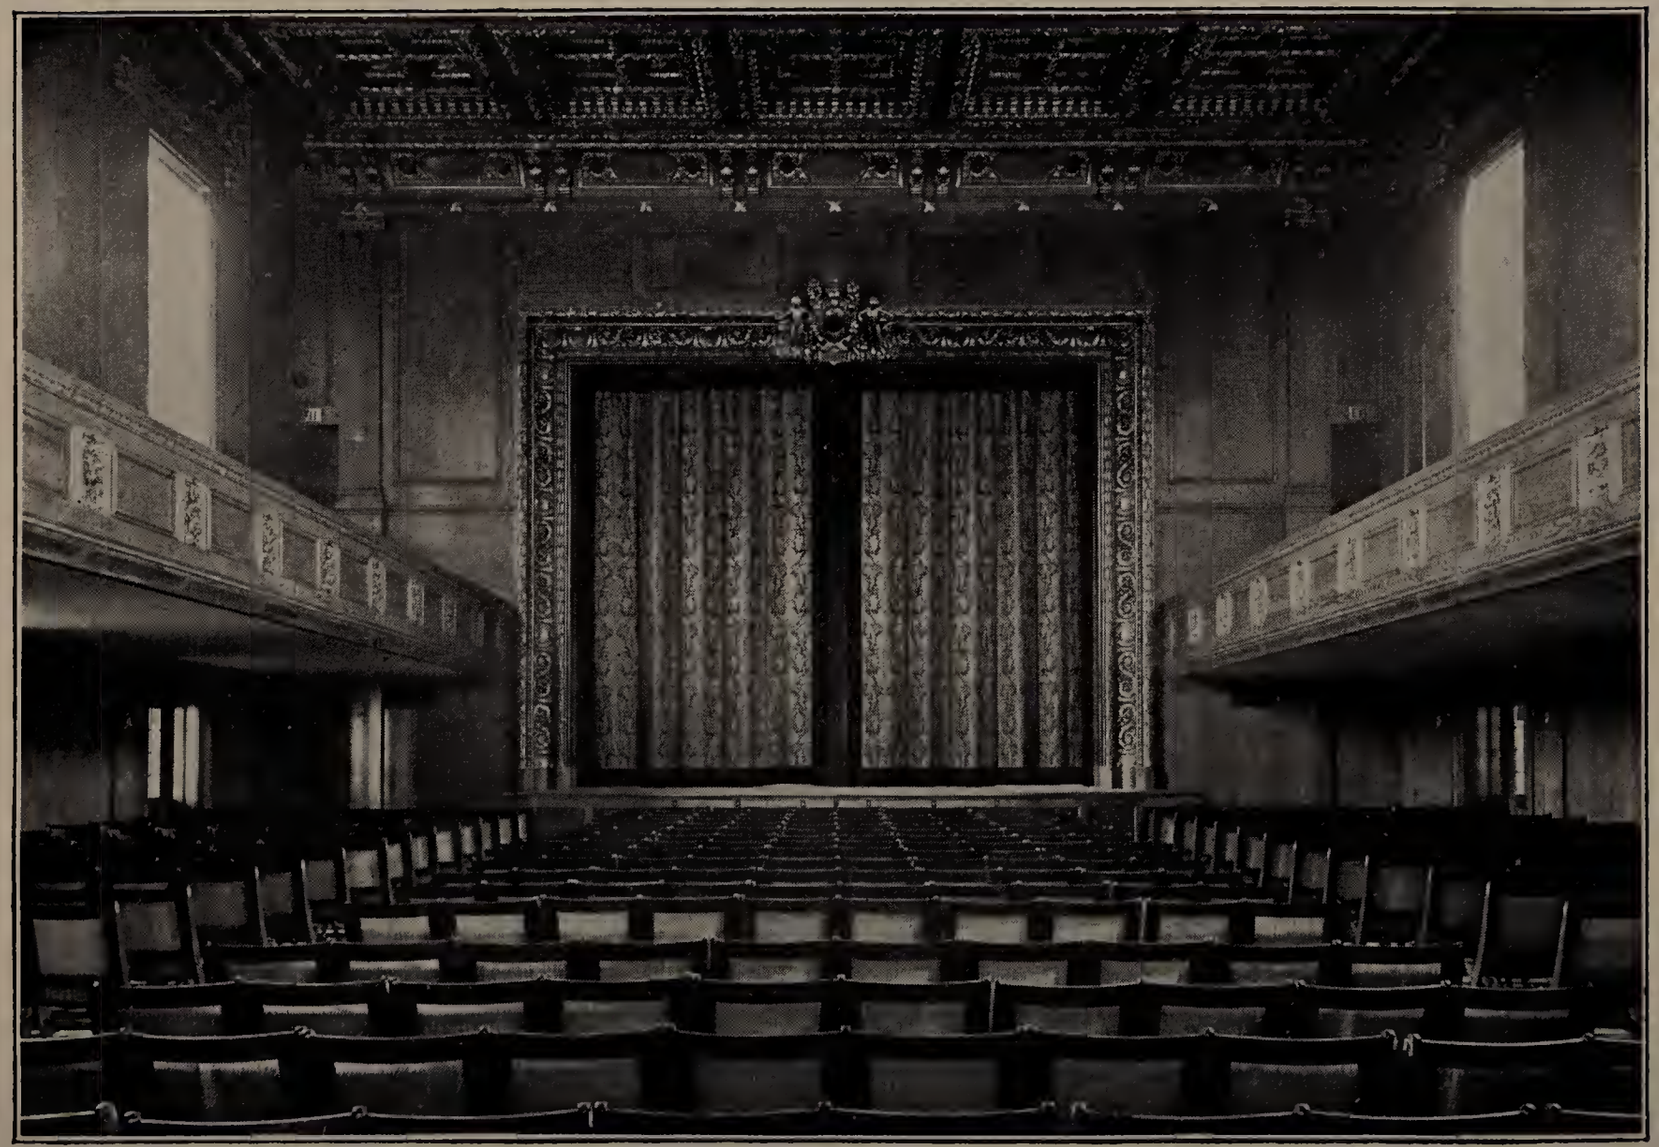
Town Clerk's General Office

for many years. The need of such a building has long been recognized, but with our many municipal expenses we have not felt warranted in incurring the additional expenditure it would require. Just at this juncture comes this legacy from Winfield Robbins, which provides for us what is so much needed without imposing any burden whatever upon our taxpayers. For the benefit thus conferred and for the liberal way in which it has been conferred, we cannot be too profuse in our acknowledgments. The value of a gift depends much upon the spirit in which it is presented. A large gift is sometimes presented in a small way, a small gift in a large way. In this case a large gift has been presented in a large way. While Mr. Robbins by his will provided the means for the erection of the building, the amount to be expended therefor was left to the discretion of the Misses Robbins, his trustees and legatees. It is unnecessary for me in the presence of an Arlington audience to refer to the free-hearted, broad-minded, enthusiastic manner in which this work has been carried on by them. It has been a work of love and devotion on their part. Had they been building a mansion for their own personal occupancy and enjoyment they could not have shown a greater interest in making it complete, convenient, magnificent, and in every way adapted to the purposes for which it was designed. Not only has the cost of constructing and furnishing the building been paid by them out of the funds entrusted to them by the testator, but the entire expense of this dedication has been borne by them, so that neither the building, its furniture, nor its dedication will cost the Town anything.

Not only is this gift of great material benefit to the Town, but it is exerting a moral influence as well. The example of public spirit which it affords is uplifting and inspiring. Public spirit and patriotism are kindred virtues. The former is to the community what the latter is to the country. It is a quality in which some men, otherwise estimable citizens, are sadly lacking. Such men are somewhat like the immigrant who was advised to become naturalized in order that he might enjoy the rights and privileges of an American citizen. Asking what would be required of him and being told that among other things he would have to swear to support the Constitution, he replied disconsolately, "Then I cannot be naturalized,

for I cannot undertake to support the Constitution,— I have all I can do to support myself." So men often feel that in the struggle for maintaining themselves and their families they have no time left to devote to the public. To them and to all others as well this donation is instructive and impressive. The devotion to the public welfare of the Town which it signifies has awakened a new interest in civic affairs among us. This was demonstrated by the Pageant, which was the beautiful prelude to this Dedication and which was devised and carried on in a manner so creditable to all concerned. I was about to say that our citizens of all classes took part in it, but I will not put it that way for I always dislike by any form of words to imply that there is such a thing as the existence of class distinctions in a town like ours. Let me rather express the idea by saying that our people, regardless of differences in race, religion, party, birth, wealth, or condition in life, heartily and enthusiastically joined in it and thereby both manifested and strengthened that sentiment of fraternity and civic unity which conduces so much to the welfare of every community where it prevails. The prominent part taken in the Pageant by the women of Arlington is worthy of special mention. The idea of undertaking it originated with that representative organization, the Arlington Woman's Club, and was carried out largely under its auspices. The author of the Pageant, who in her work displayed so comprehensive and intimate a knowledge of historic and mythologic events and characters and so happy a faculty for combining them, is an Arlington woman. The part thus taken by the women of Arlington was peculiarly appropriate, inasmuch as the three trustees who have erected this building, one of whom, a past president of our Woman's Club, will today formally transfer it to the Town, are all Arlington women. No citizen of Arlington could view the superb spectacle without a feeling of local pride that his Town contained the cultured, efficient and public-spirited women and men who were capable of designing it and making it the grand success it was.

This is not only a public, but is a patriotic occasion as well. The service rendered today by the veterans of our Grand Army Post in raising, as a part of these dedicatory exercises, the flag under which and for which they risked their lives in "the



THE HALL

times that tried men's souls" half a century ago, recalls the past, and in reviewing it we are reminded that during the current year occurs the semi-centennial of the battle of Gettysburg, fought in July, 1863, and also the like anniversary of Lincoln's immortal Gettysburg speech, delivered in November of that year at the dedication of the burial ground of the patriots who died for their country upon that historic battlefield. In that speech he uttered these words which, oft repeated and familiar as they are, I may be pardoned for repeating here as they seem to me to be capable of an application to such an occasion as this and to set forth the duty which every dedication should impress upon those taking part in it. Referring to the soldiers who fell he said:

"The world will little note nor long remember what we say here, but it cannot forget what they did here. It is for us, the living, rather to be dedicated here to the unfinished work that they who fought here have thus far so nobly advanced. It is rather for us to be here dedicated to the great task remaining before us; that from these honored dead we take increased devotion to the cause for which they here gave the last full measure of devotion; that we here highly resolve that the dead shall not have died in vain; that the nation shall, under God, have a new birth of freedom; and that government of the people, by the people and for the people shall not perish from the earth."

That speech was made when the nation was confronting the dangers of war. But as it is said that "peace hath her victories no less than war" so peace has her dangers no less than war. The questions which they involve are ultimately to be settled, not by bullets, as in war, but by ballots cast in the voting places of the nation such as this in which we are assembled today. Hence it seems to me that one of the lessons of the hour may be stated by this adaptation of those patriotic words of the great President: that it is for us as good citizens to be here dedicated to the task of contributing, to the extent of our ability and opportunity, both as voters and in every other way, to the cause of safeguarding against the perils which menace it in the present the precious possession for which Lincoln pleaded in the past, "Government of the people, by the people and for the people."

INTRODUCTION OF THE GOVERNOR.

In introducing Governor Foss, Mr. Brackett said: "In meeting as we do upon this June day it is interesting to remember that three other important events in our municipal history have also occurred in the month of June. In that month, in 1807, the act incorporating the Town of West Cambridge took effect. Sixty years later, in June, 1867, was held the memorable celebration of the change of name from West Cambridge to Arlington. Again, in June, 1907, the like memorable celebration of the centennial of the incorporation of the Town took place. At both of these celebrations the Commonwealth was officially represented, at the first by Governor Bullock, and at the second by Governor Guild. Upon this second occasion it was my privilege to introduce Governor Guild; and today it is a like privilege to introduce Governor Foss, who honors us with his presence, and whom we all honor not only as the chief magistrate of the Commonwealth, but as a man, for the ability, progressiveness, intelligence, independence and loyalty to his convictions which have characterized his administration of the duties of the high position which he holds.

I now have the pleasure of presenting His Excellency Governor Foss.

ADDRESS OF GOVERNOR EUGENE N. FOSS.

Mr. Chairman and Ladies and Gentlemen: It is indeed a great pleasure to come over here today and join with you in the Dedication of this magnificent building, a pleasure to bring the greetings of the Commonwealth to the citizens of Arlington upon this occasion. Arlington has no need of a magnificent building like this to attest its interest in public affairs. The State has turned to Arlington in the past for some of its distinguished servants, and the gentleman who has introduced me here today has honored the State as its chief executive. I am also reminded that Arlington is the home of more than one justice of the courts and a short time ago when Boston needed a new justice, I came to Arlington for that young man. So I say Arlington has distinguished herself by contributing to the State her distinguished sons.

I think it was John Ruskin who said that public buildings of this character ought to be contributed by public-spirited citizens; and I think that was so to a much greater extent than it is done at the present time. I have been impressed myself in my short service in public life with the fact that the State was doing more than it should do for the good of its citizens in certain directions, that we were taking the responsibility and the privilege, if you please, from individual citizens, from

One of the Memorial Fountains

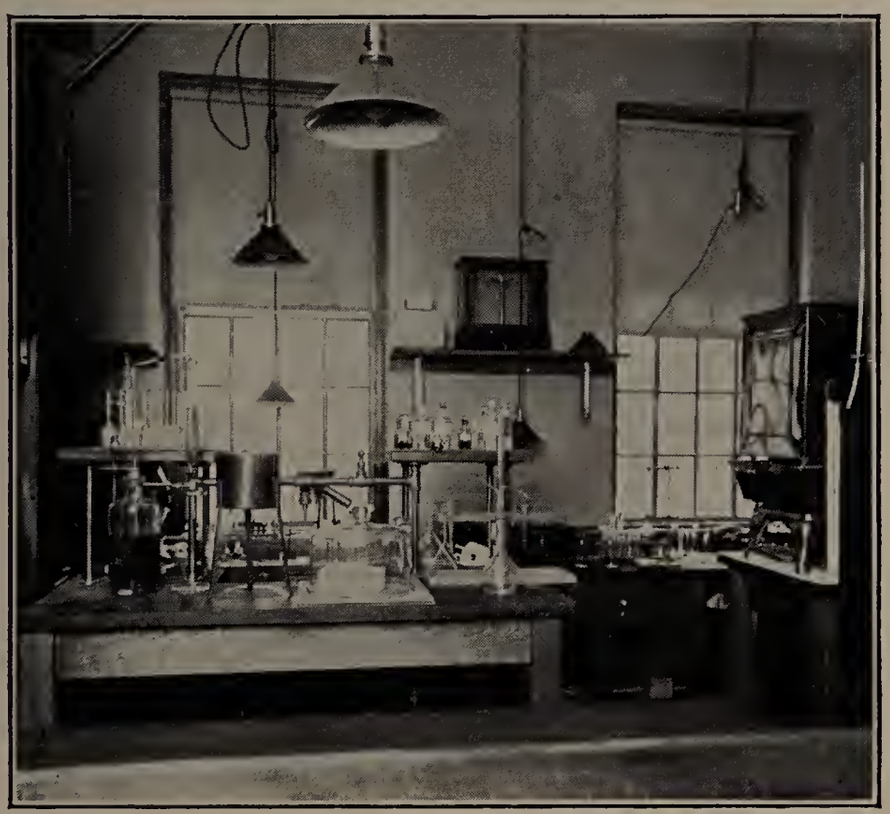
groups of citizens, from towns and municipalities of contributing to the public good, not alone in constructing these public buildings like this one which you are dedicating here today, but in the care of the unfortunate citizens of the State, that the State was reaching out to take charge of every individual. How much better it would be if the citizen as an individual

could fill that responsibility and care for that individual, or for a group of individuals in the giving to helpless charges public buildings of this sort. I think that the State, as I said, is perhaps going further than it safely could in this direction by exercising that paternal care which it is doing in a great many directions.

One of the Marble Vases

I am not here today to make any speech, as I said at the outset, I am simply here to bring you the greetings of the State. This is truly a magnificent building, wonderfully equipped for its purposes. I have been by here frequently during the course of its construction, and have had occasion

to inquire what this magnificent building was to be used for; but I did not know until I reached here today who the architect was, and when I made that discovery I was reminded that it was twenty-nine years ago this month when I first saw and spoke with Clipston Sturgis on the way to England; and I don't believe I have ever seen him to know him or to speak with him from that day until this, but of course we have known of him for his works throughout the State and throughout the United States; and I want to congratulate him upon this magnificent building, as well as the citizens of the Town in having this magnificent gift which they are dedicating here today. I thank you, gentlemen.



The Laboratory

Mr. Brackett: It was expected and hoped that we were to have this gathering today graced by the presence both of His Excellency the Governor and of his Honor the Lieutenant Governor. I conveyed to the latter several weeks ago an invitation to be here, which he very cordially accepted, expressing the gratification it would give him to be present; but today an important engagement has detained him, and I have received the following telegram from him:

"Regret exceedingly I cannot be with you today. Please extend my congratulations to the people of Arlington upon the magnificent gift that becomes theirs today through the generosity of a public-spirited citizen.

DAVID I. WALSH,
Fitchburg, Mass."

STAGE SCENERY

Following selections by the orchestra, the President presented Miss Ida F. Robbins of the legatees and Mr. Frank V. Noyes, Chairman of the Board of Selectmen of Arlington.

PRESENTATION OF ROBBINS MEMORIAL TOWN HALL.

MR. BRACKETT: At the Pageant a model of this new Town Hall was presented to the incorporated Town impersonated by a woman of Arlington. Today this model Town Hall itself will be presented to the Town by a woman of Arlington, to whom and to our profound obligations to whom as one of the donors of this splendid gift I referred in my opening remarks. It now gives me especial pleasure to present Miss Robbins, who in behalf of herself and her sisters and co-trustees will deliver the keys of the building, and also Mr. Noyes, the

efficient and popular Chairman of our Board of Selectmen, who will accept them in behalf of the Town, this delivery and acceptance signifying the transfer of the building from the trustees who have erected and equipped it to the Town which is to possess and enjoy it; Miss Robbins and Mr. Noyes.

Stage Scenery

MISS IDA F. ROBBINS.

Chairman of the Board of Selectmen of the Town of Arlington: It is the privilege of my sisters and myself to pass over to you this afternoon the key to the new Town Hall, the gift of our cousin, Winfield Robbins, in memory of his father, Amos Robbins.

We hope that the new building will in every way answer the various purposes for which it is intended, and that our townspeople will take a just pride in its care and maintenance, and in that of the garden adjoining, which has been established in grateful remembrance of Winfield Robbins.

Mr. Chairman, it is our desire to acknowledge here our debt to the architect, to whose judgment and taste the beauty, solidity and convenience of this building are due; and to express our thanks to the many workmen for whose labor we have only

words of praise. We would also thank the townspeople and the officers of the Town for their courtesy and consideration.

ACCEPTANCE OF GIFT.

By Frank V. Noyes, Chairman Board of Selectmen.

As Chairman of the Board of Selectmen of the Town of Arlington, and as a servant of its citizens, it is my great and honored privilege at this time to be the humble spokesman of all the people. No words of mine can give proper expression to the deep and sincere appreciation of this beautiful gift, so nobly conceived and fittingly bestowed by you, the legatees under the will of your cousin, Mr. Winfield Robbins, in memory of your uncle, Mr. Amos Robbins.

As we survey this beautiful building, we are impressed with its careful planning, serving so perfectly the executive and administrative requirements of our Town; the generosity of its furnishings and equipment throughout for safety, health and convenience, and the broad and liberal interpretation of the will by the legatees, again causes us to turn to you with sincere thanksgiving and silent admiration.

Assembled here in this magnificent Auditorium, with its reminders all about us of lavish expenditure, care, thought and finished study of the artistic, with its beautiful exterior and fine gardens adjacent, we are inspired by the word "character" written in every line of this fair structure.

Character, that greatest, best and noblest attribute of the human race; character, without which no great movement of reform ever succeeds, no business or commercial enterprise can long endure, and without which we cannot have a just form of government by the people; and if we do not keep constantly as our watchword "character," we retrogress and our physical and moral safety is jeopardized. Mr. Winfield Robbins, the donor of this our beautiful municipal home, was a man of character, always quiet and unassuming in his tastes, yet always mindful of the welfare of others and therefore splendidly unselfish, and though he has passed on, there remains to us this beautiful monument in loving memory of Mr. Winfield Robbins and Mr. Amos Robbins.

And now, let us not trust to human effort alone, but ac-

knowledge the power and goodness of Almighty God who presides over us all and is the great giver of character, and may his blessing rest upon our labors, and may loyalty, co-operation and courage for the right, which have formed the basis of our great Republic, so impress us at this time that we shall grow and expand along the paths of righteousness, so that it may truly be said that we are indeed worthy of this great gift.

Mr. Brackett: Miss Robbins has appreciatively referred to the work of the architect by saying that to his judgment and taste the beauty, solidity and convenience of this building are due. In view of his services thus appropriately acknowledged and his high standing in his profession, to which Governor Foss has alluded, I know that you will be glad to see and hear him today, and I now have the pleasure of presenting the architect of this beautiful building, R. Clipston Sturgis.

REMARKS OF R. CLIPSTON STURGIS.

Mr. President, Ladies and Gentlemen: I am not going to speak to you as architect of this building, but I am going to explain in the first place that I am here under false pretences, that I am not one of the invited speakers for this occasion, but that I especially requested that I should be allowed to say a few words to you people of Arlington, to tell you just one or two things that I believe I know better than anybody else. I want to tell you about the very unusual, the very perfect, the very beautiful service that has been given to the Town by the three who have administered this trust.

Probably all of you know that it is a very difficult thing to satisfy an owner. Architects know this. In this particular case there were two owners, he who had left the money for this Town Hall, and who was but a memory, whose wishes could be referred to only by memory, and that composite personality here, the Town, with its officers, its committees, its individuals, all of whom were to be satisfied in some way or another.

Architecture is distinctly a matter of compromise. You cannot get all that you want, and no owner is ever satisfied; and here there were two owners to be satisfied; and these

ladies stepped into the breach, to see that those two owners were satisfied. I am going to give you just two examples out of an innumerable list, to show just how they met any particular proposition that came up to them. When this building was first given to me to design there was a certain definite, limited sum, and I designed a building in red brick with white marble, in a way suitable, simple in line, in Colonial style, but they remembered and realized that their cousin did not care very much for red brick, and wanted to know how much more it would cost to execute it in stone. I told them and they said, "Then it will be stone." Not the slightest hesitation. That is an example. On another occasion we learned when the building was pretty well toward completion, that in a Town Hall like this they ought to have a laboratory, which had not been provided for. It was a very costly thing to put in. However there was no hesitation, not the slightest; it was installed at once, just as complete and as perfect as we could make it.

Now, that is characteristic of their attitude through all, an absolute disregard of self, and an absolute singleness of purpose; and, not being content with that, to make the gift perfect and complete, they looked around to see what other things they could find to give the Town. So they gave the memorial out in the grounds, Mr. Dallin's beautiful figure which you will see presently, in its sylvan setting. They gave those two marble fountains in memory of Miss Caroline Robbins and Miss Caira Robbins, the namesake of our own Miss Caira here. And then not having yet found everything that they wanted to give, they gave the flagpole, with its marble and bronze base, which by and by will be completed and beautified with Mr. Dallin's figures.

And that is why I wanted to speak to you, just to say from my point of view, who have seen this thing grow step by step, that you had a very unusual group of sisters who have handled this work for you; and I hope the Town of Arlington will never forget the debt of gratitude which it owes to them, for their thought, for their consideration, for their devotedness.

After selections by the orchestra, the President presented Hon. Samuel J. Elder of Winchester, orator of the day, as follows:

Mr. Brackett: When the question came up as to who should be invited to deliver the oration upon this occasion, we pleasantly remembered that many years ago when Winchester and Arlington constituted a legislative district, a young man from the former town at one time represented the district, and represented it with such ability that his constituents would gladly have availed themselves of his continued services as their representative; but he preferred not to remain in official life, but to devote his time and talents to the practice of his profession, which he has done with such success that he has attained the very front rank among the lawyers of the land. This was notably attested by his appointment by the President three years ago as one of the counsel to represent the United States before the Hague Tribunal upon the question between this country and Great Britain relating to the fisheries; and there he won his country's case, as he usually wins his clients' cases in court.

Aware of his achievements as legislator, lawyer and orator, we felt that no better selection could be made for orator of the day than that of the Hon. Samuel J. Elder, whom I now have the pleasure of presenting.

ORATION BY HON. SAMUEL J. ELDER.

Mr. President, Ladies and Gentlemen: I observe upon the programme of the day that the words to be spoken by our distinguished fellow townsman who has just so kindly introduced me, and whom we formerly honored as we do now as the chief executive of the old Commonwealth of Massachusetts, are described as an opening address; and I notice also that the words of His Excellency the Governor are described as an address; and I also notice that the words of his Honor the Lieutenant-Governor, whose presence we so sadly miss, are described as an address; and then the brilliant words of the architect of this building, the delightful and charming tribute which he has paid to the donors, are described as remarks; and coming further down upon the list, I notice that those words which are to be spoken by your ever-beloved townsman, beloved not merely by you and beloved by us, but beloved by everybody through three generations of American citizens,

are described also as remarks; while the words which I am to speak are described as an oration. Well, I want to relieve your minds at once on the subject of the oration. It is a good deal as the boy said when he was asked for the core who said, "There ain't going to be no core." Arlington does not need an oration.

Entrance to Board of Public Works Offices

Looking back, I find that you six years ago celebrated the centennial of the incorporation of the Town, and on that date an historical address was pronounced before you. Certainly for another century, ninety-four years at least, you will not require another oration of an historical character. I do not mean that I heard that one, I give it the meed of praise that I am certain it so rightly deserved. I notice also that you have for three days been preparing the presentation of this delightful

building, so I must say to you as Mark Antony said to them in the forum, "I am no orator as Brutus is."

I am coming as a neighbor and well-nigh fellow townsman to celebrate with you the opening of this Town Hall. I am delighted to have the opportunity to do so, for we in Winchester feel that we are pretty near fellow townsmen of yours, and we have good reason to. Why, one of the first recollections I have about Winchester is having pointed out to me that great stone wall that ran from the upper Mystic up to Church Street, what was formerly known as Hufmaster's Lane, and being told that that stone wall was the ancient boundary of Menotomy, so that about one-third of the township had already been in Menotomy, now Arlington. We used to be told of one of our former citizens, now passed away, who lived in an old house now passed away also, as old houses and old citizens are apt to do, who by residing in that same house all the time lived in four townships. Edward Everett, living in that same house, must have lived, as far as I can ascertain, in at least three towns, and he never changed his residence at all. He lived in Charlestown and he lived in West Cambridge and he lived in Winchester, and he would have lived in Arlington if you had changed your name seventeen years earlier than you did. So that we claim, and if I may be pardoned for saying it, I myself lived on territory just across the boundary line, one of those invisible lines that you cannot make out on the map, just across the line in what was formerly the territory of what is now Arlington. In speaking of myself again, if you will pardon me, the two towns were parts for many years of the same representative district, and I had the great honor as a young man, a resident of Winchester, of serving as its and your representative in the House of Representatives of the Legislature, and sitting, I won't say under the shadow, it was not under the shadow but under the brilliancy of your fellow townsman, then Speaker of the Massachusetts House of Representatives. I could not very well call myself his right-hand man at that time, because I sat on his left hand then, as I have been sitting on his left hand here; but I was under his direction and under his dominating force, as well as under his encouragement then as now.

That is not all the relationship between the two towns. The

territory occupied by each of us at the present time was formerly under the same Queen, before the days of the Commonwealth, before the days of the Colony, before the days of the King, this territory was all ruled by the same Queen. I doubt very much if any of you remember her name, or could pronounce it if you did remember. I cannot do the latter, and therefore I will avoid the effort to do so; but here was her home, her last residence was on that hill overlooking the shore where your magnificent Pageant was displayed only a few weeks ago. Turning from the shore and looking up the hill, you might have seen the site of the last home of the Squa-Sachem who ruled this entire territory, if we may believe some of the old Colonial records. In one of those records is a plea to the old Colonial governor by other tribes of Indians for protection against the Squa-Sachem, the dominating character which then ruled this territory. The teeming lake over yonder furnished her people with abundant food both summer and winter; they wandered over these hills and forests with no suspicion whatever of coming town lines, and their women toiled in the fields as our women, we must not say women, as our ladies do not, for they toil not, we hope, neither do they spin; and their Medicine Man, as the story goes, raised every herb that was known to grow in northern latitudes for the healing of his people, right by the shore of the little brook that runs through the Winchester golf grounds into your Lake and our Lake.

I have been introduced as a lawyer, not as a lawyer pure and simple, as Judge Hart once introduced Causten Brown; after a large number of judges and jurists had spoken, Judge Hart said, "And now, having listened to these words of wisdom and these authorities on jurisprudence, I have the pleasure of introducing to you a lawyer pure and simple, Causten Brown." I have wondered, however, as a lawyer, whether I could not go upon the witness stand at East Cambridge or anywhere else, and testify that I knew that that Medicine Man had his last wigwam about fifty yards from the second tee on our golf grounds; because you know under our law tradition may be proved by any one to whom it has come down in legitimate course, and so I say to you, that standing upon the land — that is essential, you see, in tradition — standing upon the

land Stephen Langley, then the owner of the land, told me that his grandfather, standing on the land, and being the then owner of it, told him that his grandfather, then the owner of the land and standing upon it, told him that the cutting in the north bank, just a little back from the brook, by its crystal waters, was the last home of the Medicine Man of Squa-Sachem, built into that cutting, protected from the north winds by the north bank above it. I am not going to ask you to pass upon that question of law at this time, I am merely identifying the place where the brook is.

How difficult it is to place ourselves back over the years which have intervened when there were no roads or trolleys or shops or mills or churches or schools; when the scream of the steam whistle, and the gong of the trolley, and the honk of the motor horn were unknown in the land; when the stillness was broken only by the wild goose or the cry of the fox or the bark of the wolf. The genius of the sculptor has caught the genius of the place. In the midst of the stress and strain of modern living, near the school and the library and the Town House, close by the crowded road he has placed the perfect figure of the kneeling master of the hills. The son of the forest is not worrying much about books or schools or Town affairs, or politics or philosophies or home or foreign missions. Athletic rank and contest do not excite him, the evening paper will not bring him the result of the race or game or standing of the local club. He has no aspiration to serve his people on the hill in Boston or on the banks of the Potomac. He will make no swift flight across the continent nor across the sea. He stoops beside the fountain and raises the cooling water to his lips, his lithe figure, perfect in its pose, and forever restful in its still strength, links the present to the past. The hand of the sculptor tells us the story and the bronze will forever speak to us and those who come after us. Thorvaldsen gave to Lucerne the figure of the dying lion, and immortalized in stone the valor of the Swiss guard. Dallin has given to Arlington and to the world a living figure which portrays an epoch in history and a departed race.

You are bringing to a close the ceremonies of Dedication which began three weeks ago. They have indeed been most signal and significant; rarely has a building been dedicated

to the uses of the public with so much of brilliancy and beauty. You have not been content with formal service of Dedication, with the presentation and acceptance of the keys of the edifice, with the words of the architect and the poet, with the presence and speech of the highest officers of the Commonwealth, but have brought into your service the pomp and pageantry of the past. As one recalls the brilliant kaleidoscope of color on the shores of the Mystic and seeks apt words for its description he is brought to the silence of Mulvaney in "Soldiers Three" who could only wet his lips, make a few inarticulate sounds and then succumb to a gorgeous memory.

You remember that a facile writer in attempting to describe the World's Fair at Chicago two decades since, said that he was in the hopeless position of the early New Zealanders who, being taught figures, could never get beyond eighty-four. If anything was in the hundreds or thousands or millions they said it was eighty-four. And so of your ever to be remembered Pageant. It runs into the tens of thousands, but paucity of speech brings to our lips nothing but eighty-four. We shall always fancy as we look down to the Lake and its shores nymphs and the naiads, the heralds and the graces, the flower maidens and the procession of the hours, the coming and going of the seasons, the sweep of the winds, Ceres and the tragedy of Proserpine, the flowering of the seed and the harvest dancers. The Lake and shore can never again be mere Lake and shore, but will always resound with music, be instinct with beauty and be peopled with the figures of a fabled past. There will always march before our eyes the history of our own bygone days; the Norsemen will sweep across the Lake and Columbus will discover the New World; the *Mayflower* will thread its way into the harbor and the Pilgrims devoutly land upon the shore. Squa-Sachem and her chiefs, the Puritans and their austerity, will stand before us; Paul Revere will make again his midnight ride; the Minute Men will gather on the green; the old men of Menotomy will seize the supply train and the redcoats will be swept back along the road. Lafayette will come again in a rickety coach; the old Town will be reincorporated before our eyes; the dark days of the Civil War will come and Arlington will again pour out its full quota to the preservation of the country. The present

will be linked with the past, and the children's blood will warm and their cheeks flush at the deeds of the fathers. It has indeed been a signal celebration and as red-letter days will linger in the history of the Town.

Arlington has much occasion for pride as well as gratitude in the reception of this gift. It does not come from outside hands. It is not a cold and studied benefaction. It comes from the warm hearts of ones who have been nurtured on its soil; it is a gift of love, gratitude and affection.

More than a century and a quarter ago Nathan Robbins became a settler in the Second Parish of Cambridge. His wife, too, was a descendant of one of the first settlers. Nathan Robbins, their son, lived where his father and mother had lived, and throughout a long, laborious life was a citizen of West Cambridge. His brothers, Amos and Eli, though living and doing their life work in the metropolis of the country, never forgot the Town of their birth. The widow of one has given to the Town the magnificent library which marks the eastern boundary of this civic square, and now Winfield Robbins presents to the Town this house for the Town's life and activities. Born in New York, college bred, widely traveled, a man of many lands and languages; scholar and citizen of the world, he was no stranger to the home of his forebears. "The salt, unplumbed, estranging seas" never estranged him. In his later years the instinct of home brought him back to the old Town and made it the object of his benefactions. To his taste and judgment are largely due the serene dignity and many of the treasures of the library yonder, and now to his generosity the Town owes this magnificent gift.

With modesty which well becomes him, he dedicates it to the memory of his father, and with wisdom he leaves to his kinswomen, life-long residents of the Town, the final word as to the form and structure of the memorial. Well was his confidence placed. Though by the terms of his will much or little of his fortune might have been devoted to the gift, they, with free hand, have placed all at the disposal of the Town. To them, and to the artist in stone whom they have selected, you owe the grace and dignity of this building. They tender it here today with no reserves and no conditions. It is a noble gift, nobly given, and the Town in accepting it pledges it-

self anew to the privileges which underlie New England life. It pledges itself and the generations yet to come to the industry and fair dealing which marked the lives of the givers and made the gift possible. It pledges itself to the ideals of government which the Town house and the Town meeting of New England have always typified; to liberty which is not license, to the self-denying ordinance which subordinates the individual to the common weal; to obedience to law and constituted authority; to that justice for all which prohibits privilege to the few; to that charity and justice and sound judgment which must ever find their source and wellspring in the faith, devotion and religion of the fathers.

It was my fortune recently to visit the Eternal City for the first time. Standing on the Capitoline Hill, I looked through the Forum and down the Sacred Way. Close at hand were the Temples of Saturn and Vespasian, the Rostrum and the Arch of Severus, the Temples of Castor and Augustus, the Arch of Titus, the Home of the Vestals, and towering over all were the palaces of the Cæsars. The scene marked the climax of pagan civilization. In the distance stood the massive and magnificent ruins of the Coliseum where the populace by the tens of thousands gloated over the blood and death of men and of beasts. Rome was mistress of the world. It brought to the imperial city the wealth and treasures of every land. Its buildings and its monuments were the work of slaves. This was its civic center. It proudly said that it sat upon its seven hills and ruled the world; that to be a citizen of Rome was nobler than to be a king.

Thence to a New England town, the way is long in time and space. Here is your civic center. Here is your forum. Church and library and school and Town House are your monuments. They are not the work of slaves, but the gifts of generous and devoted sons and daughters. Your rule is that of justice and of right. Past these monuments sweeps not the Via Sacra, but the road made sacred by the lives and blood and fortitude of your fathers.

How marvelously the world has changed! Honest toil has taken the place of pillage; charity the place of cruelty. Debate has taken the place of force; equality of men the place of serf

and noble; study the place of surfeited indolence, and law the place of despotism.

Into this heritage of liberty under law we have come; liberty which is ours without alarm from the cradle to the grave, and under law which we ourselves impose. A monument to that liberty and to that law which comes nearest to us in our daily lives is the edifice in which we are assembled. It stands for the New England town meeting. It has come down to us unmutilated and secure from the earliest days. Within its walls the humblest citizen is secured a hearing. No despot silences its deliberations or thwarts its decisions. It has furnished the model for Commonwealths and States and for the Republic itself. Such is the edifice which you dedicate today; not merely a structure of mortar and of stone, useful and beautiful as it is, but a monument to three centuries of self-restrained democracy, a temple of assurance for the centuries yet to come.

Mr. Brackett: This is a gathering of neighbors, and one of its most pleasing features is the neighborly spirit pervading it. The same spirit guided those who made the preparations for the Dedication. For our oratory we called upon our neighbor from Winchester who has so eloquently responded to the call. For our poetry, we called upon our neighbor from Arlington whose works have given him so high a place in the literary world and in whose long and noble career we take a just and natural pride because he is one of us. While he was invited to write and read an original poem for the occasion, the option was given him to respond either in poetry or in prose, for we knew that his response in either form would be inspiring.

I now have the pleasure of presenting our venerable and venerated fellow citizen, John Townsend Trowbridge.

REMARKS OF JOHN T. TROWBRIDGE.

Fellow Citizens, Friends and Welcome Guests:

I was honored with an invitation to prepare something in the way of verse for this event; and a few mornings since, with my mind open to impressions,— listening to the twitter of birds and pondering what I should write,— I wandered about

the newly graded grounds and looked up at the edifice we dedicate today.

"It is itself a poem!" I said, contemplating the quiet beauty of it, in its setting of slope and lawn and shrubbery, garden, fountain and statuary; fancying the flagstaff figures in place and the bronze Indian unveiled. And the vision expanded before me of future generations entering these doors, occupying the offices, thronging the Auditorium; bent on business, civic service, social affairs, entertainment; men and women too, I believe — here casting their ballots for law-givers, governors, presidents.

How reflect that vision in fitting verse? Even while considering it, my thoughts outflew the limits of rhyme and rhythm and touched the fuller significance of such a bequest to the Town. It stands here, an emblem of what is noblest and best in human life. It is a silent, solid answer to those doubting philosophers who — like the eminent English naturalist, Wallace, in a recent book — argue that civilized society is retrograding, its wrongs and evils growing more and more rampant and unrestrained. Evidences of this we indeed admit and deplore; the ruthlessness of competition; fraud and corruption in politics and affairs, officers of the law in partnership with crime; the pitiful conflicts between capital and labor, appalling contrasts between idle luxury and heart-sickening want; mob outrages, lockouts, dynamiting, anarchists lurking to destroy what they cannot control; militant suffragettes grotesquely advocating their fitness for making the laws by senselessly breaking them (happily not yet on this side of the sea!) and, most monstrous folly of all, so-called Christian nations taxing their resources, impoverishing the people, to maintain fleets and armies, menacing each other with huge and huger battleships and more satanic life-annihilating devices, — converting even the innocent flying machine into an engine for dropping warlike explosives!

It is all mad and sad and bad enough; and it sometimes seems as if our modern progress were indeed an illusion, like that of the lost Arctic voyagers, tramping hopefully toward warmer waters and brighter skies, only to find that the field of ice they traversed was drifting still faster under them, bearing them back to polar cold and darkness.

But our civilization is not drifting backward! Ours is an

age of real and amazing advancement not in wealth and wonderful inventions only. Surely there was never so much mutual helpfulness and good will in the world as there is today. Even the nations weary of competing in the hideous game of warlike menace, and are already, I believe, at the dawn of an era of arbitration and peace, the glory of which many of you here — perhaps even I — may live to see!

Everywhere we are cheered by signs of a broadening and brightening beneficence; humanitarian activities, endowments of hospitals, libraries, galleries of art, institutions of learning and research, agencies for promoting peace, justice, health, the happiness and enlightenment of mankind.

Such is the shining import of this munificent gift to the Town, — this model Hall, so altogether admirable in plan, finish, furnishings and adaptation to manifold uses.

Arlington is fortunate in being the recipient of such bequests. There is the well-appointed Symmes Hospital on yonder hill. Here, the beautiful Robbins Library just across the lawn; and now these newly completed walls so fitly neighboring those, and uniting with them to commemorate a name forever associated with the history of the Town; the name of a family native to it, that from humble origins rose through perfect probity and prosperous enterprise to become its benefactors; now graciously represented by the three sisters, who have in so many ways endeared themselves to it and won its gratitude and admiration; who, in executing the trust of that generous, unassuming gentleman — their cousin, Winfield Robbins, — have given their minds and hearts, time, thought and enthusiastic purpose, to the perfection of this palace of the people, this monument of peace and good will.

Mr. Brackett: This building, as you are aware, was intended by Mr. Robbins as a memorial to his father, Amos Robbins, but it will ever stand as a memorial to both father and son. The Misses Robbins, feeling that there should be from them a special memorial to Winfield Robbins himself, have to that end laid out the beautiful garden adjoining the Hall, with its fountain and rippling stream and the artistic statue of the Indian hunter. At the close of the exercises in the Hall the statue will be unveiled, with appropriate cere-

monies, and you are all requested immediately after the benediction to pass from the Hall to the garden where these ceremonies will take place.

The benediction will now be given by the Rev. Mr. Bushnell.

BENEDICTION BY REV. SAMUEL C. BUSHNELL.

Almighty God, all beneficent Father, we the grateful people here assembled rejoice once more to be reminded that the good which a man does lives after him in human influence, survives its first and formal expression, and the lives of men repeat themselves in the years to come. We rejoice in the gift not only of an individual, but of the family, and we pray that there may be crystalized in our hearts and lives today all the fine feelings and emotions that have been stirred on this occasion, and that the after life of those here may be stronger and finer and better because of these services and ceremonies today; and now may the greatest mercy and peace from the infinite God, the Eternal Creator, Father and Friend of us all, abide with and bless us forever more. Amen.

The gathering then passed to the grounds where the exercises of the unveiling of the statue took place.

UNVEILING OF THE STATUE.

By Master Lawrence Dallin.

Mr. Brackett: Ladies and Gentlemen: The statue of Menotomy will now be unveiled by young Mr. Dallin, the son of the sculptor, Cyrus E. Dallin.

Mr. Brackett: In presenting our esteemed fellow citizen, Mr. Trowbridge, in the Hall a few minutes ago, I referred to the pride we people of Arlington felt in having as a citizen a man of his standing in the field of literature; it also adds to our pride that we have as a neighbor a man of like high standing in the field of art, whose latest work has just been unveiled by his son.

I have now the pleasure of presenting the sculptor, our friend and neighbor, Cyrus E. Dallin.

REMARKS BY THE SCULPTOR.

Cyrus E. Dallin.

Friends, the unveiling of this memorial fountain this afternoon provides me with an opportunity of paying homage to the memory of Mr. Winfield Robbins, whose gift to the Town of Arlington, the magnificent new Town Hall, has just been so impressively dedicated. It also provides an opportunity of expressing due appreciation and recognition of the part the Red Man played in our early history.

The peculiar fitness of this memorial lies in the fact that the Indian is linked with the early history of our Town, and

"Menotomy"

also in the fact that Mr. Robbins' poetic and imaginative mind especially delighted in this phase of my work, and I shall never forget the kindly and sympathetic interest he always showed in my Indian statues.

Therefore, when the project for a memorial to him was suggested, knowing that he would never approve of the erection

of an effigy of himself, the fitness of an Indian subject occurred to me. Happily, the suggestion met with the approval of the Misses Robbins, whose broad artistic culture enabled them to realize the value and influence of ideal sculpture.

Thus the historic significance and poetic associations of the Indian with Arlington provided me with a longed-for opportunity to embody in plastic form the picturesqueness and charm of the life of this child of the forests before the white man came to disturb him in his haunts.

In writing on "Sculpture in America" some years ago, I used the following expressions: "The statues and monuments that adorn our cities and towns should have a twofold purpose — not only should they be memorials to brave men and brave deeds, but they should ornament and beautify our public squares, stimulating thereby the imagination and the love of beauty in all beholders." The erection of this memorial has given me an opportunity to express, however inadequately, my artistic convictions.

Unquestionably, the average portrait statue in America is a cold horror, and is no more to be considered as a work of art than a piece of carpentry. The question arises, why is it that we, who are such an eminently practical people, insist on erecting effigies which have little or no artistic value, whereas the same money if expended for works of the imagination would bring a rich return in joy and inspiration. It is a marvel to me that although the Indian is perhaps the finest and noblest specimen of primitive man, American sculptors have had so few opportunities to immortalize him, notwithstanding the great debt our forefathers here in New England owed to him. Yet New England is pitiably poor in works of art that suggest the Indian tales and romances with which our early history teems, or that portray the fine Indian characters that once freely roamed where we now dwell.

That noble Indian who boldly walked among the Pilgrims with his "Welcome Englishmen" rises before my mind now, as the embodiment of all that constitutes the finest flowers of romance. Samoset, as one pious and fervent Pilgrim exclaimed, was one sent by God. Certainly, he was a godsend, as he taught them how to plant the corn, where to fish and all the wiles and art of woodcraft. Today, no man knows where his

lonely grave lies, and he simply lives in the pages of history as "Samoset, the friend of the White Man."

Back of Samoset looms largely the kingly figure of Massasoit, who with the faith of a simple child of nature made that notable first treaty of peace with the Pilgrims, which was kept inviolate as long as he lived. Yet how few of us realize that because of this treaty the Plymouth Colony for more than half a century was left absolutely free to grow and develop without fear of the lurking savage, as so many historians love to call the Indian.

The contrast between the past and present was most strikingly brought to my mind the other day when I made a pilgrimage to the house of the last lineal descendants of this mighty chief — three aged sisters — the last of the race. Once Massasoit, proud chief of a free people, was the undisputed possessor of fertile fields and vast hunting grounds; now these aged women eke out a scant living from the little farm of about twelve acres, the last remnant of six hundred acres which was the original holding.

Here on the shores of a little lake near Plymouth is being enacted the last scene in the great tragedy — the passing of the Red Man — and I cannot express how profoundly the realization of this moved me.

Artistically, I feel that to the Indian I owe my first glimpse into the great work of art. It was his beautifully decorated costumes and his noble bearing that first awakened my imagination to the charm of the picturesque. I shall never forget with what joy I used to follow the Indians about and study with eager curiosity every detail of their dress.

The other day, as I sat by the shores of the Mystic Lakes, I saw the pages of history unroll before me, the representation of the sale of the land in Menotomy by the Squa-Sachem perfectly typical of the dealings of the White Man with the Indian.

For little more than a handful of gold, a coat to be given annually, and a few strings of wampum, all the lands which compose the Town of Arlington passed into the possession of the White Man and history says that the Squa-Sachem was even obliged to bring suit in court to secure the payment of the annual coat.

In closing, let me speak of the great historic crime that was perpetrated when the White Man, not content with getting possession of the lands of Menotomy for a mere paltry sum, also filched its good name. "He who steals my purse steals trash, but he that filches from me my good name, robs me of that which not enriches him, and makes me poor indeed."

One of the Iron Gates

In the name of poetic association, in the name of historic significance and in the name of the vanished people who loved this beautiful spot, I call upon you, our townspeople, to right this wrong. The name of Arlington is not more beautiful than Menotomy, nor has it any association or meaning for us. Besides there are many Arlingtons scattered all over our country, while the name Menotomy is ours alone, sanctified by poetic traditions and the inalienable right of possession.

The public, instinctively, by the law of association, and I might also add, with poetic justice, have named this erection of my fancy "Menotomy." I willingly accept the name they have bestowed upon it, trusting that it may have some influence in causing the name of Menotomy to be restored to our beautiful Town.

Mr. Brackett: Three years ago the Legislature of Massachusetts as an indication of the State's interest in the artistic as well as the utilitarian, established the Massachusetts Art Commission, the duty of which is to act in an advisory capacity relative to all works of art of the Commonwealth and to the artistic character of its public buildings. While it is no part of its duty to express an opinion on works of art not belonging to the Commonwealth, it was deemed desirable to call the attention of so high an authority on art matters to the statue which has just been unveiled, and in response to the invitation of the Misses Robbins, the chairman of that commission, the descendant of one of the early Governors of Massachusetts, and who in his own life has proved that he is worthy of his distinguished ancestry, honors us with his presence today; and I have the pleasure of presenting to you Waldo Lincoln, Chairman of the Massachusetts Art Commission.

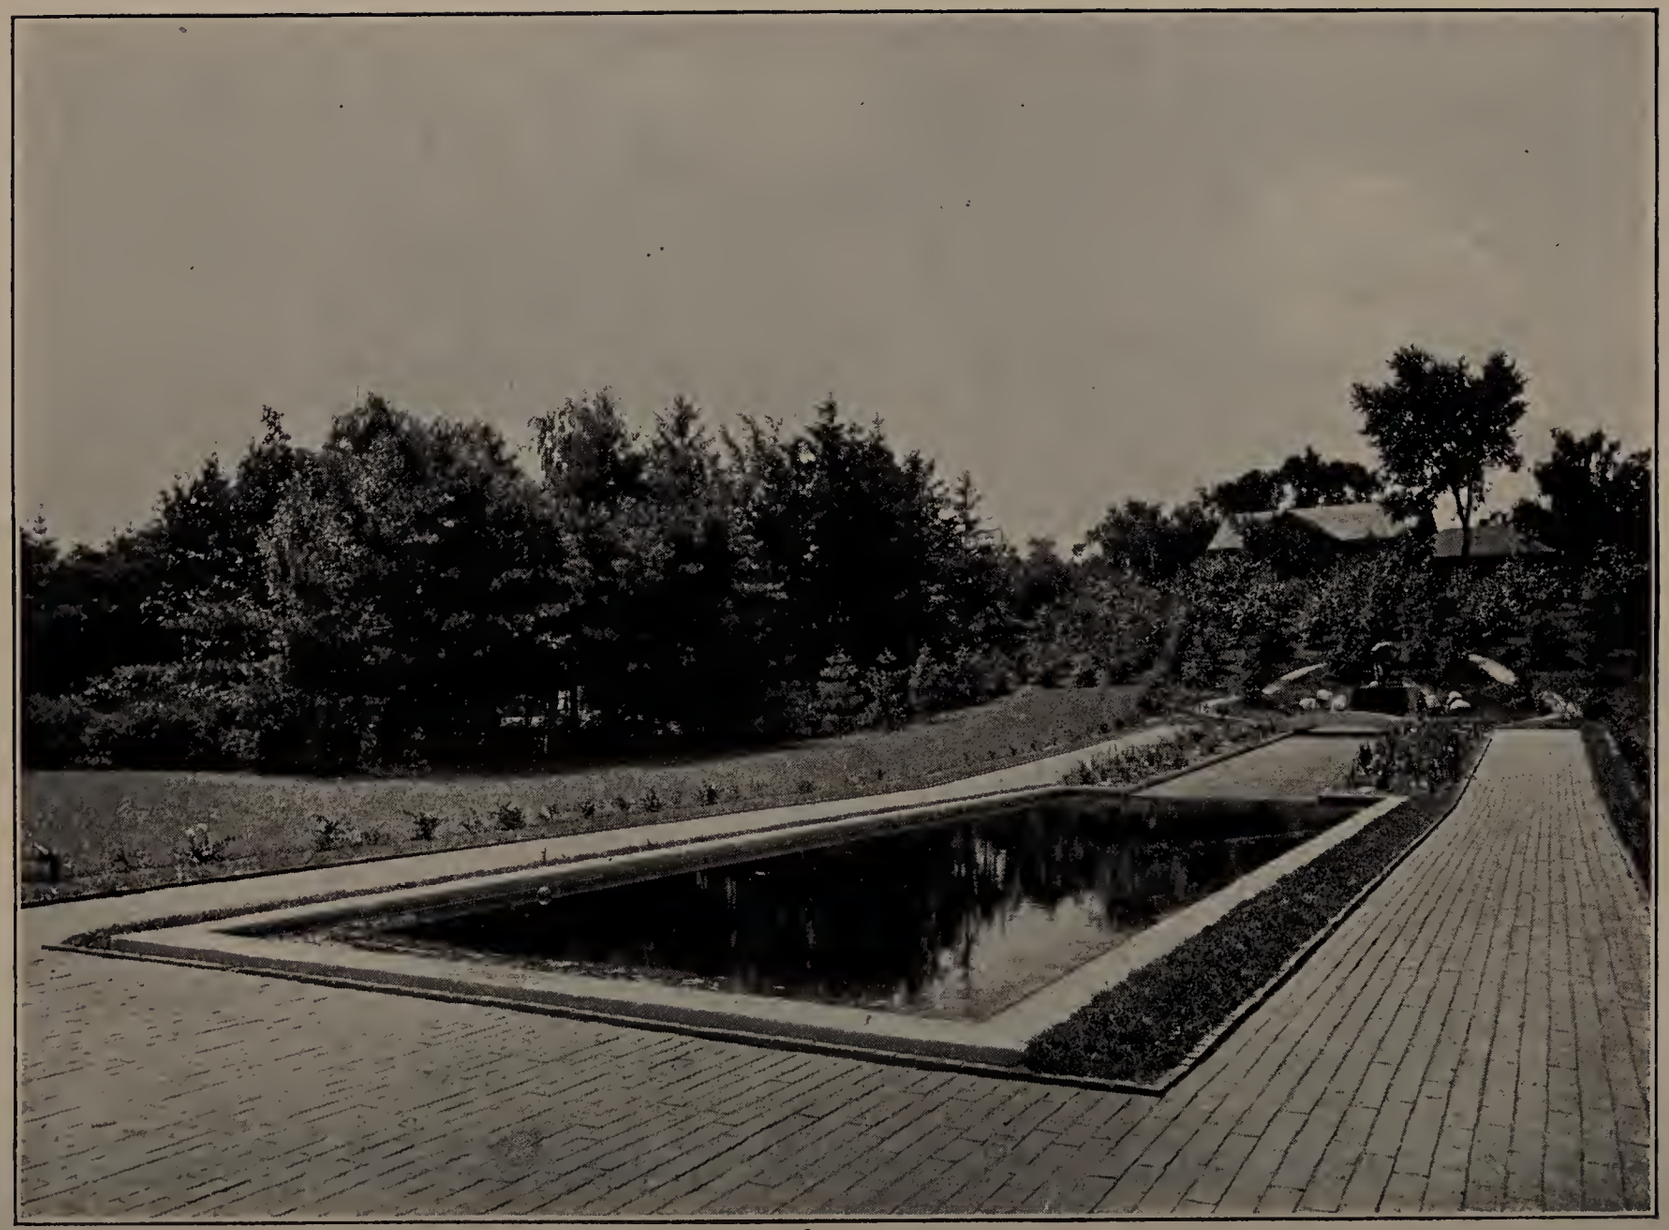
ADDRESS OF WALDO LINCOLN

Chairman of Massachusetts Art Commission.

Ladies and Gentlemen:

"A thing of beauty is a joy forever," and I might appropriately stop right there, for in that quotation, trite though it is, lies really the whole lesson to be learned from this exquisite fountain.

We Americans have been and still are in too great a hurry to develop the natural resources of the country, to expand its industries, to extend its cities and to get rich quickly; and in the resulting prosperity we sometimes fail to see how very unattractive our too rapidly growing towns and cities have become. Their mushroom growth has destroyed once beautiful suburbs and, where formerly lovely lawns and gardens and shade trees pleased the eye and made a foil for architecture



The Large Pool in the Memorial Garden

not always in itself attractive, now often nothing is to be found but rows of closely crowded houses on unfinished streets, amid untidy surroundings of unimproved land and frequently interspersed with the unspeakable three-decker, that apotheosis of commercialism for which, I am told, my own city is primarily responsible. The suburbs of our larger towns and cities can no more, as once, be shown with pride to the beauty-seeking visitor. Even when the unsightly midden is not too evident, there is little in a newly built up district to attract a discriminating eye or please a cultivated taste. But if this too rapid growth has resulted in the destruction of much that was beautiful it has brought some compensations, in that it has encouraged the establishment of public parks, and by the wealth it has created it is causing, through public and private munificence, a gradual but noticeable improvement in the more central squares and buildings, a concrete evidence of which is now before us.

American cities and towns have not in the past lacked public-spirited citizens, eager to offer money or land in furtherance of making their native or adopted homes more attractive, but the importance of cultivating the artistic and the beautiful in public buildings and monuments has been too frequently overlooked. There is no better asset for a town than the possession of buildings, or sculpture, or paintings, which by their beauty will attract the traveler, as many a town in Europe and Asia offers proof.

What if the soldiers' monuments, so universally erected since the Civil War, possessed the merit of artistic beauty in design, surroundings and location, instead of being as is often the case the epitome of the commonplace! What if our public halls, too often filled with worthless caricatures of leading citizens, were in themselves attractive and adorned with portraits by America's best artists! Imagine the land filled with halls as fine as this you have dedicated today; with pictures by our best portrait painters; with gems of art, like the charming figure before us, erected to the memory of those patriots whose devotion to country we love to commemorate! What a pilgrimage of joy a journey through our country towns would be!

But the possession of beautiful things brings its obligations.

They have a lesson for all, but that lesson must be studied and if it is not learned then the beautiful things will do little good. *Noblesse oblige* applies as well to communities as to individuals. We must live up to our possessions and to prove ourselves worthy of beautiful things we must treat them with respect, and see that they are not marred by unworthy surroundings, by untidiness and neglect.

American cities have yet to learn that neatness is the handmaid of beauty, and that nothing so detracts from the appearance of a town as streets, alleys and parks littered with paper and debris. This Indian hunter drinking at the stream may have other lessons to teach, but if your children as they pass this fountain on their way to yonder school shall learn to love its beauty, and loving that shall learn to hate all untidiness and vandalism which tends to destroy that beauty, the givers of these monuments will indeed be benefactors and will have won a rich reward.

The services at the statue and fountain were closed by the singing by the audience of "America."

The offices in the building were, during the exercises in the Auditorium and in the grounds, open for inspection by the public. The officials were in their offices to welcome the people and to show the quarters and equipment assigned to them.

The various offices had been supplied by thoughtful friends and citizens with flowers in honor of the occasion — and the thanks of the officials are due to these citizens.

Following the closing of the ceremonies in the garden the invited guests returned to the Auditorium where refreshments were served by Caterer Hardy. Here the citizens, many of them old in years and service to the Town, had the opportunity to meet and congratulate each other and the Town on being the recipient of such a magnificent gift. In the hearts of the people of our Town, as they returned to their homes, the names of Amos Robbins and Winfield Robbins, father and son, together with the names of Ida F., Eliza P. and Caira Robbins, the legatees, will be forever honored and revered as the greatest benefactors of the Town.

REPORT OF THE ASSESSORS

TAX LIST

OF THE

PERSONAL AND REAL ESTATE

OF THE

TOWN OF ARLINGTON

FOR THE

YEAR 1913

RATE - - - $22.60 ON $1000

Population of Arlington, 1910 ..... 11,187 1900 8,603

OMAR W. WHITTEMORE
LEANDER D. BRADLEY
JAMES M. MEAD
} *Assessors of Arlington*

Arlington, April 1, 1913.

ASSESSORS' REPORT.

The Assessors of Arlington desire to call the attention of the citizens of the Town to the rapid increase in the expenses of the Town. Comparing the year 1906 with 1913, the Town grant in 1906 was $169,571, in 1913 $286,260, an increase of more than 68 per cent, whereas the increase in valuation is only 43 per cent, and the increase in the number of tax payers is only 30 per cent.

In addition to the tax of $22.60, it is also well to remember that there are other taxes to be added to this, such as poll, sewer, betterment, water, street watering, bank and corporation, gypsy moth, etc., amounting to over $70,000.

Believing that it would be of interest to know how each $22.60 is spent the following list is appended:

	1912	*1913*	*Increase*
Value of buildings	$7,326,450.00	$8,145,610.00	$819,160.00
Value of land	4,905,349.00	4,927,722.00	22,373.00
Value of personal	1,748,750.00	1,695,878.00	*52,872.00
Total valuation	$13,980,549.00	$14,769,210.00	$788,661.00
Tax Rate	$20.80	$22.60	
State Tax	18,875.00	28,880.00	$10,005.00
Metropolitan Sewer Tax	11,166.80	14,547.74	3,380.94
Metropolitan Park Tax	6,914.95	7,532.80	617.85
Metropolitan Water Tax	18,996.13	20,491.56	1,495.43
